INTRODUCTION TO THE PUBLIC ACCOUNTS OF CANADA

Nature of the Public Accounts of Canada

The Public Accounts of Canada is the report of the Government of Canada prepared each fiscal year by the Receiver General as required by section 64 of the Financial Administration Act.

The report covers the fiscal year of the Government, which ends on March 31, and is prepared from data contained in the accounts of Canada and from more detailed records maintained in departments and agencies. The accounts of Canada is the centralized record of the Government's financial transactions maintained by the Receiver General in which the transactions of all departments and agencies are summarized. Each department and agencies are summarized. Each department and agency is responsible for reconciling its accounts to the control accounts of the Receiver General, and for maintaining detailed records of the transactions in their accounts.

The report covers the financial transactions of the Government during the year. In certain cases, parliamentary authority to undertake transactions was provided by legislation approved in earlier years.

Format of the Public Accounts of Canada

The Public Accounts of Canada is produced in two volumes. Volume I presents a summary analysis of the financial transactions of the Government.

Volume II is published in two parts. Part I presents the financial operations of the Government, segregated by ministry while Part II presents additional information and analyses.

Part I is designed to reflect as closely as possible the form and content of Part II of the Main

Estimates. Certain tables and statements in **Part I** display the source and disposition of spending authorities. The level of details provided for the source and disposition of authorities is explained below:

Source of Authorities

- Available from previous years
- Spending authorities allowed to be brought forward from the previous year. Includes only those authorities where there is a specified dollar limit on total spending, or on the accumulated outstanding balance of items where revenues and receipts are available for spending. Usually these items are either revolving funds or loans. These amounts are available for spending without further approval from Parliament.
- Main and Supplementary Estimates Include:
- spending authorities requested in Main and Supplementary Estimates;
- forecasts included in Main and Supplementary Estimates of spending under authorities granted in various other statutes including Appropriation Acts of previous years.
- Adjustments and transfers Include:
- transfers from or to other ministries such as Treasury Board Votes 5, 10 and 15 or changes in ministry responsibility;

- transfers within the ministry from one vote to another (under Parliamentary authority), or between transfer payments;
- changes to statutory amounts due to adjustments of spending forecasts included in Main and Supplementary Estimates, due to cancellation or amendment to statutes or due to adjustments of Crown corporations borrowing authorities;
- amounts of previous years' overexpenditures paid or settled in the current year.
- Total available for use
 Authorities available for spending during the
 current year (net of forecasted revenues and
 receipts available for spending).

• Disposition of Authorities

- Used in the current year
- Amounts spent in the current year (net of actual revenues and receipts available for spending).
- Lapsed (variance under)
- Unused spending authorities which cannot be carried forward to a subsequent year.
- Overexpended (variance over)
 Excess of spending over authorities granted.
- Available for use in subsequent years
 Unused spending authorities which have not
 lapsed and which are carried forward to a
 subsequent year.
- Used in the previous year
- Amounts spent in the previous year (net of actual revenues and receipts available for spending). For authorities or transfer pay-

ments that no longer exist in the current year, the related total net expenditures of the previous year are reported as a single amount in line with the notation "Appropriations (items) not required for the current year".

The content of Part I is summarized as follows:

(a) Summary Tables (Section 1)

Section 1 includes the following tables which provide summaries of the financial operations contained in the ministerial sections:

- Table 1 presents the revenues and expenditures on both a gross and net basis
- Table 2 presents expenditures by type for each ministry
- Table 2a reconciles Table 2 with Table 1
- Fable 2b presents details by ministry of the other transfer payments
- Table 2c presents details of the other program expenditures of other ministries
- Table 3 presents expenditures by standard object for each ministry
- Table 3a reconciles Table 3 with Table 1
- Table 4
 presents revenues by main classification for each ministry
- Fable 4a reconciles Table 4 with Table 1
- Table 5 presents the source and disposition of budgetary authorities by ministry
- Table 6 presents the source and disposition of non-budgetary authorities by ministry
- Table 7 presents the source and disposition of budgetary and non-budgetary authorities by ministry and by type of authority (voted and statutory)

Section I also includes, as appendices, the full wording of all authorities granted in current year Appropriation Acts, of all authorities granted by statutes other than Appropriation Acts, of all nonlapsing authorities granted/repealed in the current year, of all authorities available from previous years, and of all authorities for the spending of proceeds from the disposal of surplus Crown assets.

(b) Ministerial Sections (Sections 2 to 24)

There is one section for each ministry. The programs for the departments and agencies for which a Minister is responsible to Parliament are grouped together to provide a total ministry presentation. Each ministerial section provides a statement of program objectives and activity descriptions. Each ministerial section also includes, where applicable, a uniform set of statements to present each ministry's financial operations. These statements are:

- Ministry Summary
- This statement displays by program the source and disposition of each budgetary and non-budgetary authority granted by Parliament in Appropriation Acts and other statutes.
- Programs by Activity
- This statement displays by program the total authorities available for use and the authorities used in the current year for each activity under each type of expenditure (operating, capital, transfer payments and non-budgetary).
- Transfer Payments

This statement displays by program the source and disposition of authorities for each transfer payment.

- Details of Respendable Amounts
- This statement displays by program the nature of revenues and receipts which increase the amounts which may be spent from appropriations having net voting authority.
 - Revenues
- This statement displays by program the nature of revenues under each main classification of revenues.

The statements in the ministerial sections are designed so that the relevant totals and sub-totals may be traced directly to a preceeding statement and then to the Summary Tables in Section 1. In this way:

- data in the Transfer Payments statement can
 be traced to the Programs by Activity statement which can in turn be traced to the
 Ministry Summary (of source and disposition of authorities) statement. Data in the
 Ministry Summary statement can be traced to
 the Summary Tables (Tables 5, 6 and 7) in
 Section 1.
- data in the Details of Respendable Amounts statement can be traced to the Programs by Activity statement and also to Summary Table 3 in Section 1.
- data in the Revenues statement can be traced to Summary Table 4 in Section 1.

Statement of Revenues and Expenditures

Table 1 presents revenues and expenditures on both a gross and net basis. The expenditures incorporate the net effect of changes in accounting policies described in Note 2 in Section 1 of Volume I of the Public Accounts of Canada. In addition, detailed information is provided in Volume I, Section 3 of the Public Accounts of Canada.

TABLE 2

Ministerial Expenditures by Type

Table 2 presents the net expenditures by type for each ministry. The "Total expenditures" column presents the total net expenditures reported for each ministry in the ministerial sections of this volume. Table 2a reconciles total net ministerial expenditures with external expenditures reported on both a gross and net basis in Table 1 of this section and in the Statement of Revenues, Expenditures and Accumulated Deficit in Section 1 of Volume I.

Note: If no amount is shown, either it is less than \$500 or no expenditures were reported.

Tingleds the guaranteed income supplement and the spouse's allowance.

Transfer payments for employment insurance benefits and child tax benefits are reported in Table 2a.

Amounts reported in this column are generally in agreement with amounts shown as transfer payments in Table 3. Any difference is due to rounding of amounts.

Recapitulation of External Expenditures by Type(1)

Table 2a reconciles total net ministerial expenditures (Table 2) with external expenditures reported on both a gross and net basis in Table 1 of this section and in the Statement of Revenues, Expenditures and Accumulated Deficit in Section 1 of Volume 1. The reconciling items include the expenditures of the consolidated specified purpose accounts, revenues netted against expenditures, the expenditures of the consolidated Crown corporations, and the elimination of internal expenditures. The difference between gross and net expenditures is expenditures, tax credits and repayments, and revenues netted against expenditures. (in thousands of dollars)

Note: If no amount is shown, either it is less than \$500 or no expenditures were reported.

(1) The expenditures incorporate the net effect of changes in accounting policies described in Note 2 in Section 1 of Volume 1 of the Public Accounts of Canada.

(2) Details of other transfer payments are presented in Table 2b.

(3) Details of other program expenditures of other ministries are presented in Table 2c.

(4) Represents deferred revenues of \$11,880 and accrued revenues of \$194,059.

Or The expenditures incorporate the net effect of changes in accounting policies described in Note 2 in Section 1 of Volume I of the Public Accounts of Canada.	than \$500 or no expected of changes in acco	nditures were r unting policies	eported. described in Not	e 2 in Sectior	1 of Volume I o	f the Public Ac	counts of Canada.				

SUMMARY TABLES 1.11

Ministerial Expenditures by Standard Object

is revenues netted against expenditures. The standard object presentation of expenditures is related to the goods and services acquired, and transfer payments made by the Government. The "Total gross expenditures" column represents the total of expenditures charged to standard objects 1 to 12 inclusively. The "Total net expenditures" column represents the result of total gross expenditures less total revenues netted against expenditures. The Table 3 presents expenditures by standard object for each ministry on both a gross and net basis. The difference between gross and net expenditures "Total net expenditures" column discloses the total expenditures reported for each ministry in the ministerial sections of this volume. Table 3a reconciles total net ministerial expenditures with external expenditures reported on both a gross and net basis in Table 1 of this section and in the Statement of Revenues, Expenditures and Accumulated Deficit in Section 1 of Volume 1.

TABLE 3a

Recapitulation of External Expenditures by Standard Object

Table 3a reconciles total net ministerial expenditures (Table 3) with external expenditures reported on both a gross and net basis in Table 1 of this section and in the Statement of Revenues, Expenditures and Accumulated Deficit in Section 1 of Volume I. The reconciling items include the expenditures of the consolidated specified purpose accounts, revenues netted against expenditures, the provision for valuation and other items, the expenditures of the consolidated Crown corporations, the tax credits and repayments, and the elimination of internal expenditures and internal revenues netted against expenditures.

Total Paperline Revenues Formula Formula Paperline P	To minis expen		Consolidated	Revenues	for					Internal

Ministerial Revenues by Main Classification

Table 4 presents revenues by main classification for each ministry on both a gross and net basis. The difference between gross and net revenues is revenues netted against expenditures. The table also discloses internal revenues. In this table, external revenues represent revenues received from organizations and individuals outside the Government of Canada as a reporting entity while internal revenues represent revenues generated from transactions between organizations within the reporting entity. Revenues netted against expenditures represent revenues that have been credited to expenditures rather than to revenues where authority has been granted by Parliament. The "Total gross revenues" column represents revenues from all sources, including revenues netted against expenditures. The "Internal revenues" column represents the internal tax and non-tax revenues. The "Total net revenues" column represents tax and non-tax revenues from both external and internal sources, excluding revenues netted against expenditures. This latter column discloses total ministerial revenues as reported in the "Revenues" statement in each ministerial section of this volume.

Table 4a reconciles total net ministerial revenues with external revenues reported on both a gross and net basis in Table 1 of this section and in the Statement of Revenues, Expenditures and Accumulated Deficit in Section 1 of Volume 1.

⁽i) Additional details are provided in Section 12 of Volume II (Part II).

(2) Net gain on exchange amounts to \$213.410 and domestic coinage to \$102,803.

TABLE 4a

Recapitulation of External Revenues by Main Classification

Table 4a reconciles total net ministerial revenues (Table 4) with external revenues reported on both a gross and net basis in Table 1 of this section and in the Statement of Revenues, Expenditures and Accumulated Deficit in Section 1 of Volume 1. The reconciling items include the revenues from the consolidated specified purpose accounts, the adjustment of the Exchange Fund Account to recognize the international reserves held in the Account, the accrual and deferral of non-tax revenues and the elimination of internal revenues. The difference between gross and net revenues is revenues netted against expenditures, revenues of consolidated Crown corporations credited to expenditures, tax revenue items related to expenditures and included in revenues, and recovery of tax revenues credited to expenditures.

	nsolidated GROSS Crown EXTERNAL rporations REVENUES	75,672,774	22,495,554	2,973,679		22,353,217		494.547	4		3 783 375	712.079	6.5	60

											NON-TAX BENEVIEW

Note: If no amount is shown, either it is less than 5500 or no revenues were reported.

Represents reversal of a portion of the allowance for tax refunds provided for in previous years.

(2) Includes an Exchange Find Account adjustment and the acctual of non-tax revenues.

TABLE 5

Source and disposition of budgetary authorities by ministry

Table 5 presents the source and disposition of budgetary authorities by ministry. The level of details provided for the source and disposition of authorities is explained in the Introduction to this volume. In addition, detailed information is provided in the "Ministry Summary" statement in each ministerial section of this volume.

TABLE

Source and disposition of authorities by type (voted and statutory)

Table 7 presents the source and disposition of budgetary and non-budgetary authorities by ministry and by type of authority (voted and statutory). The level of details provided for the source and disposition of authorities is explained in the Introduction to this volume. In addition, detailed information is provided in the "Ministry Summary" statement in each ministerial section of this volume. The Government submits its spending proposals to Parliament in the annual Estimates. During the year, the Government may request further appropriations. The initial request is called the "Main Estimates" and additional requests are called "Supplementary Estimates". With these Estimates, of such proposed spending are authorized in Appropriation Acts and are generally referred to as "annual" or "voted" authorities. The balance of the planned spending is made under authority of other statutes which authorize disbursements for specified purposes, and for such amounts and time periods as are set by those acts. The proposed or estimated uses of most of these "statutory" authorities for the current year are included in the Estimates for information the Government requests authority for that part of the proposed spending which is not already provided by other statutes. The amounts making up the total purposes; however, they are not included in appropriation acts because they have already been authorized by Parliament.

Voted authorities, with few exceptions, lapse at the end of the year if not used, while statutory authorities, with few exceptions, are carried forward to future years. Those authorities which extend to subsequent years are referred to as "non-lapsing". Budgetary appropriations provide spending authority for those transactions which enter into the calculation of the annual deficit or surplus of the Government. Non-budgetary appropriations provide spending authority for all transactions which result in the acquisition or disposal of loans, investments and advances. Balances of appropriations brought forward from the previous years are available for spending, together with current increases to such authorities

The totals of these authorities are reduced by the amount of their current year use to determine the balances which lapse, are overexpended or are carried forward to future years, depending upon the type of authority. In cases where the spending of loan repayments is authorized, the non-budgetary spending is reported net of such repayments.

(L) Non-budgetary authority scalared to the spending of proceeds from the disposal of surplus Crown assets are excluded from this appendix. Refer to Appendix 5 for the details.
(2) Does not include most of the exchange valuation adjustments.

assets.

Appendix 5 provides details, by ministry, of the source and disposition of authorities related to the spending of proceeds from the disposal of surplus Crown Authorities for the Spending of Proceeds from the Disposal of Surplus Crown Assets

Pursuant to sections 13(2) and 14 of the Surplus Crown Assets Act, departments as defined in section 2 of the Financial Administration Act (excluding the House of Commons, the Senate and the Library of Parliament) are authorized to establish a spending authority equal to the proceeds received from the disposal of surplus Crown assets. The proceeds received in any fiscal year that have not been spent in that fiscal year are carried forward to the next fiscal year for use in that fiscal year only. The amount carried forward is however subject to a maximum limit.

Department

Corporate Management Services Program

Objective

To provide leadership and support to departmental activities in the delivery of programs to enable the Department to fulfill its mandate and accountability.

Activity Description

Coordination

Provision of executive direction, policy coordination, research and communications, as well as services in the areas of human resources, administration, finance, information management, legal services, program evaluation and internal audit at national headquarters.

Regional support

Provision of services in the areas of human resources, administration, finance, communications, information management, legal services, program evaluation and internal audit at the regional level in support of program delivery.

Canadian Identity Program

Objective

To foster the development of a strong sense of Canadian identity based on shared values and goals in order to strengthen the foundations upon which Canada can grow and prosper.

Activity Description

Cultural development and heritage

The activity includes the design of policies and programs related to broadcasting, film, video and sound recording, publishing and copyright, cultural heritage, and the performing, literary and visual arts. Under this activity, support to cultural industries and heritage organizations with international, national and interprovincial impact is provided through departmental programs. The activity also includes policy responsibility for cultural agencies in the minister's portfolio.

Official languages

This activity delivers the official languages in education program and the promotion of official languages program in three activity components: intergovernmental co-operation, support to linguistic communities and promotion and dialogue.

Participation

The activity is responsible for the delivery of multiculturalism, sport and Canadian identity programs.

Parks Canada Program

Objective

To commemorate, protect and present those places which are significant examples of Canada's natural and cultural heritage for the benefit, understanding and enjoyment of the people of Canada, in ways which ensure the ecological and commemorative integrity of this heritage for the benefit of present and future generations.

Activity Description

Operation

The protection and management of natural and cultural heritage resources within national parks, historic parks and sites, canals and other heritage areas; the provision of opportunities for the public to understand and appreciate these resources through the delivery of interpretative and educational programs; the provision of visitor information and services in support of the public's enjoyment of the resources; and the operation and maintenance of facilities which support these activities.

Development

The establishment and development of new protected heritage places and resources; the completion or enhancement of existing heritage places and resources; the development and implementation of legislation, policy, research and planning to support the delivery of these activities.

Program management and technical services

The Program management and technical services activity includes directing and managing the Parks Canada Program and providing a variety of specialized and technical services such as architectural and engineering services, reality services, marketing and socio-economic analysis as well as program management.

Canada Council

Objective

To foster and promote the study and enjoyment of, and production of works in the arts and to co-ordinate UNESCO activities in Canada and

Canadian participation in UNESCO activities abroad, apart from political questions and assistance to developing countries.

Canada Information Office

Objective

The Canada Information Office will reinforce among Canadians the sense of belonging to a modern, dynamic country and will emphasize the role of the Government of Canada and the renewal of the federation.

Activity Description

Canada Information Office

Makes available accurate information about Canada, its people and its accomplishments and ensures Canadians recognize the role of the Government of Canada, its activities, programs and services in achieving national goals and in serving Canadians;

Assists Canadians who wish to contribute to Canadian identity and to building a better Canada, through partnership initiatives and liaison with groups and individuals.

Canadian Broadcasting Corporation

Objective

To develop and provide a national broadcasting service for all Canadians in both official languages, in television and radio, and be primarily Canadian in content and character.

Canadian Film Development Corporation

Objective

To foster and promote the development of feature film and television industries in Canada.

Canadian Museum of Civilization

Objective

To increase, throughout Canada and internationally, interest in, knowledge and critical understanding of and appreciation and respect for human cultural achievements and human behaviour by establishing, maintaining and developing for research and posterity a collection of objects of historical or cultural interest, with special but not exclusive reference to Canada, and by demonstrating those achievements and behaviour, the knowledge derived from them and the understanding they represent.

Canadian Museum of Nature

Objective

To increase, throughout Canada and internationally, interest in, knowledge of and appreciation and respect for the natural world by establishing, maintaining and developing for research and posterity a collection of natural history objects, with special but not exclusive reference to Canada, and by demonstrating the natural world, the knowledge derived from it and the understanding it represents.

Canadian Radio-television and Telecommunications Commission

Objective

To regulate and supervise all aspects of the Canadian broadcasting system with a view to implementing the broadcasting policy set out in the *Broadcasting Act*; and to regulate telecommunications in Canada with a view to implementing the policy set out in the *Telecommunications Act*.

Activity Description

Broadcasting

Advise and provide recommendations to the Commission on the development of policy, regulations and on operational matters; analyse and evaluate proposals and applications submitted to the Commission in the context of the objectives of the broadcasting policy for Canada and the Commission's policies and regulations; monitor the Canadian broadcasting system to determine adequacy of present services, future requirements, and ensure compliance with statutes, conditions of licence and regulations.

Telecommunications

Advise the Commission on all matters related to telecommunications carrier regulation under the *Telecommunications Act* and other statutes, and in doing so, analyse and evaluate related data and take into account changes of socioeconomic, political and technological significance in the telecommunications environment.

Executive management

Comprises Commission members, executive offices, legal, information and administrative services to support the Commission and the operations of four regional offices.

Corporate services

To provide advisory and support services including financial, human resources, audit and evaluation, informatics, planning, administrative and library.

National Archives of Canada

Objective

To preserve the collective memory of the nation and of the Government of Canada, and to contribute to the protection of rights and the enhancement of a sense of national identity:

- by acquiring, conserving and facilitating access to private and public records of national significance, and serving as the permanent repository of records of federal Government institutions and ministerial records;
- by facilitating the management of records of federal Government institutions and ministerial records; and
- by encouraging archival activities and the archival community.

Activity Description

Holdings development and management

Consists of the acquisition, control and conservation of federal Government records and ministerial records considered to be of long-term historical value and records from the private sector which document the development of Canada and are of enduring national value.

Management of Government information

Consists of the sub-activities related to the control of records destruction in federal institutions and ministerial records, assistance to these institutions

in the management of recorded information, and the operation of federal records centres.

Services, awareness and assistance

Consists of the provision of reference services to users of the National Archives' holdings, assistance to the archival and records management communities, and the promotion of an awareness of the archives, its services and holdings.

Administration

Supports the effective management and administration of the National Archives' materiel, financial, human and information resources. This includes providing support to the National Library in the management of human, financial, materiel, and accommodation resources.

National Arts Centre Corporation

Objective

To promote the development of the performing arts.

National Battlefields Commission

Objective

Conserve and develop the historic and urban parks that make up the national battlefields in the city of Quebec and its surrounding area.

Activity Description

Conservation and development

The actions of the Commission are grouped in only one activity designated "Conservation and

development" which is subdivided into three subactivities:

- administration;
- conservation: preservation, maintenance and supervision to ensure a safe and stable environment, alleviate wear and deterioration and delay or prevent damage; and
- development (of historical, cultural, recreational and natural resources of the territory):
 visitor reception, facilities and services, interpretation, public awareness, dissemination of information, exhibits, availability of activities and means of public participation and landscaping.

National Capital Commission

Objective

To promote Canadian pride and unity through our National Capital. This is achieved by using the Capital to communicate Canada to Canadians; making the Capital a meeting place; and safeguarding and preserving the Capital for future generations.

National Film Board

Objective

To produce and distribute films for Canadian audiences and foreign markets, to enhance knowledge of Canadian social and cultural realities and, by so doing, to contribute to the development of a flourishing film industry.

Activity Description

National Film Board operations

The main activity of the Board is divided into five basic functions to achieve its objective:

- Programming includes development, production and marketing of films and other visual material for Canadian audiences and foreign markets.
- Distribution provides the Canadian public with maximum access to NFB productions as well as to a selection of films produced by other Canadian organizations and to films sponsored by Government departments, through the agreements signed with public institutions.
- Technical research initiates and develops projects to advance the art and technology of cinematography.
- Training applies solely to training in filmmaking skills.
- Administration includes executive management and the provision of personnel, finance and general administration services.

National Gallery of Canada

Objective

To develop, maintain and make known throughout Canada and internationally, a collection of works of art, both historic and contemporary, with special but not exclusive reference to Canada, and to further knowledge, understanding and enjoyment of art in general among all Canadians.

National Library

Objective

To facilitate the use of library resources of the country by the people and the Government of Canada.

Activity Description

National Library

The Library consists of four functional areas to achieve its objective:

- Acquisitions and bibliographic services includes all functions related to the development of the Library's collections, to the cataloguing of those collections, to the standardization and distribution of bibliographic data and to the creation and maintenance of a national resource sharing database.
- Research and information services is responsible for managing, preserving and providing access to the Library's collections and for providing comprehensive reference and research services to Canadians and to Canadian libraries.
- Information technology services includes functions related to the development, maintenance and operation of computer systems which serve both the National Library and the Canadian library and information community.
- Policy planning and liaison includes functions related to the corporate management, policy and planning for the Library, the coordination of the management of the Library's corporate information resources, the national and international activities related to the Library's major program activities and the communications function,

including public programs, marketing and publishing. These functions are the responsibility of corporate policy and planning, information resource management, national and international programs, communications and the Office of the National Librarian.

National Museum of Science and Technology

Objective

To foster the scientific and technological literacy of Canadians through the preservation and promotion of Canada's scientific and technological heritage.

Public Service Commission

Objective

To assist in the maintenance of a competent Public Service by ensuring that the best qualified persons are recruited to or promoted within the Public Service, that qualified employees are deployed to meet operational requirements and that certain training services are provided on behalf of the Treasury Board.

Activity Description

Staffing programs

The Staffing programs activity encompasses activities in support of delegated and non-delegated staffing, including policy and program development, monitoring, consultation and advice, administration of staffing delegation, establishment of tests and standards for selection, administration of staffing priorities, recruitment,

and developmental requirements of departments and a range of advisory, informational and coor-

dinating services related to training.

Administration

promotion and co-ordination of parts of the official the special measures initiatives program as well as the development of policy and special programs ble. This activity also encompasses the delivery of languages program for which the PSC is responsiand assessment techniques in support of the executive programs.

Executive programs

and implementation of career development policruitment, selection, assessment, and career counselling of the executive group; formulation cies, plans and programs for executives and employees in the feeder groups; administration of ternational assignments and exchanges; and sentation of employment equity target groups in the executive group. It also administers a program for the placement of Canadians in international The Executive programs activity includes reexecutive development programs on behalf of Treasury Board; management of domestic and inimplementation of initiatives to increase repreorganizations

Audit and review

lal and PSC staffing practices and procedures in order to determine that appointments conform with tions and Commission policy. It reviews the manner in which departments administer selected aspects of their personnel services for which Treasury Board has policy responsibility. This latter sury Board Secretariat and the Public Service mission to meet its operational needs and The Audit and review activity reviews departmenthe Public Service Employment Act and Regulaactivity is governed by an agreement between Trea-Commission. It also performs internal audit and program evaluation functions to assist the Comaccountability requirements to Cabinet and Parlia-

Appeals and investigations

The Appeals and investigations activity, through the establishment of independent boards and invesligators, sees that appeals by public servants against internal appointments and complaints against deployments are heard with respect to aleged breaches of the Public Service Employment Act and Regulations. The activity also provides for an investigation into complaints of irregularities in staffing and in certain other personnel actions. In addition, complaints of alleged personal harass-Training, advice and assistance are provided to departments, employees, unions and other interment in the workplace are also investigated. ested individuals and organizations.

Training programs

The Training programs activity is composed of two sub-activities:

- and discretionary language training in both official languages and related orientation and anguage training services, in conformity with Government policy, to meet the needs of departments and agencies in the federal Public Service. It provides second-language courses quirements of departments, and a range of Language training: this sub-activity assesses the potential to succeed of employees who are elidesigned to meet the job-related linguistic readvisory, informational and coordinating sergible for language training; provides mandatory vices related to language training.
- provides professional, technical, policy, middle lated specialized training and training services in both official languages to federal public servants across Canada in response to Treasury Board policies and departmental demands. It provides courses designed to meet the job-related training Staff development and training: this sub-activity management and supervisory training and re-

of the President and Commissioners, corporate policy and strategic planning, management sys-

tems and policies, and financial, human resources management, communications and other administrative and support services for the

Commission.

The Administration activity includes the activities

Status of Women-Office of the Co-ordinator

Objective

To promote equality for women in all spheres of Canadian life.

Activity Description

Office of the Co-ordinator

educational and health authorities; the provision of working toward the equality of women, the provi-The integration of the goals of women's equality n all federal Government legislation, policies, programs and initiatives; the promotion of the advancement of women in collaboration with federal Government departments and agencies, ocal, provincial, and territorial governments, non-governmental organizations, industry and grants to support projects and the core operations of women's and other voluntary organizations, sion of technical information, and support to the public, client groups and organizations to increase awareness of and facilitate action at local, regional and national levels to advance women's equality; and the funding of independent research on public policies that affect women and their advancement oward equality

Note: The full wording of all authorities granted in current year Appropriation Acts, of all authorities granted by statutes other than Appropriation all authorities available from previous years is given in Section 1 of this volume.

(S) Statutory authority.
(L) Non-budgetary authority (loan rivestiment or advance).
(2) Treasury Board Vote 5—Government contingencies:
(2) In 1997-98, the Treasury Board directed that spending levels provided through appropriations be reduced by \$56.7 million to offset a 1995-96 supplementary appropriation which provided additional resources in respect of employee departure programs.

Department

Objective

The objective of the program is to ensure that the movement of people into Canada and membership in Canadian society contribute to Canada's social and economic interests and the protection of the health and safety of Canadians, and that citizenship, immigration, refugee and visitor policies and ship, immagration, refugee and visitor policies and domestic needs and capacities, and international commitments and responsibilities.

Activity Description

Citizenship registration and promotion

The Citizenship registration and promotion activity provides operational policy and program direction on all citizenship matters. It administers and interprets citizenship legislation and participates in community outreach functions to educate clients and the public about citizenship. Services are delivered by local offices serving major centres and outlying communities. These offices assess applications for citizenship grants, proofs and searches, grant citizenship to landed immigrants in Canada, conduct ceremonies to swear-in new Canadians, present citizenship certificates, and respond to inquiries from the public.

In-Canada service

In-Canada service performs detailed immigration secondary examination of persons seeking to enter Canada, immigrant and visitor services, case presentation and litigation, business immigration, and operates the case processing centres at Vegreville, Alberta, and Mississauga, Ontario. In-Canada

service plays a lead role in enforcement and interdiction, controlling illegal migration (through investigation, detention and removal), and managing sensitive cases.

Settlement

Settlement assists in the adaptation, settlement and integration of recently arrived permanent residents - immigrants and refugees - in order to achieve early participation in Canadian society.

International service

International service delivers Canada's immigration programs at Canadian missions abroad. This includes immigrant selection, non-immigrant processing, immigration health services, reporting and liaison, and control and interdiction. International service plays a lead role in international migration and refugee issues and in the coordination of the Department's international activities, particularly with respect to relations with Foreign Affairs and International Trade Canada, other countries and multilateral organizations.

Policy

The Policy activity develops the policy agenda for Citizenship and Immigration Canada; assesses the domestic and international environments; anticipates emerging issues and offers timely policy advice and leadership; develops policy proposals with respect to major issues and legal and institutional frameworks domestically and internationally; provides the Minister, Deputy Minister and senior departmental managers with timely policy advice; and supports the departmental executive team in the establishment of a strategic policy agenda.

Corporate services

Corporate services provides management direction, coordination and central administrative services to the Department to enable it to carry out its mission.

Immigration and Refugee Board of Canada

Objective

To meet Canada's immigration and refugee related obligations as defined in the Immigration Act and as a signatory to the 1951 United Nations Convention on the Status of Refugees and the 1967 Protocol to the Convention. The Board meets this objective by: determining claims to Convention refugee status made by persons from within Canada; conducting inquiries involving persons alleged to be inadmissible to or removable from Canada; conducting detention reviews for persons detained for immigration reasons; and, hearing appeals of persons who have been denied admission Canadian citizens and permanent residents whose family members have been refused landing in Canada, and the Minister of an adjudicator's decito or have been ordered removed from Canada, sion to grant admission or not to order removal.

Activity Description

Immigration appeal

To hear appeals of refusals of sponsored applications for permanent residence, appeals against removal orders issued against permanent residents, persons found to be Convention refugees, or by persons in possession of valid visas and appeals of the Minister of an adjudicator's decision to grant admission or not to order removal.

Refugee determination

To hear and decide claims for refugee status within Canada.

Inquiries and detention reviews (adjudication)

sion at a Canadian port of entry believed to be inadmissible or persons in Canada believed to be To conduct inquiries on persons seeking admisremovable; and conduct detention reviews for persons who have been detained during the examination, inquiry or removal process.

Corporate management and services

To provide the Board with a complete range of management processes and administrative ser-

Department

Objective

The objective of the environment program is to make sustainable development a reality in Canada by helping present and future generations of Canadians live and prosper in an environment that needs to be respected, protected and conserved.

Activity Description

A healthy environment

Canadians have concerns about risks to the environment from human activities and the danger that this poses for their own health, and the sustain-Environment Canada, drawing on its strength in science, responds to these environmental concerns by: providing scientific knowledge and expertise concerning the health of the environment and strategies and standards; ensuring that those strategies and standards are vigorously applied; community in order to represent Canadian interests They expect that environmental risks be underand taking a leadership role in the international ability of the environment for future generations. environmental stressors; developing national stood, monitored and controlled or prevented. and advance domestic issues.

Safety from environmental hazards

The lives and property of Canadians are threatened by naturally occurring and human-induced environmental hazards; these range from severe weather and airborne volcanic ash to oil spills and tire fires. In order to minimize risk, Environment Canada, through its research and related scientific

activities, provides services to enable Canadians to protect themselves from hazards. It does this by providing Canadians with timely weather and environmental warnings, and services aimed at reducing the frequency and severity of environmental emergencies.

A greener society

Sustainable development has become a key goal of public policy, within Canada and internationally. The Department provides Canadians with useful and accessible information, readily applicable technologies and tools, and policies that integrate social, economic and environmental considerations, with a view to building their capacity to sustain the environment.

Administration

Canadians desire a lean, efficient, and accountable Government. In response, the Administration activity provides strong, integrated management for the Department. It also provides efficient and effective tools, technologies, and advice in support of operations and senior management.

Canadian Environmental Assessment Agency

Objective

To provide effective means of integrating environmental factors into federal planning and decision-making while taking into account public values and the goal of sustainable development by developing, managing and promoting an effective federal environmental assessment review process.

Activity Description

Canadian Environmental Assessment Agency

facilitates the harmonization of federal environproponents in satisfying the requirements of the Canadian Environmental Assessment Act and the cabinet directive on the assessment of policies and programs; manages public consultations that are air, impartial and credible, and that lead to better decision-making that furthers the objective of sustainable development; provides timely advice to the federal Government on the effective implementation of both the Act and the values on which it is based; and, continues to improve the efficiency of the federal environmental assessment process through measures such as cost recovery, and in so doing supports government-wide man-Provides national and international leadership as the recognized centre for environmental asessment expertise; supports the continuous improvement of the regulatory framework and develops clear, consistently applied rules for all stages of the environmental assessment process; mental assessment activity across Government and with other jurisdictions; delivers high quality, professional services that assist departments and agement reform initiatives.

Department

Objective

The objective of the program is to undertake policies and programs in support of Canada's economic, ecological and scientific interests in the oceans and inland waters; to provide for the conservation, development and sustained economic utilization of Canada's fisheries resources in marine and inland waters for those who derive their livelihood or benefit from these resources; to provide safe, effective, and environmentally sound marine services responsive to the needs of Canadians in a global economy; and to coordinate the policies and programs of the Government of Canada respecting oceans.

Activity Description

Marine navigation services

Marine navigation services provides, operates and maintains a system of aids to navigation, provides waterways development and maintenance, and ensures protection of the public right to navigation and protection of the environment.

Marine communications and traffic services

Marine communications and traffic services provides distress and safety communications and coordination, vessel screening to prevent entry of unsafe vessels into Canadian waters, regulation of vessel traffic movements, and management of an integrated system of marine information and public correspondence services.

In addition to ensuring safe marine navigation, Marine communications and traffic services supports economic activities by optimizing traffic movements and port efficiency, and by facilitating industry ship/shore communications. All of the

functions are derived from a regulatory framework based primarily on the Canada Shipping Act and the safety of life at sea convention.

Icebreaking operations

Icebreaking operations are those activities such as icebreaking escort, channel maintenance, flood control, harbour breakouts, and ice routing and information services for marine traffic navigating through or around ice-covered waters, and for the general public. It also coordinates the movement of cargo for the annual resupply of Northern settlements and mititary sites using contracted commercial carriers.

Rescue, safety and environmental response

Rescue, safety and environmental response is composed of the following major program areas: marine search and rescue; environmental, response and departmental national emergency preparedness; and, the promotion of boating safety to the marine public through prevention and regulation.

Hydrography

Hydrographic surveys measure the parameters necessary to describe the precise nature and configuration of the seabed and the floors of inland navigable waters, their geographic relationship to the landmass and the characteristics and dynamics of these waters. Parameters measured include; water depth, bottom type, near surface currents, tides, and water levels. Data collected are published as navigational charts and other publications such as tide and current tables, sailing directions, small craft guides, and water level bulletins. Hydrographic information is also used for the determination of the seaward limits of national jurisdiction and the delimitation of maritime boundaries.

Fisheries and oceans science

Marine ecosystems are monitored and assessed through research vessel surveys, monitoring of fisheries and cooperative programs with fishers. Measurements of occan parameters such as temperature, salinity, water levels and wave heights come from many sources within and outside the Department. Scientists work in multidisciplinary teams with collaboration of fishers and university based scientists to assess fish stocks in a broader ecosystem and environmental context. Climate-related studies focus on the effects of climatic changes in the ocean on fish species such as cod and salmon and the role of the oceans in the world climate system.

Aquaculture science is focused on making new fish species viable for culture in Canada and improving the efficiency of culture of existing species. The introduction and spread of fish diseases to wild and cultured stocks is combated through fish health protection regulations requiring certification of fish production facilities before fish may be transported from such facilities into Canada or across provincial boundaries.

Habitat management and environmental science

The development and implementation of policies, plans and programs and the administration of statutes related to the protection and conservation of aquatic habitats and the environment. It also involves investigating and monitoring chemical and physical conditions which affect the quality of aquatic environments as well as the collection, analysis and interpretation of information to support the sustained economic utilization of Canada's renewable aquatic resources and to assess, approve and monitor activities which affect the quality and quantity of fish habitat.

Fisheries management

as the Atlantic groundfish strategy and the northern cod adjustment and recovery program. These special programs address specific needs for a Fisheries management is responsible for fisheries ries in Canada, and within and adjacent to Canada's 200-mile fisheries zones. This includes except where authority for the management of inand fisheries has been delegated to the province or territory. This includes management in Canadian ment of interception fisheries in international waters and management of the Aboriginal, recreational and commercial fishing effort in Canadian coastal waters. Fisheries management is also responsible for negotiating international arrangements to advance Canada's fisheries conservation interests in cooperation with other Government departments, and the negotiation and administration of international treaties and agreements affecting bilateral and multilateral fisheries relations with other countries. The objectives of fisheries management are complemented through the delivery of capacity-reduction programs such the inland river systems and lakes in all provinces, management functions in all provinces and territoportions of transboundary rivers, shared managespecified period of time.

Fish product inspection

Inspection services includes the development, formulation and implementation of national policies, regulations and programs to ensure that Canadianproduced fish and fish products meet appropriate grade, handling, identity, process, quality and safety standards and that imported fish and fish products meet acceptable standards of identity, quality and safety.

Harbours

The operation and maintenance of a national system of fishing and recreational harbours involves the construction and upkeep of wave protection structures and boat mooring and launching facilities as well as the dredging of harbour channels and basins to an adequate water depth. Additional activities include the provision and maintenance of service areas and equipment for fish and gear handling and various onshore services. Program management, including engineering and technical services, is provided regionally under national policy direction, with ongoing harbour management and administration, where applicable, provided locally.

Fleet management

Fleet management consists of the acquisition, maintenance, and scheduling of the Department's vessel and air fleets in support of the following program areas of: Marine navigation services;

Marine communications and traffic services; Icebreaking operations; Rescue, safety and environmental response; Fisheries management; Fisheries and oceans science; and Hydrography. The funding to crew and operate the fleets is provided by the above program areas. Fleet management also arranges for any augmentation of fleet capabilities by arranging for other Government departments and the private sector to provide additional sea and air support to the programs.

Policy and internal services

The responsibilities of Policy and internal services include: executive direction of the program; corporate and regional management; provision of administrative services; coordination of departmental policies, programs; and, development and promulgation of the Department's national regulations.

Freshwater Fish Marketing Corporation

Objective

To regulate interprovincial and export trade in freshwater fish.

Department

Objective

To act for Canada and all Canadians to enhance prosperity, employment and security and work toward a peaceful world by the promotion of Canadian culture and values.

Activity Description

International business development

Create jobs and prosperity in Canada by encouraging Canadian firms to take full advantage of international business opportunities and by facilitating inward investment and technology flows.

Trade and economic policy

Create jobs and prosperity in Canada by effectively managing Canada's trading relationships with the United States and liberalizing trade and capital flows around the world, based on clear and equitable rules.

International security and cooperation

A peaceful, law-based international system reflecting Canadian values in which Canada is secure from threats from abroad.

Assistance to Canadians abroad (consular services)

Satisfaction of the needs of individual canadians travelling or living abroad for official assistance.

Public diplomac)

Creation of interest and confidence in Canada abroad and an international public environment favourable to Canada's political and economic interests and Canadian values.

Corporate services

Enable the Department to achieve its mission and objectives through the delivery of cost-effective support services.

Services to other Government departments

Enable other Government departments to deliver their programs abroad through the delivery of cost-effective support services.

Passport services

To provide internationally respected travel documents to Canadian citizens and other eligible residents of Canada.

Canadian Commercial Corporation

Objective

To provide an effective, responsive Government to-Government export contracting service to the private and public sectors in Canada, at the least cost to the Canadian taxpayer; and to provide an efficient and effective contract management service to foreign governmental customers.

Canadian International Development Agency

Objective

To facilitate the efforts of the peoples of developing countries and countries in transition to achieve self-sustainable economic and social development in accordance with their needs and environment, by co-operating with them in development activities; and to provide humanitarian assistance thereby contributing to Canada's political and economic

interest abroad in promoting social justice, international stability and long-term economic relationships, for the benefit of the global community.

Activity Description

Geographic programs

Geographic programs involve direct contacts between the Government of Canada and recipient countries and are developed through consultation and co-operation with partners in these countries. They are the main assistance instrument directly available to the Government to invest, over the long-term, in areas critical to sustainable development. In all, geographic programs account for about one-third of the international assistance budget.

Projects supported through the geographic programs reflect both the needs of developing countries and Canada's ability to meet these needs. These projects, as well as the contracts and contribution agreements required for their delivery, range in value from thousands to tens of millions of dollars and can vary considerably in their approach and subject matter. With few exceptions, geographic programs are delivered in kind directly by Canadian suppliers and executing agents or under recipient country procurement - all within the framework of Canadian tied aid policies (funds allocated for the procurement of goods and services in Canada) and Canadian content requirements.

Three geographic branches - Africa and the Middle East, Asia and Americas - are responsible for planning and providing Canada's country-to-country ODA assistance to eligible recipients. Programming in these regions is based on the ODA purpose statement and the 6 program priorities.

Countries in transition

The CEE program is highly responsive and designed to assist countries in the region during a critical time of transition. A small share of the assistance provided through this program is considered ODA.

The CEE program transfers knowledge and experise to countries in the region through human resource development, institution-building, humanitarian and multilateral assistance, as well as policy advice. Initiatives supported by the program are delivered in partnership with the private sector, NGOs, academia, ethnic communities and all levels of canadian governments. These partnerships enable the program to leverage project contributions from Canada and recipient country partners.

Multilateral programs

Multilateral programs involve CIDA in the work of a very wide range of international organizations and institutions. These include the UN and its agencies - such as UNICEF - the Commonwealth, la Francophonic and the regional development banks for Africa, Asia, Latin America and the Caribbean. Most of CIDA's humanitarian assistance and emergency aid is also provided through the multilateral program.

CIDA's multilateral programming seeks to achieve results in the 6 priority areas in a number of ways. Along with other donor countries, CIDA provides core funding to multilateral organizations and institutions working in these areas. CIDA also seeks to influence the policies and practices of these bodies to maximise the effectiveness of their programming and operations. In addition, the multilateral program monitors, assesses and reports on the performance of international organizations and institutions.

Multilateral branch also works towards results related to improvements in the general policies and practices of multilateral institutions, particularly in such areas as country-level coordination, filed-delivery supervision and evaluation. Improving the effectiveness of international organizations is an important element of the multilateral program.

Canadian partnership

The Canadian partnership program provides grants and contributions to Canadian and international organizations to support their activities in developing countries. This funding is responsive to the initiatives of these organizations (profit and non-profit), and emphasizes the development of sustainable partnerships between developing countries and Canadian society through the cost-sharing of projects. Canadian partnership also manages CIDA'S consultation policy and is the key interface for the Agency in external relations and consultations with its development partners.

The Canadian partnership program comprises three main sub-programs: Industrial cooperation, Voluntary sector and Scholarships. The Industrial cooperation program (INC) promotes economic growth and private sector development in developing countries by responding to Canadian private sector initiatives to establish mutually beneficial, long-term ties between Canadian and developing country partners.

The voluntary sector program focuses on grassroots development and seeks to increase the capacity of organizations and institutions in developing countries to promote sustainable development in key socio-economic areas. The program has a strong emphasis on improving linkages between Canadian and developing country

NGOs and also supports Canadian organizations and institutions working in such areas as the environment, public sector reform, human rights, democracy and good governance to promote technology transfer and capacity building.

The scholarships program administers various fellowship and awards programs, as well as regulations and policies governing the selection and recruitment of technical assistance cooperant/experts and in-country trainces.

Policy

Policy branch formulates and maintains CIDA's policy base within the context of the ODA purpose and priorities and Canada's broader foreign policy objectives and interests. It provides advice, information and briefing materials on policy matters and strategic issues to the Minister, CIDA and other Government departments, as well as specialised expertise on scientific and technical areas. In certain cases - e.g., Environmental assessment branch experts verify Agency compliance with legislation. The branch also manages consultations on policy matters with special interest groups and the general public.

Policy branch also takes the lead on the management of the International assistance envelope and allocations on behalf of CIDA. It houses the Agency's library and document collections, as well as numerous national and international databases, and produces corporate information required to meet national and international responsibilities for reporting on ODA expenditures.

At the international level, Policy branch seeks to improve the coordination of Canadian development policies with those of other donor countries -

for example, through the Development assistance committee of the OECD. Policy branch also helps to represent Canada's interests in international fora and verifies that international commitments undertaken by this country are reflected in Canadian development policies.

Communications

In keeping with Government communications policy, Communications branch provides support to the Minister, President and CIDA branches to help them fulfil their responsibilities in this area. This support is provided as expert advice, media relations and analysis, public opinion research and in the form of printed and audio-visual materials.

Through its communications efforts, CIDA seeks to demonstrate to selected key publics, including youth, decision makers and opinion leaders, that it is an effective aid agency. It promotes greater awareness of international development and its impact and strengthens communications cooperation with domestic and international partners. Communications branch is also responsible for implementing the Agency's internal communications policy.

Through the Development information program (DIP), Communications branch works in partnership with non-governmental and private sector organizations and individuals to inform Canadians about development programs and issues, with a special emphasis on the important role and contributions Canadians make in developing countries.

Corporate services

The Corporate services activity provides the Agency with support services that are not specific to any individual channel of program delivery. These services are rendered by the Agency executive, the Personnel and administration branch and

the Corporate management branch. The costs of these services are classified as indirect administration, as opposed to direct administration which can easily be identified with a particular channel of delivery.

Export Development Corporation

Objective

To support and develop Canada's export trade and Canadian capacity to engage in that trade.

International Development Research Centre

Objective

To initiate, encourage, support and conduct research into the problems of the developing regions of the world and into the means of applying and adapting scientific, technical and other knowledge to the economic and social advancement of those regions, and in carrying out those objects:

- to enlist the talents of natural and social scientists and technologists of Canada and other countries;
- to assist the developing regions to build up the research capabilities, the innovative skills and the institutions required to solve their problems;
- to encourage generally the coordination of international development research; and
- to foster cooperation in research on development problems between the developed and developing regions for their mutual benefit.

International Joint Commission

Objective

To implement the powers, responsibilities and functions assigned to the Commission by international treaties and agreements; to investigate and recommend upon any questions or matters of difference along the common frontier referred to it by the Governments of Canada and the United States; and to consider and, if appropriate, approve in accordance with the Boundary Waters Treaty of 1909, uses, diversions, or obstructions of waters on either side of the boundary affecting the natural level or flow of waters on the other side.

Activity Description

Operation and administration of the Canadian Section Office

Commissioners and staff, associated operating expenses; payment of Canada's share of joint studies, surveys and investigations under applications and references pursuant to the Boundary Waters Treaty of 1909, including co-ordination of the work of international investigating boards; supervision of international boards of control established by the Commission; and payment of residual expenditures for surveys and investigations.

Operation and administration of the Great Lakes Regional Office

Surveillance, monitoring, co-ordination and assistance to the Governments in implementation of the Canada-United States Great Lakes Water Quality Agreement; staff and operation of the regional office under cost-sharing arrangements with the United States; and furnishing support to the Commission's Great Lakes Water Quality Board, Great Lakes Science Advisory Board, Council of Great Lakes Science Advisory Board, Council of Great

Lakes Research Managers and Commission task forces dealing with Great Lakes water quality matters.

NAFTA Secretariat, Canadian Section

Objective

To implement the dispute settlement provisions of the North American Free Trade Agreement (NAFTA) by providing support to panels established under the NAFTA and by maintaining a court-like registry system relating to Chapters 11, 14, 19 and 20 panel, committee, and tribunal proceedings.

Activity Description

NAFTA Secretariat, Canadian Section

Disputes relating to anti-dumping, countervailing duty and injury final determinations may be resolved under the NAFTA through the panel review process (Chapter 19) as an alternative to judicial review. Disputes concerning the interpretation or

application of the NAFTA (Chapter 20) may be referred to a five-member panel. Disputes relating to the investment provisions of Chapter 11 and the financial services provisions of Chapter 14 of the NAFTA may be referred to dispute settlement under the Agreement. In the administration of the dispute settlement provisions, the NAFTA Secretariat provides legal, professional and advisory support to panels and committees, operates a courtlike registry and coordinates all panel and financial aspects of the process.

Non-dispute related responsibilities include providing assistance to the Commission, as directed, and support for various non-dispute related committees and working groups.

Northern Pipeline Agency

Objective

To facilitate the efficient and expeditious planning and construction of the Alaska Highway Gas Pipeline in a manner consistent with the best interests of Canada as defined in the *Northern Pipeline Act*.

Activity Description

Regulation of construction of the Alaska Highway Gas Pipeline

To carry out and give effect to the Agreement of September 20, 1977, between Canada and the United States; to facilitate the efficient and expetaking into account local, regional and national interests, including those of the native people, and carrying out federal responsibilities in relation to the pipeline; to facilitate consultation and coordination with the governments of the provinces and the territories; to maximize social and economic benefits while minimizing any adverse social and environmental effects; to advance national economic and energy interests and to ensure the highest possible degree of Canadian participation in all aspects of the planning, construction and procurement for the pipeline, while ensuring that the procurement of goods and services for the ditious planning and construction of the pipeline, pipeline will be on generally competitive terms.

CONTENTS	Program	Ministry	Program	Transfer	Revenue

Objective

To enable the Governor General of Canada to perform his/her constitutional and traditional roles; and to provide for the administration of Honours.

Activity Description

Governor General

Provides for the payment of the Governor General's salary, for the costs of the Governor General's annual program including visits in Canada and abroad and the operation of the office and residences.

Honours

Provides for the administration of programs in the National Honours System, including the Order of Canada, the Order of Military Merit, the Canadian Bravery Decorations, the Meritorious Service Decorations, Exemplary Service Medals, Special Service Medals, Commemorative and other medals; provides funding for the administration of the Governor General's Academic Medals and the Governor General's Caring Canadian Award; also provides for the administration of the Canadian Heraldic Authority.

Former Governors General

Provides for expenditures in respect of the activities performed by former Governors General, which devolve upon them as a result of their having occupied that office and of the pensions of former Governors General or their spouses.

Department

Objective

The objective of the Health Program is to protect, preserve and improve all aspects of Canadians' health.

Activity Description

Food safety, quality and nutrition

Identifies, advises on, assesses and manages risks and benefits to human health associated with food to ensure that the Canadian food supply is safe, nutritious and of high quality.

Drug safety, quality and effectiveness

Identifies, advises on, assesses and manages risks and benefits to human health associated with the manufacture, sale and use of drugs and cosmetics.

National health surveillance

Provides national leadership and coordination in the identification, investigation, monitoring and control and prevention of human disease through national surveillance and disease control programs including monitoring the occurrence and cause of communicable and non-communicable diseases.

Pest management regulatory agency

Protects human health, safety and the environment by minimizing the risks associated with pesticides while enabling access to pest management tools, such as pest control products and alternative pest management strategies.

Programs and services

Provides programs and national leadership in health promotion, disease prevention and fitness; promotes research and the development of experise in the physical and mental health, social and fitness fields; provides national leadership and professional and consultative services to aid in the development, operation and change of health and social programs; and undertakes activities in the areas of AIDS, drug abuse, family violence, women, seniors and children, particularly those at risk.

Health insurance

Administers the Canada Health Act; monitors and assesses the compatibility of provincial and territorial health care insurance plans with the Canada Health Act; develops expertise in, and provides assistance to, health insurance plans and programs; and provides policy advice on the Canada Health

Indian and northern health services

Assists Inuit, status Indians and residents of the Yukon to attain a level of health comparable to that of other Canadians living in similar locations by providing or arranging for the provision of health-related goods and services to this population when they are not provided by provincial or territorial health insurance plans or programs, or through other forms of third party coverage.

Environmental quality and hazards

Identifies, advises on, assesses and manages the risks and benefits to human health and safety associated with natural and technological environments, medical and radiation-emitting devices, and with chemical and other consumer products.

Public service health

Provides a program of occupational and environmental health services which protects and preserves the health of federal public servants, as it relates to the work place, under authority delegated by the Treasury Board.

Health advisory and assessment services

Assists Canadians, and/or the travelling public in protecting and preserving their health or determines their medical eligibility for certain benefits and types of licenses by providing professional advice and assistance in the areas of civil aviation medicine, emergency services, medical-advisory services and quarantine and regulatory services.

Policy and consultation

Supports the development and delivery of health programs by undertaking health policy research and analysis; developing and coordinating the straegic planning process within the Department; managing consultation strategies and coordinating Federal/Provincial/Territorial consultations; managing the Women's Health Bureau; coordinating the administration of the access to information and privacy legislation in the Department; developing Canada's position on international health issues, advising on bilateral relations with foreign governments; monitoring international health matters; managing program evaluation; coordinating departmental communications activities; and providing technical services to support the Department's communications responsibilities.

Program management

Provides the Minister, the Deputy Minister and the Associate Deputy Minister with advice and support; provides related professional organizations, associations, interest groups and the public with

assistance and information in the appropriate subject areas; is the focal point for liaison and coordination with the provincial and territorial ministers of Health and for monitoring the work of federal-provincial advisory committees and working groups; and provides services to the Department in the areas of planning and financial administration, human resources, information management, internal audit and assets management.

Hazardous Materials Information Review Commission

Objective

To allow suppliers or employers involved with hazardous industrial materials to protect confidential business information concerning their products and at the same time to ensure that workers are provided with accurate safety and health information for these products.

Activity Description

Hazardous Materials Information Review Commission.

The Commission is an independent agency charged with making decisions on claims for exemption from the reporting requirements of the Workplace Hazardous Materials Information System (WHMIS), filed by suppliers of, or employers using hazardous industrial materials, on the basis that disclosure would reveal confidential business information. Based upon advice from Health Canada

toxicologists, Commission staff also determine ous provincial and territorial legislation concerning occupational health and safety. An exemption is valid for a three-year period after which the claimant may re-apply. Affected parties have the right to appeal a screening officer's deciboard set up in the province of appeal and administered by the Commission. In addition, the fidential business information and may disclose it or in the event of a medical emergency to persons whether associated material safety data sheets and abels comply with the provisions of the Hazardous Products Act, Canada Labour Code (Act) and varision or order to an independent, tripartite appeal Commission is responsible for the security of cononly for administration and enforcement of the Act who are bound to keep it confidential.

Medical Research Council

Objective

To improve the health of Canadians through the promotion and support of excellent basic, clinical and applied research in the health sciences.

Activity Description

Grants and scholarships

Grants in aid of operating and equipment requirements for research projects; direct support for a limited number of investigators and research trainees; incentives for the development of research in highly productive fields where major contributions may be expected and in fields or

regions where research is not adequately developed; support for private sector-university collaboration in research; and support for symposia, international scientific activities and the exchange of scientists.

Administration

Scientific, technical and administrative support.

Patented Medicine Prices Review Board

Objective

To contribute to Canadian health care by ensuring that prices of patented medicines are not excessive.

Activity Description

Patented Medicine Prices Review Board

The Patented Medicine Prices Review Board gathers information on the prices charged by patentees for patented medicines in Canada, analyses that data and takes action to reduce prices which are deemed to be excessive either informally, through voluntary compliance of formally, through hearings and the issuance of remedial orders. The Board also reports annually to Parliament on pricing trends of all medicines and on research and development in the pharmaceutical industry in Canada.

Department

Corporate Services Program

Objective

To provide executive direction, policy development and management support services to the Department.

Activity Description

Corporate services

This activity includes three functions:

- Policy and communications develops and evaluates policies and programs and provides communications services that enable the Department to achieve its corporate and activity objectives.
- Corporate management and services provides corporate management, administrative, financial, and human resources services to support departmental clients in the achievement of their activity objectives, consistent with overall Government policies.
- Systems develops and manages automated systems and information technology that support service delivery across all activities.

Human Resources Investment and Insurance Program

Objective

The objective of the Human Resources Investment and Insurance Program is threefold:

• To support the development of Canada's human resources and the effective functioning of the labour market and to reduce the dependence of individuals on Employment Insurance (EI) in-

come benefits and other Government income support payments;

- To promote economic stability and a flexible labour market by providing temporary income support to unemployed workers who qualify for EI income benefit under the Employment Insurance Act, and people eligible for payments under the Government Annuities Act, without placing an unnecessary burden on individuals, groups or regions; and
- To provide general management and administrative support for the delivery of HRDC programming from all activities at the local, area and regional levels.

Activity Description

Human resources investment

This activity includes a range of information and advisory services, and grant, contribution, loan and statutory programs. HRI activities are designed to enable individuals, businesses, communities, industrial and occupational sectors within the Canadian economy to identify and address their labour market needs. Financial assistance may also be made available for individuals to pursue their labour market goals. Access to skills development and employment opportunities, job creation, and labour market information may be provided by HRDC, or through partnerships with provinces and territories, Aboriginal, sectoral or community-based organizations.

Employment insurance income benefits

This activity focuses on policy development, management and delivery of the income benefits elements of the employment insurance program.

Human Resources Centres of Canada (HRCC) management and joint services

This activity is responsible for the general operations and management at area and regional offices, regional computer centres and local HRCCs to support the delivery of a range of other program activities, including the reception and direction of clients, either in person or by telephone, administrative support, as well as program advice and guidance through policy and procedure development.

Labour Program

Objective

To promote and sustain stable industrial relations and a safe, fair and productive workplace within the federal labour jurisdiction; and more generally, to collect and disseminate labour and workplace information and to foster constructive labourmanagement relations.

Activity Description

Labour

This activity includes four functions:

- Industrial relations assits in resolving disputes involving employers, unions and workers under federal jurisdiction, supporting and funding collaborative labour-management initiatives on workplace issues, and researches current and emerging industrial relations priorities.
- Labour operations encourages client acceptance of, and responds to non-compliance with, federal mandatory and legislated programs designed to bring about through fair, safe, healthy and equitable work environments.

- Federal workers compensation ensures the provision of statutory employment injury and related claim benefits to eligible persons, and enters into administrative arrangements with provincial workers' compensation authorities.
- Legislation, policy, research and management provides national leadership through research and collaboration with partners in the labour market, other governments and internationally through legislative, regulatory, policy and program development, and through collection and dissemination of labour and workplace infor-

Income Security Program

Objective

To promote and strengthen the income security of targeted groups of Canadians through the delivery of Canada Pension Plan (CPP) and Old Age Security (OAS) programs providing benefits to seniors, the disabled, survivors and migrants.

Activity Description

Income security

The activity encompasses two major income security programs. The management and delivery of these programs are completely integrated.

The Old Age Security (OAS) program consists of three different benefits. The basic Old Age Pension provides individuals from age 65 with a base on which to build an adequate retirement income. Pension benefits are paid to everyone who meets the residence requirements. The Guaranteed Income Supplement (GIS) is an income-tested benefit payable to OAS recipients with low and modest incomes. The Spouse's Allowance is an incometested benefit to assist low-income married

pensioner-couples living on one OAS/GIS pension, as well as low-income widows/widowers aged 60-64, who meet OAS residence requirements. A new income-tested seniors benefit will replace OAS and GIS in 2001.

The Canada Pension Plan (CPP) is a compulsory, contributory social insurance program to provide some income protection to Canadian workers and their families against the loss of carnings due to death, disability or retirement. Benefits fall into three categories: the retirement pension, survivor benefits and disability benefits. Under the Canada Pension Plan (Act), HRDC is responsible for administering the benefit provisions, while Revenue Canada is responsible for the collection of related contributions and the Department of Finance is responsible for the management of the investment fund.

This activity also negotiates and administers international social security agreements to ensure migrants to and from Canada are able to exercise the social security rights they acquired in their countries of origin, to the greatest extent possible.

Canada Labour Relations Board

Objective

To contribute to and promote effective industrial relations in any work, undertaking or business that falls within the authority of the Parliament of Canada

Activity Description

Canada Labour Relations Board

Exercise of statutory powers relating to: bargaining rights and their structuring; the investigation, mediation and adjudication of complaints alleging

contraventions of provisions of the Canada Labour Code (Act); the interpretation of technological change provisions affecting the terms, conditions and security of employees and the exercise of ancillary remedial authority; the exercise of cease and desist powers in cases of unlawful strikes or lockouts; reviewing decisions relating to safety that are referred to the Board; settling the terms of a first collective agreement; the provision of advice and recommendations relative to the stauutory powers of the Board; the provision of administrative services to these ends.

Canadian Artists and Producers Professional Relations Tribunal

Objective

To contribute to the enhancement of Canada's cultural community by encouraging constructive professional relations between artists, as independent entrepreneurs, and producers in federal jurisdiction.

Activity Description

Canadian Artists and Producers Professional Relations Tribunal

Administration of the provisions of the *Status of the Artist Act* relative to professional relations between self-employed entrepreneurs in the cultural sector and federally regulated producers, including the determination of artistic sectors appropriate for collective bargaining; the certification of artists associations to represent specific artistic sectors; the investigation and adjudication of complaints alleging contravention of the *Status of the Artist Act* and the exercise of ancillary remedial authority; the provision of advice and recommendations relative to the statutory jurisdiction and

powers of the Tribunal; and the provision of administrative services to these ends.

Canadian Centre for Occupational Health and Safety

Objective

To provide Canadians with information about occupational health and safety which is trustworthy, comprehensive, and intelligible. The information facilitates responsible decision-making, promotes change in the workplace, increases awareness of the need for a healthy and safe working environment, and supports education and training.

Activity Description

Council of governors and Executive Board

Representative of federal, provincial, and territorial governments, workers and employers, the Council establishes occupational health and safety objectives, policies and determines the priorities and general direction for the Centre.

President and Centre staff

To implement the occupational health and safety policies and programs established by the Council.

Department

Administration Program

Objective

To provide for policy direction and sound management of the Indian and Inuit Affairs and Northern Affairs Programs and for efficient and effective planning, accounting, personnel, communications and other administrative support.

Activity Description

Corporate support

Provides policy direction and administrative support to the Indian and Inuit Affairs and Northern Affairs Programs through executive direction, policy and strategic direction, and corporate support.

Indian and Inuit Affairs Program

Objective

To support Indians and Inuit in achieving their self-government, economic, educational, cultural, social, and community development needs and aspirations; to settle accepted native claims through negotiations; and to ensure fulfilment of Canada's constitutional and statutory obligations and responsibilities to Indian and Inuit people.

Activity Description

Claim

Settles accepted comprehensive claims; ensures the Government meets its legal obligations as set out in the *Indian Act* and Treaties by settling specific claims and monitoring implementation

agreements; provides research funding to native claimants; and supports the Department of Justice in relation to litigation focusing on First Nations.

Indian and Inuit programming

Supports Indians and Inuit in achieving their self-government, economic, educational, cultural, social, and community development needs and aspirations; and to fulfil Canada's constitutional and statutory obligations and responsibilities to Indian and Inuit people.

Northern Affairs Program

Objective

To promote the political, economic, scientific and social development of Canada's North, to assist northerners, including Aboriginal groups, to develop political and economic institutions which will enable them to assume increasing responsibility within the secondary of effectively manage the sustainable development of the North's matural resources in preparation for eventual devolution; to preserve, maintain, protect and rehabilitate the northern environment; and to manage ongoing federal interests in the North, including federal northern policy, federal-territorial relations, claims implementation, and federal circumpolar activities.

Activity Description

Northern Affairs

This activity provides for the development and implementation of policies and programs related to the political, economic, social and sustainable development of Canada's North. It manages the constitutional relationship between the Depart-

ment and the Governments of the Yukon and the Northwest Territories, negotiates and implements resource transfers to northern governments, and provides continuing coordination and direction to the management of nogoing federal interests in the North. This activity provides for the management of the North's natural resources and the protection and enhancement of the Arctic environment, both nationally and internationally. It coordinates the implementation of northern land claims and enhances Aboriginal interests in the development of the North, as well as in the fur industry throughout Canada. The development and implementation of science and technology-related programs are promoted nationally and internationally.

Canadian Polar Commission

Objective

To promote the development and dissemination of knowledge in respect of the polar regions.

Activity Description

Canadian Polar Commission

In order to carry out its mandate, the Commission will initiate, sponsor and support conferences, seminars and meetings; establish the Canadian Polar Information System as the principal mechanism to disseminate knowledge pertaining to the polar regions; undertake and support special studies on matters relating to the polar regions; recognize achievements and contributions in areas related to its mandate and table an annual report in Parlia-

Department

Objective

To promote international competitiveness and excellence in industry, science and technology in all parts of Canada, to promote regional economic development in Ontario, to assist Aboriginal people to realize their economic potential, to promote fair and efficient operation of the marketplace in Canada, and to establish the rules of the marketplace and ensure that they are effectively implemented and enforced.

Activity Description

Micro-economic policy

This activity sets the overall priorities and direction for the department's micro-economic agenda in the "four pillars" of marketplace climate, trade, technology and infrastructure.

Marketplace rules and services

Some 20 Acts set out the policy and legislative framework for the marketplace in such areas as bankruptcy, corporations and corporate governance, approval and inspection of measuring devices, intellectual property, competition, consumer product inspection and voluntary codes of practice, and spectrum licensing and monitoring.

Through this activity, Industry Canada develops, evaluates and revises rules, regulations and standards that govern the fair, efficient and competitive operation of the Canadian marketplace. These rules support and interpret marketplace legislation that is developed as part of the sub-activity related to promoting a healthy marketplace climate in the micro-economic policy activity.

Industry sector development

ndustry as it adapts to the challenges and opporunities of the global economy. This is accomplished through the development and implenentation of strategies in cooperation with major partners and stakeholders for the advancement of trade, investment, technology, information technology and telecommunications and human resource development. In addition, world-class information products and services will address the needs of Canadian industry. Policies, regulations and research will support Canada's information technology and telecommunications industry and The department's Industry sector development activity provides leadership and support to Canadian largeted financial assistance will promote investment and leading edge technologies.

Tourism

The Canadian Tourism Commission (CTC) is a working partnership between tourism industry businesses and associations, provincial and territorial governments and the Government of Canada. The CTC has authority to plan, direct, manage and implement programs to generate and promote tourism in Canada. As a Special Operating Agency (SOA), it is an example of the new partnership model of the federal Government. It is made up of industry representatives from across Canada acting to ensure that the tourism industry remains a vibrant and profitable part of the Canadian economy.

Corporate and management services

This activity encompasses the provision of corporate services, including management advisory services and strategic communication products and services direction, human resources and corporate development services, financial, administrative and common services through the following organical common services.

nizations and fulfils the functions of the Ethics Counsellor.

Atlantic Canada Opportunities Agency

Objective

To support and promote new opportunities for the economic development in Atlantic Canada, with particular emphasis on small and medium-sized enterprises, through policy, program and project development and implementation and through advocating the interests of Atlantic Canada in national economic policy, program and project development and implementation.

Activity Description

Development

This activity includes the Agency's program policy, planning and delivery functions directly related to the mandate of the organization. The activity is divided into six sub-activities: action/business development, COOPERATION, advocacy and coordination, special programs, Pan-Atlantic development, and program administration. These sub-activities delineate the nature of the Agency's business.

Corporate administration

This activity includes: the executive offices of the Minister and the President; personnel, financial, systems and other administrative support services provided at Head Office and in regional offices; internal audit activities; legal services; and the Head Office communications activities not related to specific programs.

Business Development Bank of Canada

Objective

ing financial and management services, giving particular consideration to the needs of small and To support Canadian entrepreneurship by providmedium-sized enterprises.

Canadian Space Agency

Objective

space science and technology to meet Canadian To ensure the development and application of needs and to ensure the development of an internationally competitive space industry in Canada.

Activity Description

Earth observation

Ensures Canadian leadership in the emerging earth observation international markets and plans to meet Canadian needs in the areas of environmental monitoring and resource management.

Satellite communications

multimedia and personal/mobile communications expanding Canadian industry's share of the grow-Ensures that Canadians will have access to new services made possible by advanced satellite communications technologies while maintaining or ing international market for these new services.

Canadian space station program

Enhances Canada's ability to operate in space and exploit the potential of space technologies, parlicularly automation and robotics, and plans to meet our commitments on the international space station program.

Canadian astronaut program

national human space flights, contributes to Canadian scientific and technological experiments in space and inspires Canadian youth to pursue Frains Canadian astronauts to participate in intercareers in science and technology

Space science

Ensures that Canada maintains a position of excellence in the worldwide scientific exploration of space and ensures the procurement of the instruments required from Canadian industry to obtain relevant scientific data.

Space technology

Ensures that Canada remains at the forefront of Canadian industry international competitiveness space technology development in preparation for Canada's future space programs and enhances through technology transfer and diffusion.

Executive and horizontal coordination

ensures the necessary cohesion of all Canadian Provides overall direction and administrative support services to the Canadian Space Agency and space program activities.

Competition Tribunal

Objective

To maintain and encourage competition in the Canadian economy by providing a court of record to hear and determine all applications under Part VIII of the Competition Act pertaining to anti-competitive behaviour on the part of individuals and corporations

Activity Description

Competition Tribunal

relation to matters falling under Part VIII of the The Competition Tribunal is a court of record to hear and determine all applications made to it in Competition Act. The Registry of the Competition Tribunal provides registry, research and administrative assistance to the Tribunal for the timely and expeditious conduct of its hearings which may be held throughout Canada as the Tribunal considers necessary or desirable for the proper conduct of its business.

Copyright Board

Objective

protected by copyright; and, to permit the use of To fix royalties that are fair and reasonable for both the owners of copyright and the users of works works for which the owner of the copyright cannot be located.

Activity Description

Copyright Board

Board has five distinct areas of jurisdiction under Established on February 1, 1989, as the successor of the Copyright Appeal Board, the Copyright the Copyright Act. Its responsibilities are to:

- establish tariffs for the retransmission of distant television and radio signals (sections 70.61 to 70.67);
- establish tariffs for the public performance of music (sections 67 to 69);

- adjudicate rate disputes between licensing bodies representing classes of copyright owners and users of their works (sections 70.2 to 70.4);
- rule on applications for non-exclusive licences to use published works of unlocatable copyright owners (section 70.7); and
- set compensation, under certain circumstances, for formerly unprotected acts in countries that later join the Berne Convention, the Universal Convention or the Agreement establishing the World Trade Organization (WTO) (section 70.8)

In addition, the Minister of Industry can direct the Board to conduct studies with respect to the exercise of its powers (section 66.8).

Finally, any party to an agreement on copyright royalties payable to a licensing body can file the agreement with the Board within 15 days of its conclusion, thereby avoiding certain provisions of the *Competition Act* (section 70.5).

Enterprise Cape Breton Corporation

Objective

To promote and assist the financing and development of industry on the Island of Cape Breton and to broaden the base of the economy of the Island.

Economic Development Agency of Canada for the Regions of Quebec

Objective

To promote the economic development of the regions of Quebec with low incomes, slow economic

growth, or inadequate possibilities for productive employment, by emphasizing long-term economic development and sustainable employment and income creation, while concentrating efforts on small and medium-sized enterprises and on the development and enhancement of entrepreneurial talent.

Activity Description

Promotion of the economic development of the regions of Quebec

To coordinate, support and promote economic development in the regions of Quebec, in large part through federal-provincial arrangements with the province of Quebec for the central and resource regions, and through direct federal programs to deal with specific needs.

National Research Council of Canada

Objective

To enhance the national capability and to stimulate investment in research and development for the economic and social benefit of Canada through:

- support for the national science and technology infrastructure;
- research and development in the national interest;
- research and development of national importance in partnership with industry; and
- contributions to the national supply of highly skilled human resources.

Activity Description

National research and development

Undertake and promote research and development to enhance the national scientific and engineering capability and investment.

Support for the national science and technology infrastructure

Support and promote the use of technology and information by Canadian industry and the research community to advance industrial competitiveness and the application of scientific information.

Program management

Ensure the effective management of the National Research Council's Program and its resources.

Natural Sciences and Engineering Research Council

Objective

To promote and support both research and the provision of highly qualified personnel in the natural sciences and engineering.

Activity Description

Grants and scholarships

Grants and scholarships awarded to selected individuals and groups in support of research, training of highly qualified personnel and research-related activities.

Administration

Operations in support of the granting process.

Social Sciences and Humanities Research Council

Objective

Within the Canadian research community, to promote and assist research and scholarship in the social sciences and humanities and to encourage excellence therein.

Activity Description

Grants and scholarships

Grants and scholarships awarded to selected individuals, groups and organizations in support of disciplinary based and priority research, human resource development, and activities related to the dissemination of research results; and sustaining grants to national scholarly associations.

Administration

Operations in support of the granting process.

Standards Council of Canada

Objective

To promote efficient and effective voluntary stand-ardization in Canada, where standardization is not expressly provided for by law, in order to advance the national economy, support sustainable development, benefit the health, safety and welfare of workers and the public, assist and protect consumers, facilitate domestic and international trade and further international cooperation in relation to standardization.

Statistics Canada

Objective

To provide statistical information and analysis on the economic and social structure and functioning of Canadian society as a basis for the development, operation and evaluation of public policies and programs, for public and private decision-making, and for the general benefit of all Canadians; and to promote the quality, coherence and international comparability of Canada's statistical system through collaboration with other federal departments and agencies, with the provinces and territories, and in accordance with sound scientific standards and practices.

Activity Description

International and domestic economic statistics

The provision of statistical information and analysis relating to the measurement of the international and domestic components of Canadian economic performance; and the coordination of data collection and aggregation activities with other federal departments and with provinces and territories to minimize response burden on the business community.

Socio-economic statistics

The provision of statistical information and analysis relating to economic phenomena commonly perceived as having a major impact on conditions of individuals and families; and the coordination of statistical activities on socio-economic issues with other federal departments and agencies and with the provinces and territories.

Census and social statistics

The provision of statistical information and analysis on the Canadian population, its demographic characteristics, and its conditions, including the census of population, and the coordination of statistical activities on social issues with other federal departments and agencies and with the provinces and territories.

Institution statistics

The provision of statistical information and analysis on the nature and operation of the public and institutional sectors; the development and promotion of common concepts and systems; and the coordination of federal, provincial and territorial Government statistical activities on social issues.

Fechnical infrastructure

The provision of an infrastructure of centralized and specialized services, including research and analysis, marketing and information services, classification systems, statistical methods, operations and regional services, and informatics, to efficiently support and deliver the agency's statistical products.

Corporate management services

The provision of central direction and management services including management practices, finance, personnel, and administrative services in support of the agency's program.

Western Economic Diversification

Objective

To promote economic diversification in western Canada in a manner that provides added influence for the West in national policy and decision-making, that improves client services in the West and that facilitates federal-provincial coordination.

Activity Description

Western Economic Diversification

To more effectively guide, in close cooperation with western stakeholders, federal Government policies, regulations and resources so that they become more constructive instruments of western economic growth and diversification.

Department

Objectiv

To provide the Government of Canada and federal departments and agencies with high-quality legal services, have superintendence of all matters connected with the administration of justice in Canada which are not within provincial or territorial jurisdiction and to propose policy and program initiatives in this context with a view to ensuring that Canada is a fair, just and law-abiding society with an accessible, equitable, efficient and effective system of justice.

Activity Description

Government client services

To respond to the requirements of the Government of Canada, its departments and agencies for quality legal or legislative services, in the most effective and cost-efficient manner in compliance with the law and governmental policy.

Law and policy

To ensure a responsive, fair, efficient and accessible national system of justice by managing the development, testing, promotion and implementation of justice policy in respect of criminal law, and family and youth law and to ensure fair, effective and responsible public administration by managing the Government legal framework in respect of administrative law, constitutional law, international law, native law, human rights law and information law.

Administration

To ensure effective strategic management of the administration of justice program by establishing

corporate management and administrative frameworks and services that ensure the optimal internal management of the department and its resources.

Canadian Human Rights Commission

Objective

To foster the principle that every individual should have equal opportunity to participate in all spheres of canadian life consistent with his or her duties and obligations as a member of society.

Activity Description

Canadian Human Rights Commission

Dispose judiciously of all complaints of discrimination on the prohibited grounds specified in the Canadian Human Rights Act in federal departments and agencies and the federally-regulated portion of the private sector; in the field of human rights conduct information programs, provide advice, issue guidelines, conduct research, review regulations and other instruments, maintain close liaison with the provinces and endeavour to discourage and reduce discriminatory practices.

Commissioner for Federal Judicial Affairs

Objective

To provide central administrative services for the Canadian Judicial Council, the judges of the Federal Court of Canada, the Tax Court of Canada and all other federally appointed judges of the superior courts of the provinces and territories.

Activity Description

Administration

Consists of the Office of the Commissioner and provision of personnel, financial and other central administrative services.

Canadian Judicial Council

Provides for the administration of the Canadian Judicial Council as authorized by the Judges Act.

Judges' salaries, allowances and annuities; lump sum payments to spouses; and annuities to spouses and children of judges Payment of salaries, allowances and annuities to judges of the Federal Court of Canada, the Tax Court of Canada and other federally appointed judges of the superior courts of the provinces and territories as authorized by the Judges Act; provides for annuities to spouses and children of judges. Provides for lump sum payments to spouses of such judges who die while in office.

Federal Court of Canada

Objective

To provide a court of law, equity and admiralty for the better administration of the laws of Canada.

Activity Description

Registry of the Federal Court of Canada

Provides for the administration of the Federal Court of Canada.

Human Rights Tribunal Panel

Objective

To protect and uphold the human rights of Canadians, in accordance with the Canadian Human Rights Act.

Activity Description

Human Rights Tribunal Panel

To ensure enforcement and application of the Canadian Human Rights Act through the conduct of fair and efficient hearings and to ensure that the administrative support necessary for the conduct of hearings and operations of the Tribunals throughout Canada is properly provided.

Law Commission of Canada

Objective

pendent advice on improvements to, and modernization and reform of Canada's law based on the knowledge and experience of a wide range of groups and individuals. The Commission is to be lean and efficient in its operation plus it is mandated to achieve cost-effective results. One of the duties of the Commission is to develop meas-The purpose of the Commission is to provide indeures to make the legal system more efficient, economical and accessible.

Offices of the Information and Privacy Commissioners of Canada

Objective

Information commissioner:

- the Access to Information Act are respected; to ensure that the rights of complainants under complaints are given a reasonable opportunity to complainants, heads of federal Government institutions and all third parties affected by missioner and investigations are thorough and make representations to the Information comtimely;
- to persuade federal Government institutions to adopt information practices in keeping with the Access to Information Act; and
- to bring appropriate issues of interpretation of the Access to Information Act before the Federal Court.

Privacy commissioner:

- to ensure that the rights of complainants under the Privacy Act are respected and that the privacy of individuals with respect to personal information about themselves, held by a federal Government institution, is protected; and
- · to encourage the growth of fair information practices by Government institutions.

Activity Description

Information commissioner

nvestigates, reports and makes recommendations to the heads of Government institutions as a result of complaints from individuals who allege noncompliance with the Access to Information Act. The Commissioner may initiate a complaint. The Commissioner may appear on behalf of complainants, with their consent or as a party, in applications before the Federal Court for review of decisions by federal Government institutions to refuse access under the Act. He reports to Parliament annually and may make special reports.

Privacy commissioner

Investigates, reports and makes recommendations to the heads of Government institutions and, in the use, retention and disposal of personal inforcase of complaints, reports findings to the complainant. The Commissioner reviews personal information held in Government information banks and investigates the institutions' collection, mation. The Commissioner may, with a complainant's consent, appear on his or her behalf in an application for Federal Court review of an institution's decision to deny access. The Commissioner reports annually to Parliament and may nitiate special reports at any time. The Commissioner may also be requested to undertake special studies for the Minister of Justice.

Administration

Provides administrative support services to both the Information and Privacy Commissioners.

Objective

social and economic programs and goals of the To ensure the fair and timely assessment, collecduties and other relevant charges and levies; to enhance the competitiveness of Canadian business hrough the administration of a wide variety of the Government's trade policy instruments and the facilitation of trade, international commerce and ourism; to enforce Canadian laws and sovereignty at the border, and protect Canadian business, individuals and society generally from inadmissible or dangerous goods and people; and to support the Government such as competitiveness through fair and equitable administration of legislation, international treaties and agreements and other federal ion and, where appropriate, refund of all taxes, and provincial statutes and regulations.

Activity Description

Assistance to clients and assessment of returns

To communicate to clients their rights and obligations; to develop and maintain a registry of clients; to provide them with the necessary forms and information for filing returns accurately and on time; to respond to client enquiries; to process and assess their returns when received; to advise clients of results through the issuance of notices of assessment; to process payments; to update client accounts for all assessments and remittances; and to conduct a limited verification of items that were accepted at the assessing stage. Also included are an advisory function to other Government departments with respect to the administrative feasibility

of new legislation and treatics under negotiation; activities related to the registration of charities, pension and deferred income plans; and the provision of advance rulings on the tax implications of potential transactions.

Customs border and trade administration services

national agreements and other Government trade administering duty relief measures with respect to contraband; to support Canadian industrial competitiveness by ensuring that Canadian business policy instruments; and to support domestic ecocertain imported goods which are exempt from the vices designed to advance and support the Government's foreign policy and domestic socioeconomic objectives, and thereby protect Canadian industry and society, through control of the movement of people, goods, and conveyances entering or leaving Canada, and through the detection of receives the advantages intended by various internomic policy, such as industrial development, by To enforce Canadian laws and sovereignty at the border and deliver customs border and trade serapplication of the Government's trade policies.

Verification and enforcement

To carry out a range of programs related to the verification and enforcement of compliance with tax legislation. These programs include a variety of examinations, audits and investigations designed to increase compliance and ensure fairness in the self-assessment system.

Revenue collections

To collect tax, levies, duties, and other amounts including collections of amounts deducted at source by employers on behalf of employees; and outstanding balances resulting from assessment or reassessment of both income and GST amounts as well as outstanding levies and duties. Also included is the issuance of rulings on whether individuals are entitled to benefits under the *Canada Pension Plan* (Act) and Employment Insurance Act, and making other determinations at the request of the Department of Human Resources Development.

Appeals

To provide clients with a means of redress, involving the resolution of Notices of Objection and Appeals by an impartial review of an assessment or reassessment contested by a client. Also included is the disposal of applications from employers or employees regarding the determination of eligibility under the provisions of the Canada Pension Plan (Act) and the Employment Insurance Act.

Administration and information technology

To provide executive direction and a range of support and central services to the other activities. These services include electronic data processing and information technology, internal audit and program evaluation, financial management, resource management, office systems, security, human resources, training, laboratory and legal services.

Department

Objective

To advance the development of Canada's economy by providing expert scientific and economic knowledge to Canadians, and by promoting the sustainable development and use of Canada's natural resources and the competitiveness of the energy, forest, minerals and metals and geomatics industries.

Activity Description

Science and technology

holders, works to increase the use of alternative ment of technologies that extend Canada's port of geoscience and geomatic activities. The department also conducts forest science research ability; predicts and monitors effects of human interactions and natural events on forest ecosystems; and conducts forest production research to ensure sustainability for difficult to grow and/or energy; and develops and facilitates the deployhydrocarbon resource base and use our energy wisely. The department also conducts research and transfers technologies and techniques that contribute to Canada's forest health and sustain-NRCan, in partnership with its clients and stakeand development and transfers technology in supendangered trees.

NRCan also develops and transfers technologics leading to more efficient industrial processes, the production of new, higher-performance mineral and metal-based products and enhances the productivity of mining and ore processing operations; carries our research that mitigates the impacts of effluent and drainage on mining and milling operations; provides technical support to mines in Canada on roof control, underground environment assessment, ventilation and rockburst abatement;

makes improvements to procedures that apply to manufacturing; improves the reliability for service of Canadian oil and gas pipelines and concrete structures; and develops technologies associated with the manufacture, use, storage and transport of explosives and pyrotechnics.

NRCan works internationally to facilitate the export of Canadian resource-related goods and services, and promotes the transfer of technologies and the exchange of knowlege supporting the sustainable development of natural resources.

Knowledge infrastructure

and non-canadian groups. The Department collects and analyzes national data on mineral and iciency in Canada. It makes the information available to the public and creates awareness of opportunities and proven technologies for improving the efficiency of energy use. NRCan partners science, and mineral and metal economics sources and to public health and safety. The department also provides a reliable system of surveys, maps, remotely sensed data and geographically referenced information covering eignty, defence, the environment, socio-economic development and the governing of Canada. The department provides coordinated logistics advice and services in support of scientific research programs conducted in the Arctic to Canadian government, university groups and private sector metal, and energy consumption as a basis for forecasting and reporting progress on market demand for minerals and metals and achieving energy efwith others to gather, share and disseminate infor-NRCan develops and maintains the national geoknowledge infrastructure necessary for providing Canadians with sound economic, scientific experise and advice on matters relating to the sustainable development of Canada's mineral re-Canadian territory, in support of national sover-

reserves and mine openings and closings. It analyzes information received and prepares statistics on the productivity and competitiveness of the Canadian mineral and metals industry. The department also develops and maintains a national forestry database for clients, stakeholders and public use, and has the lead in developing national criteria and indicators for sustainable forest management.

Developing federal policy and regulations

It also develops and implements policies on nu-NRCan, in conjunction with Indian and Northern program to generate Aboriginal employment, finance viable forest operations, improve the quality of reserve forests and to enhance Aboriginal forest management skills. The Department also develops national strategies, policies, regulations and tools to promote a clear understanding and use of sustainable forest management pracenergy and mineral and metal resources. It develops and promotes the use of emerging and efficiency in buildings, in industry and at home. clear energy and radioactive waste management. Affairs Canada, manages the First nations forestry NRCan leads and participates in activities to limit greenhouse gas emissions and develops strategies and policies for the sustainable development of promising renewable resource technologies and alternative sources of energy as well as developing and implementing programs to promote energy tices in Canada. NRCan develops and implements federal minerals and metals policy to guide the Government's decisions in support of sustainable development of Canada's minerals and metals industry. The Department also works in collaboration with other agencies to streamline environmental and land use regulations and decision-making processes that affect the minerals and metals industry. As part of this work, the Department assesses the mineral

mation on mineral exploration, production, ore

and energy resources of federal lands as required for land use and other policy decisions and is undertaking initiatives in metals recycling.

The Department contributes to the completion of the reviews of the resource allowance, of business taxation and of the NWT mineral royalty regime. Finally, the Department works, in conjunction with Justice Canada, to improve safety in the explosives industry by producing the explosives regulations in plain language.

Promoting Canada's international interests

NRCan supports the Canadian geomatics and geoscience industry in major international projects, development of standards, exchange of information, research and development, training personnel exchange, and on Government policies and programs. The Department holds investment seminars to attract investment to Canada, addresses international environmental and trade issues related to minerals and metals, and enhances minerals and metals market transparency to increase global competitiveness.

NRCan also represents, promotes and advances Canadian energy, mineral and forestry interests internationally with particular regard to climate sources issues. The Department participates in international activities primarily to help ensure Canadian competitiveness and trade obligations. For example, it influences the harmonization of multilateral fora, provides advice to assist in negotiations on trade frameworks as well as regulatory, trade and foreign policy issues. Likechange, energy efficiency, energy and mineral reinternational standards and codes, participates in wise bilateral relations allow the Department to exchange information to promote regulatory and sights concerning implementation of energy-efficiency and forestry measures, both policy consistency and may provide ideas and in-

current and prospective. Maintaining good relationships with counterparts in other countries, while building on a solid knowledge base of foreign developments, facilitates private sector access to foreign markets for forestry and energy efficient products as well as forestry and energy management practices and services. The Department manages the international forestry partnership program, provides advice on the development of international model forests, and supports the development of international criteria and indicators for temperate and boreal forests.

Sunset/special programs

The Department is currently providing offshore development funds for infrastructure costs relating to the exploration and development of oil and gas in the offshore of Nova Scotia and Newfoundland. The Department is in the process of executing the final payout provisions of the Forest Resource Development Agreements (FRDAs) remaining with British Columbia, Alberta, Ontario and Quebec. This will be completed by March 31, 1997. NRCan is also integrating aspects of the former Green Plan initiative into the Canadian Forest Service's (CFS) delivery structure and at the same time phasing-out CFS's Tree Plan commitments. Finally, the Department is terminating the Mineral Development Agreements (MDAs).

NRCan also does boundary surveys for native land claims and is administering the federal mandate of the Cape Breton Development Corporation.

Corporate management and administration

This activity represents the corporate management that administrates the Department's internal functions. It provides corporate strategic and management direction for aligning departmental objectives to ministerial and Government priorities, for setting goals and monitoring results, and

for managing allocated resources in an effective and efficient manner through: corporate strategic planning, department-wide policy coordination and issues management; cabinet and parliamentary liaison; financial, administration, human resources, information management/information technology direction and services; communications strategy, advice and services; the administration of environmental policy and assessment activities; support to the chief science advisor; and the conduct of internal audit and program evaluations.

Geomatics Canada Revolving Fund

The Fund was established under Appropriation Act No. 3 1993-94. The fund allows Geomatics Canada to shift the costs of offering goods and services from taxpayers at large to those specific users who benefit directly from them. This revenue retention mechanism gives Geomatics Canada the ability to recover full costs from Canadian customers and the freedom to charge market prices for international clients. It presents the opportunity to provide an increasing volume of products and services in response to the needs of Canadian clients as well as supporting the Canadian geomatics industry through the knowledge and expertise necessary to be competitive in the international market.

Atomic Energy Control Board

Objective

To ensure that nuclear energy in Canada is only used with due regard to health, safety, security and the environment, and to support Canada's participation in international measures to prevent the proliferation of nuclear weapons.

Activity Description

Administration of Atomic Energy Control Regulations and participation in measures for international control of atomic energy

velopment to obtain data essential for the effective implementation of licensing and compliance aclivities; and the designating, under the Nuclear operators of such installations; the developing of Atomic Energy Agency in accordance with the application and use of nuclear energy; the regulating of the mining, refining, production, ownership, use or sale of prescribed substances; the defining of standards to be met, the assessing these standards and to assure their maintenance, and the inspecting to ensure compliance; the conducting of mission-oriented research and de-Liability Act, of nuclear installations and the prescribing of the basic insurance to be carried by the specialized safeguards techniques and equipment in respect of CANDU reactors in Canada and abroad, in co-operation with the International trolling, supervising and licensing the production, processing, import, export, transport, possession, of the capabilities of licence applicants to meet Treaty on the Non-Proliferation of Nuclear Weap-The making of regulations for developing, con-

Atomic Energy of Canada Limited

Objective

To develop the utilization of atomic energy for peaceful purposes.

Cape Breton Development Corporation

Objective

To rehabilitate and re-organize the coal mining industry on Cape Breton Island to be economically viable.

National Energy Board

Objective

To regulate, in the public interest, those areas of the oil, gas, and electricity industries relating to:

- (i) the construction and operation of pipelines and international power lines,
- (ii) traffic, tolls, and tariffs of pipelines,
- (iii) exports of gas, oil, and electricity and imports of gas and oil, and
- (iv) regulatory control of oil and gas activities on frontier lands, not otherwise controlled by joint boards and to advise the Minister of Natural Resources Canada on the development and use of energy resources.

Activity Description

Energy regulation and advice

 Advice and inquiry: use of the NEB's expertise and data bases to provide information and analysis on the control, conservation, use, transportation, marketing, and development of oil, natural gas and electricity, including petroleum resources of frontier lands; inquiry into aspects of the North American energy situation important to the maintenance of Canada's energy future and economic well-being.

- Facilities regulation: ensure expeditious, safe, efficient and environmentally sound construction and operation of gas and oil pipelines and power lines subject to federal jurisdiction.
- Traffic, tolls, and tariffs regulation: ensure that tolls of pipelines under federal jurisdiction are just and reasonable and that pipeline services are provided on a continuing basis, without unjust discrimination, and in a cost-efficient manner.
- Energy trade: ensure Canadian interests are served in the North American market for electrical power, gas, and oil.
- Oil and gas regulation on frontier lands: develop and maintain a regulatory system for frontier lands.
- Program management and services: provide effective support and advice to Board Members, departmental managers, employees and outside parties so that program objectives will be achieved.

The Senate

Objective

To enable the Senate to carry out its constitutional role and to administer the affairs of the Senate.

Activity Description

Political Officers of the Senate and other Members of the Senate

Provision of statutory services to the Senators. These include administration of the salaries, allowances, the Senate's contribution to their pension fund, travel, removal and telecommunication expenses, as well as retiring allowances of political officers of the Senate and Members of the Senate as authorized by the Parliament of Canada Act and the Members of Parliament Retiring Allowances Act.

Officers in the service of the Senate

Salaries and other expenses relating to the offices of the Clerk of the Senate, Parliamentary counsel, information services, Gentleman Usher of the Black Rod and support staff.

Administration

The following areas provide the administrative functions necessary for the effective and efficient operation of the Senate:

- Finance Administration of the financial and materiel management functions of the Senate including Senators' pay and benefits, professional services, research assistance; internal audit, financial services, reporting and controls and acquisition of materiel.
- Human resources Administration of the personnel functions of the Senate including

staffing, staff relations, pay and benefits, classification and official languages.

Services — Administration of telecommunications and informatics services; provision of messenger and postal services; provision of inhouse printing facilities, maintenance and upkeep of accommodation; furniture repair, trades, transportation and auxiliary services; provision of page services in the Senate Chamber

Legislative services and committees

Reporting, transcribing, revision, editing and publication of deliberations of the Senate and Senate committees in both official languages. Activity Description

Elections

- Canada Elections Act Exercise of general direction and supervision over the administrative conduct of elections, including the training of federal and territorial returning officers, the revision of the boundaries of polling divisions and the acquisition of election material and supplies for transmission to returning officers when required, issue of directives and provision of guidelines to candidates and political parties, enforcement of all provisions of the Act and the making of statutory payments to election officers, auditors, political parties and candidates where specified by the Act.
- Electoral Boundaries Readjustment Act Provision to the 11 electoral boundaries commissions of the number of members of the House of Commons to be assigned to each of the

provinces. Provision of the necessary statistics, maps and other documentation to the 11 commissions. Provision of financial support and taxing of all accounts related to salarics and other expenses submitted by the 11 commissions for payment out of the Consolidated Revenue Fund

• Referendum Act — Exercise of general direction and supervision over the administration conduct of a referendum, including the training of federal returning officers, the revision of the boundaries of polling divisions and the acquisition of referendum material and supplies for transmission to returning officers. When required, issue of directives and provision of guidelines to referendum committees, enforcement of all provisions of the Act and the making of statutory payments to referendum officers where specified by the Act.

Administration

Management of Headquarters operations and of the statutory functions assigned to the Chief Electoral Officer outside of the electoral period. These include the review and study of electoral procedures and election expenses provisions of the Act, the compilation and preparation of statutory and statistical reports and books of instructions for election officers, candidates and political parties and the payments of all administrative and statutory accounts.

Commissioner of Official Languages

Objective

To ensure recognition of the status of each of the official languages and compliance with the spirit and intent of the Official Languages Act.

Activity Description

Commissioner of Official Languages

to the advancement of English and French in Cabefore the Standing Committee on Official Lanommendations to correct infractions and prevent further contraventions of the Official Languages 4ct of 1988. Presents reports to the Governor in Council or makes applications to the Federal Court concerning certain contraventions of the Act when all other recourses of the Commissioner of Official Languages have been exhausted. Undertakes audits and studies in order to evaluate the performance of federal institutions with regard to official languages matters and recommends to these instilutions appropriate corrective actions. Ensures implementation of the Government's commitment nadian society and to the development of the linguistic minorities. Reports to Parliament on a regular basis with regard to the current degree of implementation of the Act. Appears regularly guages and provides, upon request, commentary on official languages policies and programs and on the performance of departments, agencies and Crown corporations. Designs and implements pubinvestigates complaints received and makes reclic information programs.

National Round Table on the Environment and the Economy

Objective

To play the role of catalyst in identifying, explaining and promoting, in all sectors of Canadian society and in all regions of Canada, the principles and practices of sustainable development.

Activity Description

National Round Table on the Environment and the Economy

Conducts studies, organizes multistakeholder dialogues on specific issues and economic sectors, carries out educational and communications activities, and provides advice to the federal Government and all sectors of Canadian society on the integration of environmental and economic considerations into decision-making.

Public Service Staff Relations Board

Objective

To provide the framework within which the various rights and responsibilities of participants to collective bargaining in the Public Service are to be exercised.

Activity Description

Staff relations administration

The Public Service Staff Relations Board is a quasi-judicial statutory tribunal responsible for the administration of the systems of collective bargaining and grievance adjudication established under the Public Service Staff Relations Act and the Parliamentary Employment and Staff Relations Act. In addition, it is responsible for the administration of certain provisions of Part II of the Canada Labour Code (Act) concerning occupational safety and health applicable to employees in the Public Service. Proceedings before the Board include applications for certification, revocation of certification, complaints of unfair labour practices, designation of employees whose duties are required to be performed in the interest of the safety

or security of the public, and references of safety officers' decisions and complaints under the safety and health provisions of Part II of the Canada Labour Code (Act). As well, the Board provides a mediation and conciliation service to assist the parties in the resolution of their differences. This service enables many matters to be settled without resort to formal proceedings before the Board.

The Board also provides physical premises and administrative support services to the National Joint Council which is a consultative body of representatives of employers and employees for the determination of terms and conditions of employment that do not lend themselves to unit by unit bargaining.

Security Intelligence Review Committee

Objective

To provide external review of the Canadian Security Intelligence Service performance of its duties and functions; and to examine complaints by individuals or reports by ministers related to security clearances and the national security of Canada.

Activity Description

Security Intelligence Review Committee

The Security Intelligence Review Committee conducts research, institutes studies, undertakes compliance audits, and reports annually to Parliament on the activities of the Canadian Security Intelligence Service. The Committee also conducts investigations of relevant files, holds hearings, calls witnesses, and makes reports to the deputy heads and ministers concerned, or to the Governor General in Council.

Department

Real Property Services Program

Objective

To manage a diverse portfolio of general and commonuse real property and other assets, in order to provide accommodation and related services to federal tenants, clients and other assets users and to optimize the federal investment in the assets. To provide common services in the real estate and architectural and engineering fields to clients at market-based rates.

Activity Description

Federal accommodation

To manage a diverse portfolio of office and commonuse facilities in order to provide safe and productive working environments for federal public servants and to optimize the Government's investment in these assets.

Federal holdings

To manage the Government's investment in, and divestment of, a diverse portfolio of federal real property under the custody of the Minister and to manage the payment of federal grants in lieu of municipal or provincial taxes.

Services

To provide real property related services appropriate to clients' needs and at market-based rates.

Program coordination

To provide the strategic direction and framework related to the management of the program, and to provide policy and operational advice to the minister and departmental executive committee.

Supply and Services Program

Objective

To contribute to the achievement of value for money, the preservation of fairness and integrity in Government administration and the support of Government objectives by delivering or facilitating a wide range of valued essential services in the areas of supply, human resources, finance, translation, Government telecommunications and informatics, and other central Government services.

The Supply and Services Program provides ten central Government and common services and activities which are managed and delivered ating agencies. All services are developed in an ished client service and resourcing standards. The Government and common services, Corporate of these activities have dedicated resources, and in some cases, they have an allocated portion of the corporate management services grouped into subthroughout the Department. As well, the program includes sub-activities designated as special operintegrated manner at Headquarters to meet a wide Program is divided into three activities: Central resources in the regions. In the case of Receiver telecommunications and informatics sub-activities of the central Government and common services activity they have dedicated resources in both variety of client needs, in conformity with estabmanagement, and Special operating agencies. All General Services, public service compensation, supply, Crown assets distribution and Government Headquarters and the regions. The Central Government and common services activity has seven sub-activities, namely: Receiver General services; public service compensation, supply, public relations and print

contract services, Crown assets distribution, Government telecommunications and informatics services and other central Government services.

- The Corporate management activity consists of the following three sub-activities: executive and corporate services, human resources, and regional support.
- The Special operating agencies activity consists of the Canada Communication Group, Consulting and Audit Canada, and the Translation Bureau.

Activity Description

Central Government and common services activity

This activity provides central Government and common services to diverse clients to meet a wide range of needs. These services are delivered to over 100 departments and agencies in Canada, Europe and the Unites States.

This activity consists of seven central Government and common services sub-activities. Services are developed in an integrated manner at Headquarters to meet a wide variety of client needs, in conformity with established client service and resourcing standards. Each sub-activity has dedicated resources at Headquarters, as well as an allocated portion of the resources in regional directorates. The following services (sub-activities) are provided under this activity:

- Receiver General services;
- public service compensation;
- supply;
- public relations and print contract services;

- Crown assets distribution;
- · Government telecommunications and informatics services; and
- other central Government services.

Corporate management activity

This activity provides a wide range of support services and management support to Public Works and Government Services Canada.

support sub-activities. It includes the offices of tions of finance, communications, audit and search and legal services. It also includes the This activity is composed of executive and corporate services, Human resources and regional the Minister and the Deputy Minister and the funcreview, human resources, capital assets, materiel management, security, contract claims resolution, corporate policy and planning, public opinion recorporate implementation group, as well as the functions of the Corporate Secretary.

Special operating agencies activity

This activity provides efficient and effective services in a commercially-oriented and business-like manner in order to meet clients' requirements.

cies (SOAs) which offer optional services to departments and agencies on a fee-for-service basis, as well as some mandatory services funded The activity encompasses special operating agenby vote. Services offered include printing, publish-

ing and a wide range of communication services; translation and other linguistic services; and consulting, auditing and related services. These SOAs include:

- Canada Communication Group;
- Consulting and Audit Canada; and
- Translation Bureau.

Crown Corporations Program

Objective

To authorize and issue payments to certain Crown corporations pursuant to agreements approved by the Governor in Council.

Activity Description

Old Port of Montreal Corporation Inc.

To develop and promote the development of the Old Port of Montreal lands by putting into place infrastructure, equipment and services.

Queens Quay West Land Corporation

To function as a realty management and disposal company for the Harbourfront precinct in Toronto.

Canada Mortgage and Housing Corporation

Objective

To promote the construction of new houses, the repair and modernization of existing houses, and the improvement of housing and living conditions.

Canada Post Corporation

Objective

The objective of the Corporation is to establish and operate a postal service.

Royal Canadian Mint

Objectives

- To produce and arrange for the production and supply of coins of the currency of Canada;
- · to produce coins of the currency of countries other than Canada:
- to melt, assay, refine, buy and sell gold, silver and other metals for the account of Canada; and
- · to make medals, plaques and other things as are incidental to the powers of the Mint.

Department

Objective

To provide overall policy direction to the programs of the Ministry, and to perform review functions related to Ministry agencies.

Activity Description

Department of the Solicitor General

The Department provides strategic and corporate advice for the Solicitor General, and the Deputy Solicitor General; develops police and security policy and advice; develops counter-terrorism policy including development, coordination, and implementation of the National Counter-Terrorism Plan, develops corrections policy and advice; provides executive, communications, legal, planning and resource management, financial and administrative services.

Office of the Inspector General of Canadian Security Intelligence Service

The Office of the Inspector General of CSIS monitors the compliance by the service with its operational policies; reviews operational activities of the service; submits an annual certificate on the service's operations to the Solicitor General and conducts such reviews of specific activities of the service as may be directed.

Canadian Security Intelligence Service

Objective

To provide security intelligence to the Government of Canada.

Activity Description

Canadian Security Intelligence Service

Collects, analyses and retains information and intelligence respecting activities that may be suspected of constituting threats to the security of Canada, reports to and advises the Government of Canada in relation to these threats, and provides security assessments.

Correctional Service

Objective

To contribute, as part of the criminal justice system, to the protection of society by actively encouraging and assisting offenders to become law-abiding citizens, while exercising reasonable, safe, secure and humane control.

Activity Description

Correctional operations

Provision of essential services that relate to each stage in the offender's sentence, including any period of conditional release. These services include: the provision of physical health care to inmates as well as mental health care to both inmates and conditionally released offenders; supervision and control of inmates in concert with physical and perimeter security; case management operations; and community supervision and aftercare services.

Correctional programs

Provision of a range of programs designed to promote the rehabilitation of offenders including: academic and vocational training, employment and occupational development; chaplaincy programs and services; and other programs designed to ad-

dress specific cultural, social, spiritual and personal development needs.

Technical and inmate services

Provision of functions directly related to food, clothing and housing services to inmates, and to the construction, maintenance and operation of correctional institutions. These include: goods and services in support of institutional activities; engineering and maintenance in support of physical plant, program facilities and transportation; and capital program management services. This activity also encompasses the management services of systems.

Management and administration

Provision of corporate services such as strategic planning, corporate policy, research, communications, program evaluation, audit, legal services and executive services. In addition, this activity encompasses those management services of personnel, finance, administration, and the coordination of operational and resource planning.

CORCAN

Provision of work-related training, work experience and employment related services in accordance with offenders' needs, to facilitate offenders' re-entry into the labour market and re-integration into society.

National Parole Board

Objective

To exercise statutory and regulatory powers to grant and to control the conditional release of persons undergoing sentences of imprisonment and to make recommendations for pardons and the exercise of the Royal Prerogative of Mercy.

Parole board operations

In accordance with the provisions of the Corrections and Conditional Release Act, and other relevant statutes, the National Parole Board is an nies and controls the conditional release of inmates of federal penitentiaries, and recommends the exercise of the Royal Prerogative of Mercy and the granting of pardons. In addition, the National Parole Board exercises the same powers and responsibilities, with the exception of the granting of temporary absences, for provincial inmates in independent administrative body which grants, deprovinces without provincial parole boards.

Office of the Correctional Investigator

Objective

ensuring an independent review and investigation of problems of federal offenders related to the decisions, recommendations, acts or omissions of the Commissioner of Corrections, his servants or To act as an ombudsman for federal corrections, agents in relation to the administration of the Corrections and Conditional Release Act and thereby agement of the sentences of those offenders for contributing to the effective, fair and humane manwhom the Solicitor General is responsible.

Activity Description

Office of the Correctional Investigator

The Office maintains an investigative process that is independent, objective, thorough and timely so as to respond to the problems of federal offenders and correctional staff so as to facilitate the reso-

of Parliament and appears, as required, before ution of individual and collective offender concerns; provides recommendations to the Commissioner of Corrections and the Solicitor General on the findings of investigations, inclusive of corrective actions; reports annually through the Solicitor General, to both Houses the Senate and House Standing Committees on Justice and the Solicitor General.

Royal Canadian Mounted Police

Objective

To enforce laws, prevent crime, maintain peace, order and security.

Activity Description

Operations

Includes a wide variety of law enforcement programs in support of federal, provincial and municipal governments. Assistance and cooperation with accredited police agencies and services to the general public are provided.

Protective

Provides security and protection for Canadian and foreign dignitaries, federal Government facilities/assets, major events as well as designated airports, and encompasses the research, development and evaluation of security equipment, materials and concepts.

Law enforcement services

Assists all Canadian law enforcement agencies by providing specialized police training, forensic aboratory, identification and information services.

Corporate management

countability is ensured by the coordination of Includes the management of strategic and corporate planning, policy design, financial planning and program evaluation. Responsiveness and accommunications, public affairs, information access, ministerial liaison and external review and appeals.

Administration

Encompasses the organization and management of the Department's human resources, its training programs, staffing, health and language services, and the administration of materiel management, the real property program and services.

Royal Canadian Mounted Police External Review Committee

Objective

To provide external review of certain types of grievances, formal disciplinary and discharge and demotion appeals referred to it from the Royal Canadian Mounted Police.

Activity Description

Royal Canadian Mounted Police External Review Committee The Royal Canadian Mounted Police External Review Committee which reports annually to Parliament is a neutral third party providing an independent and impartial review of cases. The Committee may institute hearings, summon witnesses, administer oaths and receive and accept such evidence or other information as the Committee sees fit. The findings and recommendations of

the Chairman, or Committee, are sent to the parties and the Commissioner of the Royal Canadian Mounted Police.

Royal Canadian Mounted Police Public Complaints Commission

Objective

To provide the public with an opportunity to make complaints regarding the conduct of members of the RCMP in the performance of their duties, and to have the complaints examined by an external body in an independent and impartial manner.

Activity Description

Royal Canadian Mounted Police Public Complaints Commission

The RCMP Public Complaints Commission is an impartial and independent body that receives and reviews complaints brought before it. The Commission may conduct investigations, hold public hearings, summon witnesses, administer oaths, accept such evidence as the Commission sees fit, and missioner of the RCMP and the Solicitor General of Canada. The Commission Chairman submits an annual report to the Solicitor General setting out a summary of activities and a list of recommendations made during the year, for tabling before each House of Parliament.

Department

Objective

To develop and administer policies, regulations and services for the best possible transportation system.

Activity Description

Policy

The Policy activity encompasses the development of transportation policies and legislative changes which contribute to an efficient and effective Canadian transportation system. Also included is the monitoring and analysis of the Canadian transportation system, annual reporting (Canada Transportation Act), economic studies, and program evaluations. Crown corporations funding and analysis is also provided.

Safety and security

The Safety and security activity develops national legislation, standards and regulations and implements monitoring, testing, inspection, education, research and development and subsidy programs to promote safety and security in the aviation, marine, tail and road modes and delivers aircraft services to Government and other transportation

Programs and divestiture

The Programs and divestiture activity negotiates for the divestiture of harbours, ports and airports to local interests; operates airports, harbours and ports until their transfer; operates federallyowned remote airports and remote harbours and ports; administers airport, port, highway and bridge subsidy programs; performs landlord and

monitoring functions for the Department including for harbours, ports and airports and air navigation system sites; and administers an environmental stewardship program for federal transportations assets.

Departmental administration

The departmental administration activity provides financial, administration, informatics, human resource, internal and external communication, legal and executive services to the Department.

Canadian Transportation Agency

Objective

To contribute to the attainment of an efficient and effective national transportation system that serves the needs of shippers, carriers and travellers, through the economic regulation of carriers and modes of transportation that come under federal jurisdiction.

Activity Description

Canadian Transportation Agency

The Canadian Transportation Agency activity is better explained by examining its sub-activities.

• Members and regulatory support: It comprises the Chairperson's office, legal and regulatory support services. Its objective is to ensure due process through sound, timely and effective quasi-judicial adjudication and regulation in accordance with the legislation and Government policies and priorities.

- ies; and, in order to support the formation of methodologies of railway operations are based as defined in the Canada Transportation Act and related legislation. Its main objectives consist of: contributing to the adequacy and viability of rail and marine transportation services which meet the requirements of Canadian business through economic regulation; the effective management of the rail infrastructure program; encouraging and maintaining fair competition while protecting the interests of transportation isers; upon complaint, ensuring that rates or conditions do not unfairly or unreasonably impede freight shipment, industrial development and trade by resolving disputes between shippers, ail and marine carriers and other interested parfederal railway policy, ensuring that the costing comprises all the rail and marine regulatory funcions encompassed in the mandate of the Agency Rail and marine transportation: This sub-activity on sound and accurate data.
- with disabilities in a reasonable and equitable livity comprises all the air regulatory functions as encompassed in the mandate of the Agency as defined in the Canada Transportation Act and related legislation. Its main objectives consist of contributing to the adequacy and viability of air ransportation services within, to and from Canada, through the administration of an air carrier licensing system, the administration of international air agreements, the monitoring of international air tariffs and improving accessibilty to Canada's transportation system of persons nanner. The Agency's appeal function as it reates to the charges of the new commercialized air navigation system will come under this subactivity two years after the pertinent legislation Air and accessible transportation: This sub-ac-

Civil Aviation Tribunal

Objective

To provide the aviation community with the opportunity to have enforcement and licensing decisions of the Minister of Transport reviewed by an independent body.

Activity Description

Review and appeal hearings

Provides for the operation of an independent Civil Aviation Tribunal to respond to requests from the aviation community for review of enforcement and licensing decisions taken by the Minister of Transport under the Aeronautics Act; and to conduct hearings into such appeals. At the conclusion of a hearing, the Tribunal may confirm the Minister's decision, substitute its own decision, or refer the matter back to the Minister for reconsideration.

Secretariat

Central Administration of the Public Service Program

Objective

To support the Treasury Board in performing its statutory responsibilities for managing the Government's financial, human and materiel resources.

Activity Description

Expenditures management

Provides leadership, direction, and advice to departments and agencies on expenditure management, regulatory affairs, and property and material management through the development of appropriate policies and procedures to support efficient and effective program delivery. Expenditure management also reviews departmental plans and programs, and provides advice and recommendations to the Government on specific proposals that:

- reflect the priorities that the Government assigns to the objectives;
- increase the effectiveness of existing and proposed programs;
- increase the efficiency with which the financial resources, facilities, equipment, materials and supplies are used in operating programs; and
- develop the Estimates for the approval of Parlia-

Personnel management

Develops, communicates, and evaluates the human resources, official languages and employment

equity policies and instruments that help departments manage human resources and that promote effective employer-employee relations in the Public Service.

Financial and information management

Provides leadership to departments - through policies, standards, frameworks of accountability, and the promotion of best management practices - in the use of technology and information management, business process renewal, effective review, and sound financial and contracting management so that departments may provide innovative and affordable services to their clients.

Administration

Including executive direction for the Secretariat; and information, financial, personnel and administrative services.

Government Contingencies and Centrally Financed Programs

Objective

To provide funds for unforeseen expenditures which arise after the Main Estimates have been tabled and for centrally managed programs.

Activity Description

Government contingencies

Provides funding for increased personnel costs arising out of negotiated and non-negotiated agreements and other paylist requirements not included in departmental Estimates and for expenditures of a miscellaneous character which cannot be foreseen when the Estimates are drawn up.

Reprography

Provides funding for costs arising out of the negotiated licencing agreement which authorizes the copying of published works, subject to copyright, on a Government-wide basis.

Training assistance

Provides funding to assist in retraining certain public servants who are, or will be, declared surplus employees pursuant to the Public Service Employment Regulations.

Employer Contributions to Insurance Plans Program

Objective

To provide for contributions by the Government as employer in respect of employee insurance and benefit plans and programs and for payments made under certain residual pension plans.

Activity Description

Public service insurance

Provides for the payment of the employer's share of health, income maintenance and life insurance premiums, for payments to or in respect of provincial health insurance plans, provincial payroll taxes and the employee's share of the employment insurance premium reduction.

Public service pensions

Provides for payments under the Public Service Pension Adjustment Act of 1959 and the Special Retirement Arrangements Act and for employer costs of pension, benefit and social security plans to which employees engaged locally outside of Canada are subject.

Department

Veterans Affairs Program

Objective

To provide support for the economic, social, mental and physical well-being of veterans, their dependants and other eligible persons.

Activity Description

Health care

The provision to qualified veterans of hospital, medical and domiciliary care, out-patient medical and dental treatment, health care assessments and social welfare counselling as well as related training, allowances and ancillary benefits.

Pensions

Administration and payment of pensions and benefits for disability and death, and provision of legal aid to persons seeking to establish claims, in accordance with the Pension Act, the Veterans Benefit Act, the Merchant Navy Veteran and Civilian War-related Benefits Act, Flying Accidents Compensation Regulations, and related Acts and Orders.

Economic support

Administration of matters relating to the financial support and other special programs for veterans, their dependants and certain other specified persons. These benefits include: payments under the War Veterans Allowance Act and in accordance War IX of the Merchant Navy Veteran and Civilian War-related Benefits Act and supplementary financial assistance on the basis of need; educational assistance for veterans and the pensioned children of deceased veterans; specialized welfare services for blind, deaf and paraplegic veterans; special housing assistance for veterans.

Departmental administration

Operation of the offices of the Secretary of State (Veterans), Deputy Minister, two Assistant Deputy Ministers and the managerial support functions of finance, human resources, management services, corporate services, communications, audit, security services, along with the coordination of access to information and privacy and carrying out the property management functions.

Veterans Review and Appeal Board Program

Objective

To provide a review and appeal system to veterans, certain civilians and/or their respective dependants in order to ensure they receive the full benefits to which they are entitled under the Pension Act, the War Veterans Allowance Act, the Merchant Navy Veteran and Civilian War-related Benefits Act and related statutes.

Activity Description

Pensions

Hears all applications for review from Veterans and others who are dissatisfied with the decisions rendered by the Department of Veterans Affairs respecting disability pensions, hears appeals from persons who are dissatisfied with the Board's revespecting war veterans allowance from persons who are dissatisfied with decisions rendered by the Department. The Board also interprets the Pension Act, the Merchant Navy Veteran and Civilian War-related Benefits Act and the War Veterans Allowance Act as well as other related statutes.

INTRODUCTION TO THE PUBLIC ACCOUNTS OF CANADA

Nature of the Public Accounts of Canada

The Public Accounts of Canada is the report of the Government of Canada prepared each fiscal year by the Receiver General as required by section 64 of the Financial Administration Act.

The report covers the fiscal year of the Government, which ends on March 31, and is prepared from data contained in the accounts of Canada and from more detailed records maintained in departments and agencies. The accounts of Canada is the centralized record of the Government's financial transactions maintained by the Receiver General in which the transactions of all departments and agencies are summarized. Each department and agency is responsible for reconciling its accounts to the control accounts of the Receiver General, and for maintaining detailed records of the transactions in their accounts.

The report covers the financial transactions of the Government during the year. In certain cases, parliamentary authority to undertake transactions was provided by legislation approved in earlier years.

Format of the Public Accounts of Canada

The Public Accounts of Canada is produced in two volumes.

Volume I presents a summary analysis of the financial transactions of the Government.

Volume II is published in two parts. Part I presents the financial operations of the Government, segregated by ministry while Part II presents additional information and analyses. The content of Part II is summarized as follows:

- financial statements of revolving funds (Section 1);
- financial statements of departmental corporations and other entity (Section 2);

- supplementary information required by the Financial Administration Act (Section 3);
- accounts receivable (Section 4);
- professional and special services (Section 5);
- construction or acquisition of land, buildings and works (Section 6);
- construction or acquisition of machinery and equipment (Section 7);
- transfer payments (Section 8);
- public debt charges (Section 9);
- payments of claims against the Crown, ex gratia payments and Court awards (Section 10);
- federal-provincial shared-cost programs (Section 11);
- other Government-wide information (Section 12); and.
- other miscellaneous information (Section 13).

Canada Communication Group Revolving Fund

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Canada Communication Group Revolving Fund (CCG) as required by and in accordance with the policy of Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada.

These financial statements were prepared by the management of the Fund in accordance with the significant accounting policies on a basis consistent with that of the preceding year. Some of the information included in these financial statements is based on management's best estimates and judgements and due consideration given to materiality. Financial information contained in the ministerial statements and elsewhere in the *Public Accounts of Canada* is consistent with that in these financial statements, unless indicated otherwise.

For the 1997-98 fiscal year, the Assistant Deputy Minister of Government Operational Service assumed the responsability of the winding down and closing the CCG Revolving Fund as a going concern. In order to assure maximum objectivity and freedom from bias in the accompanying financial statements, an audit of these financial statements has been conducted on behalf of the Audit and Evaluation Branch of the Department.

CCG maintained internal controls designed to maintain accountability, provide assurance that assets were safeguarded and that reliable financial records were kept. Financial management and internal controls were augmented by the maintenance of internal audit programs.

The Revolving Fund was wound up as at December 31, 1997, in accordance with the authority provided in 1997-98 Supplementary Estimates B, Vote 18b.

Approved by:

RALPH SPRAGUE

Director General, Finance (Senior Full-time Financial Officer)

J.C. STOBBE

Assistant Deputy Minister, Government Operational Service (Senior Financial Officer)

Unused authority carried forward		00,545

The accompanying notes are an integral part of the financial statements.

(1) 1997-98 Supplementary Estimates B, Vote 18b provided authority to repeal section 5.3 of the Revolving Funds Act as of December 31, 1997, thereby eliminating the legal basis for the existence of the Canada Communication Group. Therefore, the statutory unused authority is cancelled. See Note 2 for additional information.

Canada Communication Group Revolving Fund —Continued

AUDITORS' REPORT

DIRECTOR GENERAL, AUDIT AND REVIEW BRANCH PUBLIC WORKS AND GOVERNMENT SERVICES CANADA

We have audited the balance sheet of Canada Communication Group Revolving Fund as at December 31,1997 and the statements of operations, cumulative deficit and changes in financial position for the nine months then ended. These financial statements are the responsibility of the management of Canada Communication Group. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of Canada Communication Group Revolving Fund as at December 31, 1997 and the results of its operations and the changes in its financial position for the nine months then ended in accordance with the accounting principles for Revolving Funds of the Government of Canada.

Canada Communication Group Revolving Fund—Continued

NOTES TO FINANCIAL STATEMENTS

1. Purpose and authority

The Canada Communication Group (CCG) was a Special Operating Agency created in December 1989. CCG's mission was to be a quality-driven organization committed to providing clients across the country with printing, publishing and information management services.

CCG's markets, as identified in its Charter document approved by Treasury Board, were government departments, agencies and Crown Corporations across Canada and their associated international offices as well as any other customer as authorized by legislation or Order-in-Council, such as provincial and municipal governments.

CCG was established within the Supply Revolving Fund, effective April 1, 1991. The authority to make expenditures out of the Consolidated Revenue Fund was granted in the 1991-92 Supplementary Estimates Vote 12c, with an authorized limit of \$100,000,000, effective April 1, 1992. The Fund had a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for working capital, capital acquisitions and temporary financing of accumulated operating deficits. Transactions prior to April 1, 1992 relating to CCG operations were included in the wind-up of the Supply Revolving Fund.

2. Termination of operations

On April 1, 1997, Canada Communication Group, Publishing Division (editing and composition of the Canada Gazette, Crown Copyright administration, Depository Services program), was transferred to Public Relations and Print Contract Services Sector at Public Works and Government Services Canada and the Map Printing Division transferred to Natural Resources Canada.

Condensed financial information for the business segment transferred on April 1, 1997 is as follows:

	Inventory	assets net book value
	(in thousand	s of dollars)
Publishing Division	993	431
Map Printing	323	33
	1,316	464

The CCG Revolving Fund ceased operations as at December 31, 1997. The statutory unused authority is cancelled based on the 1997-98 Supplementary Estimates B, Vote 18b, which provided the authority to repeal section 5.3 of the Revolving Funds Act in accordance with section 12 of that Act as of December 31, 1997, thereby eliminating the legal basis for the existence of the CCG Revolving Fund.

A provision of \$4,700,000 was made in the accounts for wind-up and other costs which were incurred and funded by the vote from January 1 to March 31, 1998. \$2,8000,000 of this represents the balance of the financial obligation of \$28,940,463 that was accrued in 1994-95 which represented early retirement incentives and cashbased incentives created by the Government as measures to reduce employment in the Public Service over three years and the privatization of the Canada Communication Group.

The following schedule provides the balances in the accounts of the CCG Revolving Fund as of December 31, 1997 prior to the transfer of the residual liabilities to PWGSC Vote 15, the write off of the Accumulated Deficit and the clearing of the Contributed Capital:

	(in thousands of dollars)
Liabilities	
Accounts payable and accrued liabilities	
Outside parties. Current portion of allowance	. 1,900
for compensation	2,800
	4,700
Equity of Canada	
Accumulated net charge against	
the Fund's authority	42,121
Contributed capital	12,631
Cumulative deficit	(59,452)
	(4,700)

3. Operating expenses— Other

One item makes up the majority of the other operating expenses reflected in the statement of operations as follows:

Canada Communication Group Revolving Fund—Concluded

NOTES TO FINANCIAL STATEMENTS —Concluded

 Financial and Human Resources services provided by PWGSC

4. Allowance for compensation

The provision for compensation results from a Government policy requirement to record an estimated cost of termination benefits relating to early departure incentives in the year the decision is taken. Similarly, estimates were recorded for vacation and severance entitlements.

	(in thousands of dollars)
Unused annual leave	349
Allowance for employee termination benefits.	531
Allowance for compensation	6,227
Total	7,107
10181	

Accrued costs incurred were less than amounts originally estimated. Accordingly, the following excess allowances were added back to the statement of operations:

5. Related party transactions

Through common ownership, CCG was related to all Government of Canada created departments, agencies and Crown Corporations.

Substantially all sales were made to related parties as were payments for accommodation.

6. Insurance

CCG did not carry insurance on either its own property or the property of others it held in its warehouse operations. This is in accordance with the Government's policy of self-insurance.

7. Income taxes

CCG was not subject to income taxes.

Canadian Grain Commission Revolving Fund

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Canadian Grain Commission Revolving Fund as required by and in accordance with the policy of Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. These financial statements were prepared by management of the Fund in accordance with the significant accounting policies set out in Note 2 of the statements, on a basis consistent with that of the preceding year.

Responsibility for the integrity and objectivity of these financial statements rests with the management of the Fund. The information included in these financial statements is based on management's best estimate and judgement with due consideration given to materiality. To fulfil its accounting and reporting responsibilities, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts of Canada is consistent with that in these financial statements, unless indicated otherwise.

The Department of Agriculture and Agri-Food's directorate of financial services develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of accounting and financial management. The Fund maintains systems of financial management and internal control which gives due consideration to costs, benefits and risks. They are designed to provide reasonable assurance that transactions are properly authorized by Parliament, are executed in accordance with prescribed regulations, and are properly recorded so as to maintain accountability of Government funds and safeguard the assets under the Fund's administration. The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility and by communicating programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

In order to assure maximum objectivity an freedom from a bias, theses financial statements have been examined by external auditors. The auditors' role is to express an independent opinion as to whether the financial statements present fairly the financial position of the Fund at March 31, 1998 and the results of operations and the change

in financial position for the year ended in accordance with the accounting principles for revolving funds of the Government of Canada. This opinion has been appended to these financial statements. The audit committee of the Fund has approved the issuance of the financial statements.

Canadian Grain Commission Revolving Fund—Continued

AUDITORS' REPORT

TO THE CHIEF COMMISSIONER AND COMMISSIONERS OF THE CANADIAN GRAIN COMMISSION

We have audited the balance sheet of the Canadian Grain Commission Revolving Fund as at March 31, 1998 and the statements of operations, accumulated surplus and changes in financial position for the year then ended. These financial statements are the responsibility of the Revolving Fund's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Revolving Fund as at March 31, 1998 and the results of its operations and the changes in its financial position for the year then ended in accordance with the accounting principles for Revolving Funds of the Government of Canada as described in Note 2.

Canadian Grain Commission Revolving Fund—Continued

NOTES TO FINANCIAL STATEMENTS

1. Purpose and authority

The Canadian Grain Commission was established under the Canada Grain Act in 1912. It became a Special Operating Agency on April 1, 1992. The objectives of the Canadian Grain Commission are to establish and maintain standards of quality for Canadian grain and regulate grain handling in Canada, to ensure a dependable commodity for domestic and export markets in the interests of grain producers.

Effective April 1, 1995, the Treasury Board approved the establishment of the Canadian Grain Commission Revolving Fund. The Fund has a continuing non-lapsing authority for up to \$12 million as a drawdown from the Consolidated Revenue Fund for the provision of regulatory grain services including the market support activity of the Grain Research Laboratory. In addition, the Treasury Board agreed by way of Supplementary Estimates to have the expenditures related to Appointments by the Governor in Council of Assistant Commissioners and the Supervisor of the Winnipeg Commodity Exchange and one-half of the expenditures of the Grain Research Laboratory covered by Parliament appropriation. The maximum amount of the Parliamentary appropriation is \$6.55 million.

The Canadian Grain Commission exercises certain responsibilities under the following acts and associated regulations in addition to the Canada Grain Act:

Financial Administration Act

Grain Futures Act

2. Accounting policies

The financial statements have been prepared in accordance with the reporting requirements for revolving funds established by the Receiver General. The significant accounting policies are as follows:

Revenue recognition

Revenues are recognized in the accounting period in which they are earned through the provision of goods or services, or when an event giving rise to a claim has taken place.

Parliamentary appropriation

The Parliamentary appropriation received for the Appointments by the Governor in Council of Assistant Commissioners, the Supervisor of the Winnipeg Commodity Exchange and Grain Research Laboratory expenditures has been recorded as revenues of the Revolving Fund. Parliamentary appropriations relating to employee benefits earned prior to April 1, 1995 have been recorded as an account receivable from the Government of Canada.

Capital assets

Certain capital assets previously under the custodianship of the Department of Agriculture and Agri-Food Canada were assumed by the Revolving Fund on April 1, 1995. The assumed assets were considered to be contributed capital and recorded at the Crown's estimated net book value. Capital assets acquired subsequent to April 1, 1995 are recorded at cost. Capital assets acquired by the Grain Research Laboratory are recorded net of Parliamentary appropriation.

Proceeds from the disposal of contributed assets revert to the Consolidated Revenue Fund. Proceeds from the disposal of other capital assets are retained by the Revolving Fund.

Assets are amortized on a straight-line basis over their estimated useful lives, commencing in the month after acquisition, as follows:

Scientific equipment	5 years
Office equipment and furnishings	5 years
Operational equipment	10 years
Computer equipment and software	3 years
Leasehold improvements	5 years

Employee termination benefits

Termination benefits accrue to employees over thei years of service with the Government of Canada as stipu lated in their employment contracts. The Canadian Grain Commission provides for the severance entitlements earned by employees subsequent to March 31, 1995. No accrual has been made in these financial statements for severance entitlements earned by employees as a March 31, 1995. These benefits are estimated to b \$6.8 million at March 31, 1998. They represent an obligation of the Canadian Grain Commission that will be funded by the Treasury Board.

Canadian Grain Commission Revolving Fund—Continued

NOTES TO FINANCIAL STATEMENTS—Continued

Vacation pay

Vacation benefits earned are recorded in the Revolving Fund's accounts as they accrue.

Pension plan

Employees of the Canadian Grain Commission are covered by the *Public Service Superannuation Act* and the *Supplementary Retirement Benefits Act*. The Government of Canada's portion of the pension cost is included in the employee benefit charge assessed against the Revolving Fund. The actual payment of the pension is made from the Public Service Superannuation and Supplementary Retirement Benefits Accounts.

Interest on drawdown

Interest is charged to the Revolving Fund at a rate set by the Treasury Board. Interest charges are calculated monthly on the balance of the accumulated net charge against the Fund's authority. The Treasury Board does not pay interest when a surplus arises that results in no drawdown against the authority.

Canadian Grain Commission Revolving Fund—Concluded

NOTES TO FINANCIAL STATEMENTS—Concluded

5. Lease commitments

Lease commitments under operating leases for office accommodation have been primarily entered into with Public Works and Government Services Canada. Future minimum lease payments over the next five years are as follows:

	(in thousand of dollars)
1999	 2,999
2000	 2,744
2001	 2,564
2002	2,545
2003	 677

6. Contingency

Employees are permitted to accumulate unused sick leave. However, such leave entitlements do not vest and may only be used in the event of illness. The amount of accumulated sick leave entitlements that will become payable in future years cannot reasonably be determined. Accordingly, no amount has been accrued in these financial statements. Payments of sick leave benefits are included in current operations as incurred.

7. Insurance

In accordance with the Government's policy of self-insurance, the Canadian Grain Commission does not carry insurance on its property.

8. Income taxes

The Canadian Grain Commission is not subject to income taxes.

9. Uncertainty due to the Year 2000 Issue

The Year 2000 Issue arises because many computerized systems use two digits rather than four to identify a year. Date-sensitive systems may recognize the year 2000 as 1900 or some other date, resulting in errors when information using year 2000 date is processed. In addition, similar problems may arise in some systems which use certain dates in 1999 to represent something other than a date. The effects of the Year 2000 Issue may be experienced before, on, or after January 1, 2000, and, if not addressed, the impact on operations and financial reporting may range from minor errors to significant systems failure which could affect the Canadian Grain Commission's ability to conduct normal business operations. It is not possible to be certain that all aspects of the Year 2000 Issue affecting the Canadian Grain Commission, including those related to the efforts of customers, suppliers, or other third parties, will be fully resolved.

MANAGEMENT REPORT

The accompanying financial statements of the Canadian Intellectual Property Office (CIPO) Revolving Fund have been prepared by CIPO in accordance with Treasury Board policies and the reporting requirements and standards of the Receiver General for Canada, Financial information contained in the ministerial statements and elsewhere in the Public Accounts of Canada is consistent with that in these financial statements. These financial statements were prepared in accordance with generally accepted accounting principles. Significant accounting policies are set out in Note 2. Some of the information included in these financial statements is based on management's best estimates and judgements and gives due consideration to materiality. At the request of CIPO, these financial statements have been examined by external auditors, their role being to express an opinion as to whether the financial statements present fairly the financial position as at March 31, 1998 and the results of operations and the changes in financial position for the year then ended in accordance with generally accepted accounting principles.

The Canadian Intellectual Property Office maintains internal controls designed to indicate accountability, provide assurance that assets are safeguarded and that reliable financial records are kept. Financial management and internal controls are augmented by the maintenance of internal audit programs. The functional responsibility for integrity and objectivity of these financial statements rests with CIPO which develops and disseminates financial management and accounting policies and issues specific directives necessary to maintain standards of accounting and financial management. The external audit was conducted to assure objectivity and freedom from bias in the accompanying financial statements.

Authority (used) provided	(7,527)	(175)	(9,450)	(3,929)

The accompanying notes form an integral part of these financial statements.

This past year has been one of tremendous pride for CIPO as TechSource, a "word first" in full integrated electronic patent processing capability, was launched. This system a major Crown project costing \$ 76.6 million, was brought in on time and within budget. CIPO is proud that the Patent Branch team won the Gold Medal Award at the prestigious Distinction "97 Awards for enabling staff through information technology and training.

But most of all, we are proud of the staff of the Patent Branch. Overnight on June 4, they found themselves faced with work responsibilities which were changed forever; totally new job content, ways of doing business, and interfaces with colleagues became their realities. Embracing TechSource and making it work for them, CIPO staff have already demonstrated the dramatic efficiencies which can occur in providing service to our clients in the new electronic environment.

When coupled with Intrepid II, the trade-marks automated system, CIPO now has staff and managers in its major product lines who have a unique combination of business and IT systems expertise to effectively serve our clients in an electronic environment and take our IT development to the next generation of information dissemination and electronic commerce.

AUDITOR'S REPORT

TO THE DEPUTY MINISTER INDUSTRY CANADA

We have audited the balance sheet of the Canadian Intellectual Property Office as at March 31, 1998 and the statements of operations and accumulated surplus and changes in financial position for the year then ended. These financial statements are the responsibility of the management of the Canadian Intellectual Property Office. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Canadian Intellectual Property Office as at March 31, 1998 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles.

NOTES TO FINANCIAL STATEMENTS

1. Purpose and authority

The Canadian Intellectual Property Office (CIPO) grants or registers exclusive ownership of intellectual property in Canada. In exchange, CIPO acquires intellectual property information and state-of-the-art technology which it disseminates to Canadian firms, industries and individuals to improve economic performance, competitiveness and to stimulate further invention and innovation.

The CIPO Revolving Fund was established on April 1, 1994. The authority to make expenditures out of the Consolidated Revenue Fund was granted on February 22, 1994 and has an authorized limit of \$15,000,000. CIPO has continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for working capital, capital acquisitions and temporary financing of accumulated operating deficits. CIPO may retain surpluses within the Revolving Fund to continue to automate operations.

2. Significant accounting policies

Revenue recognition

Revenue derived from processing patent, trade-mark and industrial design applications is recognized using the percentage of completion method as work progresses. Other revenue is recognized upon receipt. Fees are prescribed by various Orders-in-Council.

Capital assets and amortization

Capital assets transferred to the Revolving Fund on its establishment are recorded at the Crown's costs less accumulated amortization. Capital assets acquired subsequent to implementation of the Revolving Fund are recorded at cost. Capital assets are amortized on a straight-line basis over their estimated useful lives, beginning in the month after acquisition, as follows:

Software	3 years
Hardware	5 years
Furniture	15 years
Equipment	10 years
Leasehold improvements	term of the lease, plus option period,
Systems	estimated useful life, beginning in year of deployment

Employee termination benefits and vacation pay

Employees of CIPO are entitled to specified termination benefits, calculated based on salary levels in effect at the time of termination as provided for under collective agreements and conditions of employment. Employee termination benefits earned prior to an employee joining the Revolving Fund are a liability of the Treasury Board and accordingly have not been recorded in the accounts. As at March 31, 1998, the Treasury Board liability for CIPO employees is \$5 million. The liability for benefits earned after an employee joins the Revolving Fund is recorded in the accounts as the benefits accrue to employees.

Vacation pay of \$1.1 million owing to employees at April 1, 1994 was funded by Treasury Board. Subsequent to April 1, 1994, vacation pay owing at the time an employee joins the Revolving Fund is payable to the Revolving Fund by the Department from which the employee came. The liability for benefits earned after an employee joins the Revolving Fund is recorded in the accounts as the benefits accrue to employees.

Pension plan

Employees of CIPO are covered by the Public Service Superannuation Plan administered by the Government of Canada. Under present legislation, contributions made by CIPO to the Plan are limited to an amount equal to the employee's contributions on account of current service. These contributions represent the total pension obligations of CIPO and are charged to operations on a current basis. CIPO is not required under present legislation to make contributions with respect to actuarial deficiencies of the Public Service Superannuation Account and/or with respect to charges to the Consolidated Revenue Fund for the indexation of payments under the Supplementary Retirement Benefits Act.

Of the systems' cost, \$63,848 relates to departmental appropriated funds for the TechSource patent automation project, which are accounted for as deferred capital assistance. The accumulated amortization and net carrying value for 1997 were \$2,907 and \$101,447 respectively.

4. Deferred capital assistance

CIPO received \$63,848 from the Crown for the development of the TechSource automation project, which was implemented during the year.

	(in thousands of dollars)
Deferred Capital Assistance contribution	63,848
Amortization	4,789
Net Book Value	59,059

This amount was recorded as a capital asset (note 3) and deferred capital assistance in the period received. The deferred capital assistance is amortized on a straight-line basis over the estimated useful life of the TechSource system.

5. Equity of Canada

Equity of Canada is comprised of the following:

	1998	1997
	(in thousands	of dollars)
Accumulated net charge against the		
Fund's authority	(17,558)	(13,300)
Accumulated surplus	26,379	24,053
	8,821	10,753

NOTES TO FINANCIAL STATEMENTS—Continued

Accumulated net change against the Fund's authority

Accumulated net change against the Fund's authority is the cash position of the Revolving Fund, held by the Government on behalf of the Revolving Fund.

Accumulated surplus

The accumulated surplus is an accumulation of each year's surpluses including the absorption of the opening deficit of \$9,448 upon establishment of the Revolving Fund.

6. Contractual obligations

TechSource

CIPO has contracted ISM Canada to provide maintenance services for the TechSource system. Amounts are committed are:

	(in thousands of dollars)
1999	2,677
2000	2,677
2001	2,677
2002	2,677
	10,708

Leases

CIPO leases its premises under operating leases. Future lease payments are as follows:

	of dollars)
1999	3,918
2000	3,918
2001	627
2002	627
2003	627
	9,717

7. Changes in the current assets and liabilities

Components of the change in current assets and liabilities include:

	1998	1997
	(in thousands	of dollars)
Accounts receivable	(111)	741
Unbilled revenues	(216)	(1,079)
Prepaid expenses	(3)	1
Deposit accounts	95	188
Accounts payable	4,292	3,014
Deferred revenues		4,995
	2,777	7,860

8. Related party transactions

Through common ownership, CIPO is related to all Government of Canada created departments, agencies and Crown coporations. Payments for accommodation and legal services are made to related parties in the normal course of business.

9. Insurance

CIPO does not carry insurance on its property. This is in accordance with the Government of Canada policy of self insurance.

10. Contingencies

Sick Leave

Employees are permitted to accumulate unused sick leave. However, such leave entitlements do not vest and can be used only in the event of illness. The amount of accumulated sick leave entitlements which will become payable in future years cannot reasonably be determined and accordingly have not been recorded in the accompanying financial statements. Payments of sick leave benefits are included in current operations as incurred.

Pay Equity Agreement

The Public Service Alliance of Canada has filed a claim for clerical and secretarial groups pursuant to the Pay Equity Act. Management is of the opinion that a reasonable estimate of the outcome of this claim is not determinable at this time.

11. Income taxes

CIPO is not subject to income taxes.

12. Comparative Figures

Certain comparative figures have been reclassified to conform with the current year's presentation

Canadian Pari-Mutuel Agency Revolving Fund

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Canadian Pari-Mutuel Agency Revolving Fund as required by and in accordance with the policy of Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. These financial statements were prepared by the management of the Fund in accordance with significant accounting policies set out in Note 2 of the statements, on a basis consistent with that of preceding years. Some previous years' figures have been reclassified to conform to the current year's presentation.

Responsibility for the integrity and objectivity of these financial statements rests with the management of the Fund. In order to assure maximum objectivity and freedom from bias, these financial statements were reviewed by Agriculture and Agri-Food Canada's Corporate Services Branch. The information included in these financial statements is based on management's best estimates and judgement with due consideration given to materiality. To fulfil its accounting and reporting responsibilities, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts of Canada is consistent with that in these financial statements, unless indicated otherwise.

The Department's Corporate Services Branch develops and disseminates financial management and accounting policies and issues specific directives to the staff managing the Revolving Fund in order to maintain standards of accounting and financial management.

Financial management and internal control of the Fund are maintained through the appropriate division of responsibility, the provision of leadership and evaluation of those operating the Fund as well as internal audit programs. The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

Approved by:

E. MASSEY

Executive Director,

Canadian Pari-Mutuel Agency

A. GRAHAM Senior financial officer

NOTES TO FINANCIAL STATEMENTS

1. Authority and purpose

The Canadian Pari-Mutuel Agency Revolving Fund was established under Appropriation Act No. 1, 1970, which authorized the operation of the Fund in the current and subsequent fiscal years in accordance with terms and conditions prescribed by Treasury Board for the purpose of providing race track supervision in Canada. The Appropriation Act No. 1, 1970 was repealed and replaced by section 2 of the Revolving Funds Act in 1985.

The Fund has a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for working capital, capital acquisitions and temporary financing of accumulated operating deficits, the total of which is not to exceed \$2,000,000 at any time.

Charges to the Fund are to include administration expenses of the Agency and costs of research relating to the use of drugs on horses and race surveillance techniques including the publication, distribution and sale of the results of such research. All revenues from activities approved by Treasury Board are to be credited to the Fund.

The use of the Fund's authority is monitored through the accumulated net charge against the Fund's authority account. Its balance, shown on the balance sheet under Equity of Canada, represents the financial position of the Revolving Fund. It is composed of the cumulative net cash transactions through the Consolidated Revenue Fund, the original net assets transferred to the Fund at inception and any subsequent write-offs of deficit or surplus. The change in this account during the year represents the net financial resources used or provided by the Fund.

2. Significant accounting policies

(a) Capital assets

Capital assets, acquired from parliamentary appropriations prior to April 1, 1970 are recorded in the Fund in accordance with Treasury Board Circular 1970-7 at values determined as at that date by officers of the Department. Subsequent acquisitions are recorded in the Fund at cost and are amortized from the year of the acquisition on a straight-line basis over their estimated useful lives as follows:

Furniture and equipment	10 years
Electronic data processing equipment	5 years
Automotive	3 years
Buildings	25 years

(b) Pension plan

Employees of the Canadian Pari-Mutuel Agency operating the Supervision Revolving Fund are covered by the Public Service Superannuation Act and the Supelementary Retirement Benefits Act. The Government of Canada's portion of the pension cost is included in the employee benefits assessed against the Fund. The actual payment of the pension is made from the Public Service Superannuation and the Supplementary Retirement Benefits Account.

(c) Vacation pay

The accrued liability on the balance sheet represents the amount of vacation pay credits outstanding at the end of the year.

Canadian Pari-Mutuel Agency Revolving Fund—Concluded

NOTES TO FINANCIAL STATEMENTS—Concluded

(d) Employee termination benefits

Employees leaving Government service generally receive termination benefits at the rate of one week's pay for each complete year of continuous service to a maximum of twenty eight weeks' pay. However, upon resignation, benefits are generally payable only to those with ten or more years of continuous service and the entitlement is reduced to one half week's pay for each year of continuous employment to a maximum of fifteen weeks' pay.

The allowance at the end of the year consists of one half week's pay at current salary rates for each complete year of service to a maximum of fifteen weeks' pay.

Consulting and Audit Canada Revolving Fund—Continued

AUDITORS' REPORT

DIRECTOR GENERAL, AUDIT AND REVIEW BRANCH PUBLIC WORKS AND GOVERNMENT SERVICES

We have audited the balance sheet of Consulting and Audit Canada as at March 31, 1998 and the statements of income and accumulated deficit and changes in financial position for the year then ended. These financial statements are the responsibility of the management of Consulting and Audit Canada. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of Consulting and Audit Canada as at March 31, 1998 and the results of its operations and the changes in its financial position for the year then ended in accordance with the accounting principles for Revolving Funds of the Government of Canada as described in Note 2.

NOTES TO FINANCIAL STATEMENTS

1. Purpose and authority

Consulting and Audit Canada (CAC) is a Special Operating Agency which performs consulting and auditing assignments on a fee for services basis for federal Government departments and agencies as well as to some other organizations.

CAC is financed by means of the Consulting and Audit Canada Revolving Fund, effective April 1, 1992. The Fund provides a line of credit to a maximum of \$30,000,000 to fund operations under paragraph 55.5.4(3) of the Department of Public Works and Government Services Act.

Advances drawn under these authorities are subject to interest under some circumstances.

2. Significant accounting policies

Revenues and expenses

Revenues and expenses are recorded on the accrual basis of accounting.

Amortization

Capital assets are depreciated commencing the month after acquisition on the straight-line basis over their estimated useful lives as follows:

Furniture	5 years
EDP equipment and software	3 years
Printing equipment	5 years
Other	10 years

Consulting and Audit Canada Revolving Fund—Continued

NOTES TO FINANCIAL STATEMENTS—Continued

Pension plan

Employees of CAC are covered by the *Public Service Superannuation Act* and the *Supplementary Retirement Benefits Act*. The Government of Canada's portion of the pension cost is included in the employee fringe benefit charge assessed against the Fund. The actual payment of the pension is made from the Public Service Superannuation and Supplementary Retirement Benefits Accounts.

Termination benefits

Employee benefits (termination benefits and vacation pay) accrue to employees over their years of service with the Government of Canada as provided for under collective agreements. CAC provides for the severance entitlements earned by employees since April 1, 1992. No accrual is made for severance entitlements on service prior to April 1, 1992. Benefits earned prior to April 1, 1992 and estimated at \$4,431,000 represent an obligation of CAC and will be funded by the Treasury Board.

3. Financial instruments

CAC's financial instruments consist of accounts receivable and accounts payable and accrued liabilities. Unless otherwise noted, it is management's opinion that CAC is not exposed to significant interest, currency or credit risk arising from these financial instruments.

4. Capital assets and accumulated amortization

Capital assets	Balance beginning of year	Acquisi- tions	Disposals	Balance end of year	
		(in thousands of dollars)			
Furniture EDP equipment	761	10		771

amortization Furniture EDP equipment and software Printing equipment	beginning of year 336 3,441 66	amortization (in thousan 89 846 3	ds of dollars)	425 3,369 69	

5. Public service restructuring

In 1994-95, the Government took specific measures to reduce employment in the public sector over the next four years. These measures include early retirement incentives and cash-based departure incentives.

6. Insurance

CAC does not carry insurance on its property. This is in accordance with the Government's policy of self-insurance.

7. Contractual commitments

CAC leases its premises and office equipment under operating leases. Future lease payments are as follows:

	of dollars)
1999	1,191
2000	. 801
2001	, 90
2002	. 87

Consulting and Audit Canada Revolving Fund—Concluded

NOTES TO FINANCIAL STATEMENTS—Concluded

8. Uncertainty due to the Year 2000 Issue

The Year 2000 Issue arises because many computerized systems use two digits rather than four to identify a year. Date-sensitive systems may recognize the year 2000 as 1900 or some other date, resulting in errors when information using year 2000 dates is processed. In addition, similar problems may arise in some systems which use certain dates in 1999 to represent something other than a date. The effects of the Year 2000 Issue may be experienced before, on, or after January 1, 2000, and if not addressed, the impact on operations and financial reporting may range form minor errors to significant systems failure which could affect CAC's ability to conduct normal business operations. CAC's servers, desktops and operating systems are compatible for the Year 2000. Other systems are being tested. Management expects that the impact of the Year 2000 Issue on CAC's operations will be minimal. However, it is not possible to be certain that all aspects of the Year 2000 Issue affecting CAC, including those related to the efforts of customers, suppliers or other third parties, will be fully resolved.

CORCAN Revolving Fund

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the CORCAN Revolving Fund as required by and in accordance with the policy of Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. These financial statements were prepared by the management of the Fund in accordance with the significant accounting policies set out in Note 2 of the statements, on a basis consistent with that of the preceding year.

The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Fund. Some of the information included in these financial statements is based on management's best estimates and judgement and gives due consideration to materiality. To fulfill this reporting responsibility, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts of Canada is consistent with that in these financial statements, unless indicated otherwise. The financial data contained in the attached statements has not been examined by an external auditor.

The Fund's directorate of financial services develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of accounting and financial management. The Fund maintains systems of financial management and internal control at appropriate cost. Although CORCAN operates under

financial systems different from Correctional Service Canada (CSC), its fixed assets are still recorded in CSC financial system.CORCAN has developed and implemented its own fixed assets computerized system. We are presently in process of taking the physical count of fixed assets. The physical stocktaking will be done yearly thereafter. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities and are properly recorded to maintain accountability of Government funds and safeguard the Fund's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs. The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

NOTES TO FINANCIAL STATEMENTS

1. Authority and purpose

The CORCAN Revolving Fund was established under Appropriation Act No. 4, 1991-92, which authorized the establishment of the Fund effective April 1, 1992 in the current and subsequent fiscal years in accordance with terms and conditions prescribed by Treasury Board. The Fund has a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for working capital, capital acquisitions and temporary financing of accumulated operating deficits, the total of which is not to exceed \$45,000,000 at any time. An amount of \$15,217,833, representing net assets assumed by the Fund was charged to this authority when the Fund became operative on April 1, 1992.

2. Significant accounting policies

Capital assets

Capital assets are amortized from the year of acquisition on the straight-line basis over their estimated useful lives as follows:

Plant and equipment	10 years
Office furniture and equipment	10 years
Computer equipment	3 years
Vehicle fleet	5 years

Pension plan

Employees of CORCAN, an Agency within the Correctional Services Canada financed through the CORCAN Revolving Fund, are covered by the *Public Service Superannuation Act* and the *Supplementary Retirement Benefits Act*. The Government of Canada's portion of the pension cost is included in the employee fringe benefit charge assessed against the Fund. The actual payment of the pension is made from the Public Service Superannuation and Supplementary Retirement Benefits Accounts.

Employee termination benefits

Termination benefits accrue to employees over their years of service with the Government of Canada, as provided for under collective agreements. The cost of these benefits is recorded in the accounts as the benefits accrue to the employees.

Deferred charges

Deferred charges, consisting of manufacturing R&D costs and development costs of computerized financial systems, are amortized on a straight-line basis. Periods of amortization are based on the future economic benefit of these costs.

Inventories

Inventories are valued as follows:

Inventories are valued as follows: work in progress and finished goods at standard cost and raw materials at cost.

Recognition of revenues and expenses

Revenues and expenses are recognized in the year in which they occur, regardless as to when they are paid.

CORCAN Revolving Fund—Concluded

Plant and equipment	beginning of year 10,026 382	tion (in thousan 2,102 106	Adjustments* ds of dollars) (315) (146)	11,813 342

In fiscal year 1997-98 CORCAN has finalized the implementation of the fixed assets module of the existing business integrated financial system. As part of this development, CORCAN has reclassified some of the capital assets already in the books and modified the straight-line depreciation method from half year convention to acquisition date. As a result of these changes the net value of total assets is higher than it would have been had the original entries been kept.

5. Current liabilities

The details of the current liabilities are as follows:

	1998	1997
	(in thousands	of dollars)
Accounts payable:		
Government of Canada		
Regular interdepartmental payables	877	1.129
Employee benefits to transfer to		
Treasury Board		
Employee benefit plans	739	732
Health insurance benefits	2,181	1,832
	2,920	2,564
Tax collected—Revenue Canada	212	99
Interest payable—Finance	1,201	1,325
	5,210	5,117
Outside parties	6,458	6,115
Deferred revenues		185
	11,668	11,417

6. Other revenues

CORCAN has constructed a composting facility located on federal property at Pittsburgh Institution. In return for a capital contribution, area municipalities and federal Government departments, have received the right to send their source-segregated waste to the facility for a pre-determined tipping fee. The plant started in 1993-94 and is the exclusive property of CORCAN. The revenues generated from the sale of the rights are calculated on a 50 percent declining balance method. The total revenues to be amortized are \$2.875,000.

CORCAN has received funds from Treasury Board for the payment of employee termination benefits earned in other federal departments.

Defence Production Revolving Fund

MANAGEMENT REPORT

The accompanying financial statements of the Defence Production Revolving Fund have been prepared by Public Works and Government Services Canada in accordance with Treasury Board policies, the *Defence Production Act*, and reporting requirements and standards of the Receiver General for Canada.

The statements have been prepared on a basis consistent with that of the preceding year and are consistent with information presented elsewhere in the *Public Accounts of Canada* and with ministerial reports. Significant accounting policies used in the preparation of the financial statements are included in the notes to financial statements.

The primary responsibility for the integrity and objectivity of these statements rests with Government Operational Service. This responsibility is discharged by the Finance Sector which develops and disseminates financial management and accounting policies and issues specific directives necessary to maintain standards of accounting and financial management. Furthermore, the Department maintains internal controls designed to indicate accountability, provide assurance that assets are safeguarded and that reliable financial records are kept. Financial management and internal control systems are augmented by the maintenance of internal audit programs.

There were no transactions in the Defence Production Revolving Fund during 1997-98 fiscal year.

Defence Production Revolving Fund— Concluded

NOTES TO THE FINANCIAL STATEMENTS

1. Purpose and authority

The Defence Production Revolving Fund was established by Section 15 of the *Defence Production Act*. It was established in 1951 for the purpose of:

- (a) financing the stockpiling of defence supplies or strategic materials;
- (b) making loans or advances to aid in defence procurement, such as working capital loans for advance payments on contracts, but not including loans or advance payments for capital purposes; and
- (c) permitting initial payments for defence supplies which can be promptly billed to a Government department, agency or an associated government in advance of delivery of goods.

The Adjustment of Accounts Act (S.C. 1980, c.17) had the effect of creating a separate Defence Production Loan Account for loans or advances authorized under the Defence Production Act, item (b) above.

The Fund and the Defence Production Loan Account have a continuing non-lapsing authority from the Adjustment of Accounts Act to make payments out of the Consolidated Revenue Fund, of which the total of these two accounts is not to exceed \$100 million at any time.

2. Significant accounting policies

- (a) Payments to suppliers for defence supplies are billed to departments and Crown Corporations at cost.
- (b) Progress payments to suppliers

Progress payments and accrued liabilities to suppliers for defence supplies requisitioned by Government departments and agencies and/or stockpiled inventories, which are in progress and located on the supplier's premises, are recorded as progress payments to suppliers. Under the terms of the contracts, the suppliers are liable to the Fund until delivery takes place.

(c) Progress billings to customers

Billings to customers for defence supplies requisitioned which have not yet been delivered to customers, are recorded in the accounts as progress billings to customers.

Note: For the years ended March 31, 1997 and 1998 there were no transactions that applied to (a), (b) and (c).

Geomatics Canada Revolving Fund

MANAGEMENT REPORT

The accompanying financial statements of the Geomatics Canada Revolving Fund have been prepared as required by and in accordance with the policy of Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. They were prepared by the management of the Fund in accordance with the significant accounting policies set out in Note 2 of the financial statements, on a basis consistent with that of the preceding year.

Responsibility for the integrity and objectivity of these financial statements rests with the management of the Fund. The information included in these financial statements is based on management's best estimates and judgement with due consideration given to materiality. To fulfill its accounting and reporting responsibilities, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions and benefits from the advice of accounting personnel of Corporate Services Sector (CSS). Financial information contained in the ministerial statements and elsewhere in the *Public Accounts of Canada* is consistent with that in these financial statements, unless indicated otherwise.

CSS develops and disseminates financial management and accounting policies and issues specific directives, which maintain standards of accounting and financial management. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities and are properly recorded to maintain accountability of Government funds and

safeguard the Fund's assets. Financial management and internal control systems are maintained at appropriate costs and are augmented by the maintenance of internal audit programs. Management also seeks to assure the objectivity and integrity of data in its financial statements. This is accomplished by a careful selection, training and development of qualified staff, organizational arrangements that provide appropriate divisions of responsibility and communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

In order to assure maximum objectivity and freedom from bias, the financial data contained in these financial statements have been examined by an external auditor. Its role is to express an informed judgment as to whether the Fund's financial statements, considered in their entirety, present fairly, in conformity with stated accounting policies, the Fund's financial condition and transactions. This judgment is based on procedures described in the opinion appended to these financial statements.

AUDITORS' REPORT

TO THE DIRECTOR GENERAL, AUDIT AND REVIEW BRANCH

NATURAL RESOURCES CANADA

We have audited the balance sheet of the Geomatics Canada Revolving Fund as of March 31, 1998 and the statements of operations, accumulated surplus and changes in financial position for the year then ended. These financial statements are the responsibility of the management of the Geomatics Canada Revolving Fund. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Geomatics Canada Revolving Fund as at March 31, 1998 and the results of its operations and the changes in its financial position for the year then ended in accordance with the accounting principles for Revolving Funds of the Government of Canada as described in Note 2.

NOTES TO FINANCIAL STATEMENTS

1. Authority and purpose

The Geomatics Canada Revolving Fund was originally established under Appropriation Act No. 3, 1993-94. It was called "Surveys, Mapping and Remote Sensing Sector Revolving Fund" and the approval was conditional to specific conditions. The purpose of the Fund was to shift the costs of offering goods and services from taxpayers to those specific users who benefit directly from them. Subsequently, as registered in Treasury Board Minute 822296 dated December 8, 1994, the "Surveys, Mapping and Remote Sensing Sector Revolving Fund" was renamed the "Geomatics Canada Revolving Fund". Having met the specific conditions, the permanent continuing authority was obtained and registered in Treasury Board Minute 822 393 dated February 9, 1995.

NOTES TO FINANCIAL STATEMENTS-Continued

The Fund has received a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for working capital, capital acquisitions and temporary financing of accumulated operating deficits, the total of which is not to exceed \$8,000,000 at any time.

2. Significant accounting policies

(a) Revenue recognition

Revenues are usually recognized when goods are sold or services rendered. For multi-year consulting or services contracts, the percentage of completion method of accounting is used. Degree of completion is determined by comparing direct costs incurred to date to the total direct costs anticipated for the entire contract. The effect of changes to the total estimated income for each contract is recognized in the period in which the determination is made and losses, if any, are recognized fully when anticipated.

(b) Inventory

Inventory of maps is valued at the lower of cost or net realization value and the cost is determined using the weighted average printing cost of each title. Inventory of materials is valued at the lower of cost or replacement value.

(c) Capital assets

Capital assets purchased by the Fund since April 1, 1994 are recorded at cost. Capital assets are amortized on a straight-line basis over their estimated useful lives, starting in the month after acquisition. The useful life of the assets is as follows:

EDP equipment	5 years
Furniture	10 years
Instruments	10 years
Mechanical equipment	5 years
Office equipment	10 years
Vehicles	5 years
Printing equipment	8 years
Scientific equipment	10 years

(d) Pension plan

The Public Service Superannuation Act and the Supplementary Retirement Benefits Act cover employees of the Department whose salaries and other benefits are paid by the Fund. The Government's portion of the pension cost is included in the employee benefits assessed against the Fund. The actual payment of the pension is made from the Public Service Superannuation and Supplementary Retirement Benefits Accounts.

(e) Employee termination benefits

Employees of Geomatics Canada Revolving Fund are entitled to specified termination benefits, calculated based on salary levels in effect at the time of termination as provided for under collective agreements and conditions of employment. Employee termination benefits earned prior to the establishment of Geomatics Canada Revolving Fund (April 1, 1994) is a liability of Treasury Board and accordingly has not been recorded in the accounts. The cost for the benefits earned after April 1, 1994, is recorded in the accounts as the benefits accrue to employees.

(f) Corporate and sector overhead

Corporate and sector overheads include administrative, management and other costs incurred in the direct provision of services to the Fund. The allocation is based on predetermined overhead rates driven by the number of employee (salary) or the number of business units (sector or sector's components).

(g) Interest on drawn down

Interest is charged to the Fund at a rate set by Treasury Board. Interest charges are calculated monthly on the balance of the accumulated charge against the Fund's authority.

3. Accounts receivable

The outside parties receivables are as follows:

	1998	1997
	(in thousands	of dollars)
Receivables	2,798	1,663
Allowance for doubtful accounts	(127)	(34)
Total	2,671	1,629

NOTES TO FINANCIAL STATEMENTS—Continued

4. Inventory

The inventory of maps on hand includes only those printed but not sold since the startup of the Fund. The Fund also holds on consignment maps that were printed prior to its creation. They are not accounted for in the inventory but are included into the cost of good sold when a sale occurs. The inventory of materials includes only the material used by the printing unit that was on hand at the end of the fiscal year.

For the segment products, the cost of sales refers only to map products while the cost of sale for the segment services refers only to the printing services offered to other Government departments.

7. Reserve for the replacement of printing presses

In order to ensure the continuity of the printing operations, the management of the fund has decided to establish a reserve of \$800,000 per year. This amount represents approximatively the reimbursement which would have been made on a loan given to the presses had been replaced on April 1, 1997. At that time, the replacement value was estimated at \$12.8 million with a useful life of 25 years and an interest rate of 5 percent.

8. Contributed capital

The printing presses equipment have been re-evaluated at the market value as of April 1, 1997 (\$954,909 greater than book value). Also included in the contributed capital is an amount of \$48,714 which represents the book value for materials that were transferred at a nominal value of one dollar. This value is reflected into the Contributed Capital section of the Equity of Canada as per the directives received from Treasury Board Secretariat.

9. Fair value of financial instruments

The following method was used to determine the estimated fair value of short-term financial instruments. Accounts receivable and accounts payable and accrued liabilities are short-term financial instruments whose fair value approximates their carrying amount given that they will mature shortly.

10. Comparative figures

Certain comparative figures have been reclassified to conform to the presentation adopted in the current year.

Government Telecommunications and Informatics Services Revolving Fund

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Government Telecommunications and Informatics Services (GTIS) Revolving Fund as required by and in accordance with the policy of Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. These financial statements were prepared by the management of the Fund in accordance with the significant accounting policies set out in Note 2 of the statements, on a basis consistent with that of the preceding year.

Responsibility for the integrity and objectivity of these financial statements rests with the management of the Fund. The information included in these financial statements is based on management's best estimates and judgement with due consideration given to materiality. To fulfil its accounting and reporting responsibilities, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts of Canada is consistent with that in these financial statements, unless indicated otherwise.

The Finance Sector, within Government Operational Service, develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of accounting and financial management. The Fund maintains systems of financial management and internal control which gives due consideration to costs, benefits and risks. They are designed to provide reasonable assurance that transactions are properly authorized by Parliament, are executed in accordance with prescribed

The accompanying notes are an integral part of the financial statements.

regulations, and are properly recorded so as to maintain accountability of Government funds and safeguard the assets under the Fund's administration. Financial management and internal control systems are augmented by the maintenance of internal audit programs. The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

Management has presented the financial statements to the external auditors, who audited them and have provided an independent opinion which has been appended to these financial statements.

The accounting systems and financial statements of the Fund have evolved over the years to meet changing conditions.

AUDITORS' REPORT

TO THE DIRECTOR GENERAL, AUDIT AND REVIEW
PUBLIC WORKS AND GOVERNMENT SERVICES CANADA

We have audited the balance sheet of the Government Telecommunications and Informatics Services Revolving Fund as at March 31, 1998 and the statements of operations and accumulated surplus and changes in financial position for the year then ended. These financial statements are the responsibility of the management of the Government Telecommunications and Informatics Services Revolving Fund. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of Government Telecommunications and Informatics Services Revolving Fund as at March 31, 1998 and the results of its operations and the changes in its financial position for the year then ended in accordance with accounting principles for Revolving Funds of the Government of Canada as described in Note 2.

Government Telecommunications and Informatics Services Revolving Fund— Continued

NOTES TO FINANCIAL STATEMENTS

1. Authority and purpose

The Government Telecommunications Agency (GTA) Revolving Fund was established in 1963 to plan and provide telecommunications facilities and services for federal departments and agencies. Section 4 of the *Revolving Funds Act* authorizes the Minister to make payments out of the Consolidated Revenue Fund for working capital, capital equipment and temporary financing of operating requirements, the total of which was not to exceed \$8,000,000 at any time. The authority was increased intermittently over the years. The last increase was for \$34,000,000 which brought the authority to \$64,000,000 as per *Appropriation Act No. 4, 1991-92*.

As part of the restructuring announced June 25, 1993, GTA was merged with the informatics groups from the former Supply and Services Canada (SSC) and Public Works Canada (PWC) to form what is called Government Telecommunications and Informatics Services (GTIS). In addition to providing telecommunications facilities and services, GTIS now provides information management and technology services for all federal departments and agencies. As of April 1, 1994 all balances in the GTA Revolving Fund were transferred to the GTIS Revolving Fund.

2. Significant accounting policies

The financial statements have been prepared in accordance with generally accepted accounting principles to the extent that they are in accordance with Government policies and directives. The significant accounting policies include the following:

Revenue and expenses

Revenue and expenses are recorded on the accrual basis of accounting.

Inventories

This account includes computer equipment held by a third party on behalf of GTIS Revolving Fund. The inventories are valued at cost.

Capital assets

Certain capital assets previously under the custodianship of the Department of Public Works were assumed by the Fund as of April 1, 1994 and recorded at cost along with the associated accumulated amortization. As a result, these assets are reflected in the accounting records at net book value. Capital assets purchased by the Fund since April 1, 1994 are recorded at cost.

An expenditure which extends the economic life of an asset or increases its capacity is capitalized.

Proceeds from disposal of capital assets are retained by the Fund, with any loss or gain on disposal disclosed separately in the financial statements.

Amortization of capital assets

Capital assets are amortized on a straight-line basis over their estimated useful lives, from the month the asset becomes operational on the following basis:

Assets	Estimated useful economic life
Automobiles	3 years
Office equipment	5 years
Furniture and fixtures	10 years

Telecommunications equipment constitutes a special category of assets which are amortized on a straight-line basis, over a period of 3-5 years.

Deferred charges

Deferred charges are linked to acquisitions of telecommunications equipment by GTIS and are amortized over a 14 month period.

Pension plan

Employees of the Department whose salaries and other benefits are paid by the Fund are covered by the Public Service Superannuation Act and the Supplementary Retirement Benefits Act. The Government's portion of the pension cost is included in the employee benefits assessed against the Fund. The liability for the payment of the pensions is against the Public Service Superannuation and Supplementary Retirement Benefit Accounts.

Accrued benefits

This accrued liability represents the amount of unused annual leave based on average salary rates in effect as at the end of the year.

Allowance for employee termination benefits

Termination benefits accrue to employees over their years of service with the Government of Canada, as provided for in collective agreements, and the costs of these benefits are recorded in the accounts as they are earned by the employees.

Insurance

The Revolving Fund has a policy of not insuring its capital assets in accordance with the Government policy on self insurance. Any costs arising from these risks are recorded in the accounts in the year they can be reasonably estimated.

Government Telecommunications and Informatics Services Revolving Fund— Continued

NOTES TO FINANCIAL STATEMENTS—Continued

	(16,134)	(10,028)	782	(25,380)
Net	31,755		. 39	49,062

4. Transfer of capital assets and amortization

In fiscal year 1995, capital assets under the custodianship of the regional informatics groups of PWGSC were not transferred to the GTIS Revolving Fund at the time the regional informatics employees were transferred. These assets are still to recorded in the GTIS Revolving Fund in the fiscal year ended March 31, 1998. This issue will be resolved when the assets are transferred out of the Fund on April 1, 1998 (see Note 9).

5. Current portion of long-term debt

The current portion of long-term debt is broken down as follows:

	1997
(in thousands	of dollars)
178	206
	351
178	557
	178

6. Provision for compensation

The provision for compensation results from a Government policy requirement to record the estimated cost of termination benefits relating to early retirement and early departure incentives. As at April 1, 1997 the residual accrual for the allowance for compensation recorded in 1995-96 was \$351,000. During the year related payments totalling \$612,963 were made resulting in a current year charge of \$261,963.

7. Workforce adjustment

Workforce adjustment costs of \$1,916,545 paid during 1997-98, and \$2,948,047 paid during 1996-97 were applied to the following liability accounts:

	1998	1997
	(in thousands	of dollars)
Allowance for compensation	613	2,057
termination benefits	1,005	724
Accrued benefits	298	167
	1,916	2,948

8. Assumed assets and liabilities

To assist the Fund in operating as a financially self-supporting entity, certain capital assets and liabilities for termination benefits were assumed by the GTIS Revolving Fund. From April 1, 1994, an amount of \$5,627,596 representing net liabilities assumed by the Fund was charged to the Fund's accumulated net charge against the Fund's authority. Assets and liabilities were assumed at their estimated net book value.

	of dollars)

Liabilities:	
Allowance for employee termination benefits	8,179
Net liabilities assumed	5,628

Government Telecommunications and Informatics Services Revolving Fund—

Concluded

NOTES TO FINANCIAL STATEMENTS-Concluded

9. Subsequent event - Transfer of operations

Effective April 1, 1998, a portion of the current Information Management / Information Technology Common Services Business Line has been transferred to the Operational Support Business Line and will be funded through a Net Vote rather than the GTIS Revolving Fund. Also, effective April 1, 1998, the Enquiries Canada and Information Delivery Services (IDS) have been transferred to the Communications Coordination Services Branch of PWGSC. The operating results for fiscal year 1997-98 for the portion relating to the transferred operations are as follows:

	(in thousands of dollars)
Revenues	220,018
Operating costs	208,834
Net profit	11,184

The assets and liabilities of the transferred business segment are not determinable at this time.

10. Related party transactions

Through common ownership, the GTIS Revolving Fund is related to all Government of Canada created departments, agencies and Crown corporations. The Revolving Fund enters into transactions with these entities in the normal course of business.

11. Uncertainty due to the Year 2000 issue

The Year 2000 issue arises because many computerized systems use two digits rather than four to identify a year. Date-sensitive systems may recognize the year 2000 as 1900 or some other date, resulting in errors when information using year 2000 dates is processed. In addition, similar problems may arise in some systems, which use certain dates in 1999 to represent something other than a date. The effects of the Year 2000 issue may be experienced before, on, or after January 1, 2000, and if not addressed, the impact on operations and financial reporting may range from minor errors to significant systems failure, which could affect the Revolving Fund's ability to conduct normal business operations. It is not possible to be certain at this time that all aspects of the Year 2000 issue affecting the Revolving Fund, including those related to the efforts of customers, suppliers, or other third parties, will be fully resolved in the future.

12. Comparative figures

Some previous year's comparative figures have been reclassified to reflect the current year's presentation.

National Film Board

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the National Film Board Revolving Fund as required by and in accordance with the policy of Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. These financial statements were prepared by the management of the Fund in accordance with the significant accounting policies set out in Note 2 of the statements, on a basis consistent with that of the preceding year. Some previous year's figures have been reclassified to conform to the current year's presentation.

Responsibility for the integrity and objectivity of these financial statements rests with the management of the Fund. In order to assure maximum objectivity and freedom from bias, the financial data contained in these financial statements has been examined by the Audit Committee and presented to the Board of Trustees. The information included in these financial statements is based on management's best estimates and judgment with due consideration given to materiality. To fulfil its accounting and reporting responsibilities, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts of Canada is consistent with that in these financial statements, unless indicated otherwise.

The Director, Administration, develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of accounting and financial management. The Fund maintains systems of financial management and internal control which gives due consideration to costs, benefits and risks. They are designed to provide reasonable assurance that transactions are properly authorized by Parliament, are executed in accordance with prescribed regulations, and are properly recorded so as to maintain accountability of Government funds and safeguard the assets under the Fund's administration. Financial management and internal control systems are augmented by the maintenance of internal audit programs. The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

Management has presented the financial statements to the Auditor General, who audited them and has provided an independent opinion which has been appended to these financial statements.

AUDITOR'S REPORT

TO THE MINISTER OF CANADIAN HERITAGE

I have audited the balance sheet of the National Film Board as at March 31, 1998 and the statements of operations, accumulated deficit and changes in financial position for the year then ended. These financial statements are the responsibility of the Board's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the Board as at March 31, 1998 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles.

Further, in my opinion, the transactions of the Board that have come to my notice during my audit of the financial statements have, in all significant respects, been in accordance with the Financial Administration Act and regulations, the National Film Act and the by-laws of the Board.

Raymond Dubois, FCA Deputy Auditor General for the Auditor General of Canada

National Film Board-Continued

NOTES TO FINANCIAL STATEMENTS

1. Authority and purposes

The National Film Board is governed by the *National Film Act*. It is established to initiate and promote the production and distribution of films in the national interest and, in particular, to:

- produce and distribute and to promote the production and distribution of films designed to interpret Canada to Canadians and to other nations:
- represent the Government of Canada in its relations with persons engaged in commercial motion picture film activity in connection with motion picture films for the Government or any department thereof;
- engage in research in film activity and to make available the results thereof to persons engaged in the production of films;
- advise the Governor in Council in connection with film activities; and
- discharge such other duties relating to film activity as the Governor in Council may direct it to undertake.

Through a revolving fund, a permanent authority from Parliament allows the Board to make payments out of the Consolidated Revenue Fund for working capital, and for interim financing of operating costs and of capital asset acquisitions, and to record the change in the net book value of capital assets. This authority requires that the aggregate of admissible working capital and net book value of capital assets does not exceed \$25 million. A parliamentary appropriation is voted annually to replenish the Revolving Fund for net acquisitions of capital assets and the admissible cost of operations. The appropriation is recorded in the financial year to which it applies and any unused balance lapses.

2. Significant accounting policies

Production of films and other forms of visual presenta-

All production costs are charged to operations in the year in which they are incurred and shown in the statement of operations as follows:

Board's program

All costs incurred for unsponsored productions, the Board's share in coproductions and the excess of costs over the sponsor's contribution for partially sponsored productions.

Sponsored production

All costs incurred for fully sponsored productions and the sponsored costs of partially sponsored productions. Revenues from production of films and other forms of visual presentations are accounted for at an amount equal to the sponsored production costs during the year in which these costs are incurred. Any profit is recognized in the year the production is completed.

Royalty revenues

Royalty revenues are recognized once all of the Board's obligations have been fulfilled and its expenses have been accounted for, regardless of when the acquirer actually uses the work.

Inventories

Materials and supplies are carried at the standard cost.

Film prints and other forms of visual presentations held for sale are carried at the lower of the average direct cost of production and net realizable value. The cost of other prints is expensed on a current basis.

Capital assets

Capital assets are carried at cost. Amortization is calculated on the straight-line method over the estimated useful life of the assets, as follows:

- Technical equipment	from 4 to 10 years
- Data processing equipment	from 5 to 10 years
- Office furniture	10 years
- Office equipment	5 years

Office equipmentRolling stock5 years5 years

The Board has a collection of nearly 20,000 audiovisual works produced between 1895 and the present. This inestimable collection is not intended for sale and does not have not a measurable value. It has, however, been assigned a nominal value of \$1 in the financial statements, appearing on the balance sheet as a capital asset to ensure that the reader is aware of its existence.

Leasehold improvements are charged to operations as incurred.

National Film Board—Continued

NOTES TO FINANCIAL STATEMENTS—Continued

The Board enters into operating lease agreements to acquire the exclusive use of certain capital assets. These rental fees are charged to operations in the year to which they apply. The Board also enters into capital lease agreements by which almost all the benefits and risks inherent to ownership of the assets are transferred to the Board. The Board then records an asset and an obligation corresponding to the net present value of the acquisition price of the asset (excluding any interest expenditure). The assets recorded from a capital lease agreement are amortized on the same basis as other assets owned by the Board and the obligations are amortized over the lease term.

Employee termination benefits

On termination of employment, employees of the Board are entitled to certain benefits provided for under their collective agreements and their conditions of employment. The cost of these benefits is expensed in the year in which they are earned.

Pension plan

Admissible employees participate in the superannuation plan administered by the Government of Canada. The employees and the Board contribute equally to the cost of the plan. This contribution represents the total pension obligation of the Board. Contributions in respect of current service and admissible past service are expensed during the year in which payments are made. The terms of payment for past service are set by the applicable purchase conditions in effect, generally over the number of years of service remaining prior to retirement.

The Board is not required under present legislation to make contributions with respect to actuarial deficiencies of the Public Service Superannuation Account.

The above assets include equipment under capital leases for a total value of \$618,602 (1997—\$696,474) less accumulated amortization of \$92,343 (1997—\$381,999).

5. Employee termination benefits

In 1995-96, the Board approved a downsizing plan to cope with budgetary restraints imposed by the federal government. The Board established early retirement and departure incentive programs with the same conditions as available in the federal departments deemed most affected by staff cuts. These programs offer supplementary benefits in addition to the regular termination benefits. The current year expenses include \$303,959 in additional expenses (1997—\$2,715,615) related to these programs.

National Film Board—Continued

	2,355,906	5,450,871
		-,,

6. Obligation under capital leases

The Board has entered into agreements to rent technical, data processing and office equipment under capital leases. The assets have been capitalized at \$618,602 using implicit interest rates varying from 10 percent to 19 percent. The related obligations are liquidated over a 3-year lease term and are divided into short-term and long-term portions in the balance sheet. Minimum lease payments totalling \$129,367 for the year ended March 31, 1998, including interest of \$29,645 were charged to operations.

The obligation under capital leases includes the following:

	\$
Future lease payments:

Employee termination benefits (Note 5)	303,959	2,715,615
	67,529,508	79,044,175

10. Fair value of financial instruments

Accounts receivable and accounts payable are incurred in the normal course of business. The carrying amounts of each of these accounts approximate their fair value because of their short-term maturity. There is no concentration of accounts receivable and, therefore, there is no significant credit risk.

11. Related-party transactions

The Board is related in terms of common ownership to all departments, agencies and Crown corporations created by the Government of Canada. The Board enters into transactions with these entities in the normal course of business. During the year, the Board leased accommodations from the Department of Public Works and Government Services Canada (PWGSC) for the amount of \$6,050,000 (1997—\$7,900,000).

National Film Board—Concluded

NOTES TO FINANCIAL STATEMENTS—Concluded

12. Commitments

The Board has long-term lease agreements for premises and equipment. The most important of these agreements has been concluded with PWGSC for premises until 2013. Future minimum rental payments for the next five years are as follows:

	Premises	Equipment	Total
	\$	S	\$
1999	6,213,000	361,000	6,574,000
2000	6,122,000	67,000	6,189,000
2001	5,929,000	51,000	5,980,000
2002	5.333,000	43,000	5,376,000
2003	4,509,000	9,000	4,518,000
	28,106,000	531,000	28,637,000

From the amount of \$28,106,000 for the lease for premises, agreements have been signed for \$396,000 with outside parties and \$27,710,000 with PWGSC.

13. Contingencies

In the normal course of business, the Board is the defendant in pending claims or lawsuits. It is the opinion of Management that these actions will not result in any substantial liabilities for the Board.

14. Uncertainty due to the Year 2000 Issue

The Year 2000 issue arises because many computerized systems use two digits rather than four to identify a year. Date-sensitive systems may recognize the year 2000 as 1900 or some other date, resulting in errors when information using year 2000 dates is processed. In addition, similar problems may arise in some systems which use certain dates in 1999 to represent something other than a date. The effects of the Year 2000 Issue may be experienced before, on, or after January 1, 2000 and, if not addressed, the impact on operations and financial reporting may range from minor errors to significant systems failure which could affect an entity's ability to conduct normal business operations. It is not possible to be certain that all aspects of the Year 2000 Issue affecting the entity, including those related to the efforts of customers, suppliers, or other third parties, will be fully resolved.

15. Comparative figures

Certain comparative figures have been reclassified to conform with the presentation adopted in 1998.

Optional Services Revolving Fund

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Optional Services Revolving Fund as required by and in accordance with the policy of Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. These financial statements were prepared by the management of the Fund in accordance with the significant accounting policies set out in Note 2 of the statements, on a basis consistent with that of the preceding year.

Responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Fund. Some of the information included in these financial statements is based on management's best estimates and judgement with due consideration given to materiality. To fulfill its accounting and reporting responsibilities, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information contained in the ministerial statements and elsewhere in the *Public Accounts of Canada* is consistent with that in these financial statements, unless indicated otherwise.

The Finance sector, within Government Operational Service, develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of accounting and financial management. The Fund maintains systems of financial management and internal control which give due consideration to costs, benefits and risks. They are designed to provide reasonable assurance that transactions are properly authorized by Parliament, are executed in accordance with prescribed

regulations, and are properly recorded so as to maintain accountability of Government funds and safeguard the assets under the Fund's administration. Financial management and internal control systems are augmented by the maintenance of internal audit programs. Management also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

Management has presented the financial statements to the external auditors, who audited them and have provided an independent opinion, which has been appended to these financial statements.

Optional Services Revolving Fund— Continued

AUDITORS' REPORT

DIRECTOR GENERAL, AUDIT AND REVIEW BRANCH PUBLIC WORKS AND GOVERNMENT SERVICES

We have audited the balance sheet of Optional Services Revolving Fund as at March 31, 1998 and the statements of income and accumulated deficit and changes in financial position for the year then ended. These financial statements are the responsibility of the management of Optional Services Revolving Fund. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of Optional Services Revolving Fund as at March 31, 1998 and the results of its operations and the changes in its financial position for the year then ended in accordance with the accounting principles for revolving Funds of the Government of Canada as described in Note 2.

Optional Services Revolving Fund — Continued

NOTES TO FINANCIAL STATEMENTS

1. Authority and purpose

The Optional Services Revolving Fund (OSRF) was established under Appropriation Act No. 4, 1991-92 which authorized the establishment of the Fund effective as of April 1, 1992, and subsequent fiscal years in accordance with terms and conditions prescribed by Treasury Board. The operation of the Fund is for the purpose of Section 6(a) of the Department of Public Works and Government Services Act in respect of the acquisition and provision of articles, supplies, machinery, equipment and other materiel; and Section 6(d) in respect of the acquisition and provision of printing and publishing services. Treasury Board approved the following programs as part of the OSRF mandate: the systems' benchmarking and software brokerage programs; the Vaccine Program; the Supplier Promotion Program; the Government Travel Service; and for the recording of the Cost of Product of Traffic Management and the Buy for Lease Program. The operation of the Fund is also for the purpose of Section 6 of the Surplus Crown Assets Act for the distribution and disposal of surplus Crown assets; including: authority for the Minister to spend for the purposes of the Fund any revenues received in respect of those purposes; and the aggregate of expenditures made for the purposes of the Fund shall not at any time exceed by more than \$200,000,000 the revenues received in respect of the purposes of the Fund.

All the functions of the OSRF prior to April 1, 1992 were under the Supply Revolving Fund (SRF) which was wound up as at March 31, 1992 in accordance with the authority provided in 1991-92 Supplementary Estimates.

2. Significant accounting policies

The financial statements have been prepared using the following accounting policies:

Revenues and expenses

Revenues and expenses are recorded on the accrual basis of accounting.

Interest on drawdown

Interest is charged to the Revolving Fund on the balance of the accumulated net charge against the Fund's authority minus the Accounts receivable. The interest is accrued on a monthly basis at a rate set by the Department of Finance.

Accounts receivable

Accounts receivable are recorded when invoices are issued as a result of the provision of goods or services and are reported at the billed amounts. It is the Fund's policy to provide for doubtful accounts.

Inventories

The basis of valuation is lower of cost or net realizable value and obsolete or unusable items are not included.

Capital assets

Leasehold improvements and other capital assets are amortized commencing the year after acquisition on the straight line basis over their estimated useful lives as follows:

Leasehold improvements	10 years
Furniture and equipment	10 years
Electronic data processing (EDP) equipment	5 years
Automotive	5 years
Warehouse equipment	10 years

Pension plan

Employees of the Department whose salaries and other benefits are paid by the Fund are covered by the Public Service Superannuation Act and the Supplementary Retirement Benefits Act. The Government of Canada's portion of the pension cost is included in the employee fringe benefit charge assessed against the Fund. The liability for the payment of pensions is against the Public Service Superannuation and Supplementary Retirement Benefits Accounts.

Accrued benefits

This accrued liability represents the amount of unused annual leave based on average salary rates in effect as at the end of the year.

Provision for employee termination benefits

Termination benefits accrue to employees over their years of service with the Government of Canada, as provided for in collective agreements, and the estimated cost of these benefits are recorded in the accounts as they are earned by the employees.

Insurance

The Revolving Fund has a policy of not insuring its capital assets in accordance with the Government policy on self insurance. Any costs arising from these risks are recorded in the accounts in the year they can be reasonably estimated.

Leasehold improvements	5 218 870 164	(in t	20 (21) 44 25	lollars)	69 263 1,432 204

4. Assumed Assets and Liabilities

With the establishment of the Optional Services Revolving Fund (OSRF) as at April 1, 1992 and the transfer of Canada Communication Group's procurement segment-PRPCS to the Supply Operations Branch effective April 1, 1994, the respective amounts of \$21,678,024 and \$620,436, totalling \$22,298,460, representing net assets assumed over liabilities, were charged to the Fund's Accumulated Net Charge Against the Fund's Authority (ANCAFA). Included in the assets and liabilities assumed were liabilities of \$3,328,575 for employee termination benefits earned prior to April 1, 1992.

Effective April 1, 1997, the Publishing Division of Canada Communication Group (editing and composition of the Canada Gazette, Crown Copyright Administration, Depository Services Program) was transferred to the Communications Coordination Services Branch division of the OSRF and charged to the ANCAFA. The capital assets, amortization and estimated liabilities were assumed as follows:

	1998
	(in thousands of dollars)
Assets:	
Capital assets at cost	632
Accumulated amortization	201
	431
Inventories	993
	1,424
Liabilities:	
Accrued salaries and benefits	138
termination benefits	158
Equity of Canada:	296
Net assets assumed	1,128
	1,424

Capital assets transferred in, per Note 3, differ by \$9,000 because some assets transferred from CCG were lower that the \$1,000 capitalization limit established by the OSRF, and accordingly were expensed.

5. Stocked Item Supply (SIS) closure

The February 1995 Federal Budget announced the closure of Stocked Item Supply as a Warehousing and Distribution System within the Federal Government. The SIS Board of Management decided on an orderly phaseout of the sub-activity over an eight (8) month period in order to minimize the net loss resulting from the closure. This sub-activity was closed effective April 1, 1996. However, the drawdown has accumulated interest charges against the OSRF for the current fiscal year.

Results of operation net of the discontinued SIS operation are as follows:

	1998	1997
	(in thousands	of dollars)
Net operating gain (loss)		
including discontinued SIS operation	(5,465)	2,493
Discontinued SIS operation	(1,600)	(242)
Net profit (loss)	(3,865)	2,735

During the year, the Treasury Board approved the write-off of the March 31, 1997 accumulated deficit of SIS. This has resulted in a reduction of the accumulated net charges against the Fund's authority and the Fund's accumulated deficit of \$38.019.000.

Optional Services Revolving Fund— Concluded

NOTES TO FINANCIAL STATEMENTS—Concluded

6. Workforce adjustment

Workforce adjustment costs of \$2,168,516 paid during 1997-98, and \$800,936 paid during 1996-97 were applied to the following accounts:

	1998	1997
	(in thousand	
Workforce adjustment	1,172	609
termination benefits	917	175
Accrued benefits	79	17
	2,168	801

7. Contractual commitments

The Optional Services Revolving Fund leases its premises under operating leases. The current annual commitments are approximately \$3,389,000. The leases have varying expiry dates to 2007.

8. Related party transactions

Through common ownership, the Optional Services Revolving Fund is related to all Government of Canada created departments, agencies and Crown Corporations. The Optional Services Revolving Fund enters into transactions with these entities in the normal course of business.

9. Uncertainty due to the Year 2000 Issue

The Year 2000 Issue arises because many computerized systems use two digits rather than four to identify a year. Date-sensitive systems may recognize the year 2000 as 1900 or some other date, resulting in errors when information using year 2000 dates is processed. In addition, similar problems may arise in some systems, which use certain dates in 1999 to represent something other than a date. The effects of the Year 2000 Issue may be experienced before, on, or after January 1, 2000, and if not addressed, the impact on operations and financial reporting may range from minor errors to significant systems failure, which could affect the OSRF ability to conduct normal business operations. It is not possible to be certain that all aspects of the Year 2000 Issue affecting the OSRF, including those related to the efforts of customers, suppliers, or other third parties, will be fully resolved.

10. Comparative figures

Certain prior years amounts have been reclassified to conform with the presentation of the current year.

Parks Canada Enterprise Units Revolving Fund

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Parks Canada Enterprise Units Revolving Fund as required by and in accordance with the policy of Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. These consolidated financial statements were prepared by the management of the Fund in accordance with the significant accounting policies set out in Note 2 of the statements, on a basis consistent with that of the preceding year.

Responsibility for the integrity and objectivity of these financial statements rests with the management of the Fund. In order to assure maximum objectivity and freedom from bias, the financial data contained in these financial statements has been reviewed by the Financial Management Branch of Corporate Services. To fulfill its accounting and reporting responsibilities, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts of Canada is consistent with that in these financial statements, unless indicated otherwise.

Canadian Heritage develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of accounting and financial management. The Fund maintains systems of financial management and internal control in order to provide reasonable assurance that transactions are appropriately authorized and financial records properly maintained to provide accurate and reliable financial statements. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities and are properly recorded to maintain accountability of Government funds and safeguard the Fund's assets. The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

Parks Canada Enterprise Units Revolving Fund—Continued

NOTES TO FINANCIAL STATEMENTS

1. Authority and purpose

The Parks Canada Enterprise Units Revolving Fund was established on April 1, 1994, and the Highland Links Golf Course became a member of that Fund on April 1, 1996, pursuant to paragraph 29.1(2)(b) of the Financial Administration Act, to authorize the Minister of Canadian Heritage to make expenditures out of the Consolidated Revenue Fund, in accordance with terms and conditions approved by the Treasury Board, for purposes of operating the Parks Canada Enterprise Units including: authority for the Minister to spend for the purposes of the Fund any revenues received in respect of those purposes; and, the aggregate of expenditures made for the purposes of the Fund not to exceed at any time by more than \$8,000,000 the revenues received in respect of the purposes of the Fund.

2. Significant accounting policies

Capital assets

Capital assets are amortized on a straight line basis over their estimated useful lives as follows:

Buildings	5 to 40 years
Computers	3 years
Furniture and fixtures	5 to 10 years
Greens and bridges	20 to 30 years
Irrigation system and minor buildings	25 years
Machinery and equipment	1 to 10 years
Tees and loader	4 to 30 years
Vehicles	1 to 8 years

Pension plan

Employees of the Parks Canada Enterprise Units Revolving Fund are covered by the Public Service Superannuation Act and the Supplementary Retirement Benefits Act. The Government of Canada's portion of the pension cost is included in the employee fringe benefit charge assessed against the Fund. The actual payment of the pension is made from the Public Service Superannuation and Supplementary Retirement Benefits Accounts.

Employee termination benefits

Termination benefits accrue to employees over their years of service with the Government of Canada as provided for under collective agreements. The cost of these benefits is recorded in the accounts as the benefits accrue to the employees. No accrual is made for severance entitlements on service prior to April 1, 1994. Benefits earned by the Hot Springs Enterprise Units prior to April 1, 1994 and estimated at \$113,500 as at March 31, 1994, and benefits earned by the Highland Links Golf Course prior to April 1, 1996 and estimated at \$32,500 are a liability of Treasury Board and accordingly have not been recorded.

NOTES TO FINANCIAL STATEMENTS—Concluded

4. Early retirement incentive

The Government has taken specific measures to reduce employment in the Public Service over the next two years. Subsequent to March 31, 1996, Canadian Heritage received the approval of Treasury Board for measures which include early retirement, cash-based departure incentives and employee takeovers.

The Highlands Links Enterprise Unit estimates that it will not incur a financial obligation as a result of these measures.

Parks Canada Townsites Revolving Fund

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Parks Canada Townsites Revolving Fund as required by and in accordance with the policy of Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. The financial statements reflect the second year of operation of the Parks Canada Townsites Revolving Fund. These financial statements were prepared by the management of the Fund in accordance with the significant accounting policies set out in Note 2 of the statements, on a basis consistent with that of the preceding year.

Responsibility for the integrity and objectivity of these financial statements rests with the management of the Fund. In order to assure maximum objectivity and freedom from bias, the financial data contained in these financial statements has been reviewed by the Financial Management Branch of Corporate Services. The information included in these financial statements is based on management's best estimates and judgement with due consideration given to materiality. To fulfill its accounting and reporting responsibilities, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts of Canada is consistent with that in these financial statements, unless indicated otherwise.

Canadian Heritage develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of accounting and financial management. The Fund maintains systems of financial management and internal control which gives due consideration to costs, benefits and risks. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities and are properly recorded to maintain accountability of Government funds and safeguard the Fund's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs. The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

NOTES TO FINANCIAL STATEMENTS

1. Authority and purpose

The Parks Canada Townsites Revolving Fund was established on April 1, 1996, pursuant to paragraph 29.1 (2)(b) of the Financial Administration Act, to authorize the Minister of Canadian Heritage to make expenditures out of the Consolidated Revenue Fund, in accordance with terms and conditions approved by the Treasury Board, for purposes of operating the Parks Canada Townsites including authority for the Minister to spend for the purposes of the Fund any revenues received in respect of those purposes; and, the aggregate of expenditures made for the purposes of the Fund not to exceed at any time by more than \$10,000,000 the revenues received in respect of the purposes of the Fund.

2. Significant accounting policies

Capital assets

Capital assets are amortized commencing on the month following their acquisition on a straight line basis over their estimated useful lives as follows:

Water distribution equipm	ent 20 to 50 years
Storm sewer, sewer and	
drainage systems	10 to 50 years
Garbage facilities	6 to 50 years
General municipal equipm	nent 10 to 60 years

Pension plan

Employees of the Parks Canada Townsites Revolving Fund are covered by the *Public Service Superannuation Act* and the *Supplementary Retirement Benefits Act*. The Government of Canada's portion of the pension cost is included in the employee benefit charge assessed against the Fund. The actual payment of the pension is made from the Public Service Superannuation and Supplementary Retirement Benefits Accounts.

Employee termination benefits

Termination benefits accrue to employees over their years of service with the Government of Canada as provided for under collective agreements. The cost of these benefits is recorded in the accounts as the benefits accrue to the employees based on actual salary expenses charged to the Revolving Fund. No accrual is made for severance entitlements on service prior to April 1, 1996. Benefits earned prior to April 1, 1996 and estimated at \$708,000 as at March 31, 1996 are a liability of Treasury Board and accordingly have not been recorded.

Note: Amortization was calculated on the cost of assets in the month following acquisition.

4. Contributed capital book value

The contributed capital book value of the assets related to the Townsites Revolving Fund was estimated for assets which are still within their first life-cycle and assets beyond their first life-cycle. Some of the factors taken into account included replacement cost, deflation factor, date of construction, estimated life-span, remaining useful life and overall asset condition.

The \$51 million total book value for contributed capital was composed of approximately \$36 million for assets within their first life-cycle and \$15 million for assets beyond their first life-cycle.

Passport Office Revolving Fund

MANAGEMENT REPORT

The accompanying financial statements of the Passport Office Revolving Fund have been prepared as required by and in accordance with the policy of the Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Fund.

These financial statements were prepared in accordance with the significant accounting policies, on a basis consistent with that of the preceding year, as set out in Note 2. Some of the information included in these financial statements is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill this reporting responsibility, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts of Canada is consistent with that in these financial statements, unless indicated otherwise.

The Financial and Administrative Services Directorate of the Passport Office Revolving Fund complies with departmental financial management and accounting policies, develops those specific to the Fund's requirements and issues manuals and directives which maintain these policies and which describe procedures. The Fund maintains systems of financial management and internal accounting controls which provide management with reasonable assurance that transactions are recorded and executed in accordance with its authorizations and that its assets are safeguarded.

NOTES TO FINANCIAL STATEMENTS

1. Authority and purpose

The Passport Office Revolving Fund was established in 1969 to provide for the issue of appropriate travel documents to Canadian citizens and to certain permanent residents of Canada who are unable to obtain valid passports from their country of origin. The Revolving Funds Act authorized the operation of the Fund.

The Fund has a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for working capital, capital acquisitions and temporary financing of accumulated operating deficits, the total of which is not to exceed \$4,000,000 at any time. An amount of \$745,893 representing net assets assumed by the Fund and assets contributed to the Fund was charged to this authority when the Fund became budgetary in 1981.

2. Significant accounting policies

(a) Inventories

The inventory of materials and supplies is carried at cost and the inventory of passports-in-process is valued at average cost for the year.

(b) Capital

Leasehold improvements are amortized on the straight-line basis over the term of the appropriate lease. Other capital is amortized from the year of acquisition on a straight line basis over their estimated useful lives as follows:

Furniture	16 years
Electronic data processing (EDP)	
equipment	5 years
Other equipment	10 years

(c) Other capital

Effective April 1, 1994 all expenditures associated with the Technology Enhancement Plan (TEP) are capitalized. The project costs will be amortized on a straight-line basis over 5 years starting at the completion of the project estimated to be in 1998-99. All project costs for the other capital projects will be amortized on a straight-line basis over the useful life of the project.

(d) Employee termination benefits

Termination benefits accrue to employees over their years of service with the Government of Canada, as provided for under collective agreements. The cost of these benefits is recorded in the accounts as the benefits accrue to the employees. The cost of the benefits has been adjusted this year to include the portion of the liability from the start date of employment. The impact of this change in estimate is an additional cost of \$973,017.

Passport Office Revolving Fund— Concluded

NOTES TO FINANCIAL STATEMENTS—Concluded

(e) Revenue recognition

Revenues from passport fees are prepaid on application and accounted for on an accrual basis. Deferred revenues represents fees received for which the services have not yet been provided as of March 31, 1998.

3. Inventories

	1998	1997
	(in thousands	of dollars)

5. Long-term leases

The Passport Office occupies space at twenty-nine locations under long term leases which expire between March 31, 1997 and April 30, 2000.

Accommodation expense and tenant services consisted of:

	1998	1997
	(in thousands	of dollars)
Rentals	3,330	3,367
Tenant services	235	93
	3,565	3,460

6. Contingent liability

On April 15, 1993 a production contract was awarded to a company which quoted on the basis of a firm price per unit. The company has indicated that subsequent to this award, a number of events beyond its control significantly altered its production costs. The company was able eventually to resolve these difficulties, but has decided to claim against the Passport Office for the additional costs. The case was settle in the amount of \$121,446 instead of \$84,500 which was the amount of the claim that was previously reported.

Real Property Disposition Revolving Fund

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Real Property Disposition Revolving Fund as required by and in accordance with the policy of Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. These financial statements were prepared by the management of the Fund in accordance with the significant accounting policies set out in Note 2 of the statements.

Responsibility for the integrity and objectivity of these financial statements rests with the management of the Fund. The information included in these financial statements is based on management's best estimates and judgement with due consideration given to materiality. To fulfill its accounting and reporting responsibilities, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts of Canada is consistent with that in these financial statements, unless indicated otherwise.

The Finance Sector, within Government Operational Service, develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of accounting and financial management. The Fund maintains systems of financial management and internal control which gives due consideration to costs, benefits and risks. They are designed to provide reasonable assurance that transactions are properly authorized by Parliament, are executed in accordance with prescribed regulations, and are properly recorded so as to maintain accountability of Government funds and safeguard the assets

AUDITORS' REPORT

TO THE DIRECTOR GENERAL, AUDIT AND REVIEW PUBLIC WORKS AND GOVERNMENT SERVICES CANADA

We have audited the balance sheet of the Real Property Disposition Revolving Fund as at March 31, 1998 and the statements of operations and accumulated surplus and changes in financial position for the year then ended. These financial statements are the responsibility of the management of the Real Property Disposition Revolving Fund. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Real Property Disposition Revolving Fund as at March 31, 1998 and the results of its operations and the changes in its financial position for the year then ended in accordance with the accounting principles for Revolving Funds of the Government of Canada as described in Note 2.

STATEMENT OF CHANGES IN FINANCIAL POSITION FOR THE YEAR ENDED MARCH 31, 1998 (in thousands of dollars)

	1998	1997
Operating activities: Net revenue for the year	18,644 (929)	37,903 (1,157)
Net financial resources provided by operating activities	17,715	36,746
Financing activities: Transfer of part of the accumulated surplus to the accumulated net charge against the Fund's authority account (Note 1)	(18,644)	(32,903)
Net financial resources used by financing activities	(18,644)	(32,903)
Net financial resources (used) provided and change in the accumulated net charge against the Fund's authority account, during the year	(929)	3,843
Accumulated net charge against the Fund's authority account, beginning of year	3,843	
Accumulated net charge against the Fund's authority account, end of year	2,914	3,843

Real Property Disposition Revolving Fund—Concluded

NOTES TO FINANCIAL STATEMENTS AS AT MARCH 31, 1998

1. Authority and purpose

The Real Property Disposition Revolving Fund was established in 1996 to provide a mechanism within the Services Program to fund the disposal of federal real property. All proceeds of sale are deposited to the Consolidated Revenue Fund net of disposal costs and expenses. Any year-end accumulated surplus in the Real Property Disposition Revolving Fund in excess of \$5,000,000 is deposited to the Consolidated Revenue Fund, and the department submits annual reports to Treasury Board at the time of the preparation of the Main Estimates. This is in accordance with the terms and conditions approved in Treasury Board Decision #822056, dated January 19, 1995.

The Fund has a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for the necessary working capital, the total of which is not to exceed \$5,000,000 at any time.

2. Significant accounting policies

The financial statements have been prepared in accordance with generally accepted accounting principles to the extent that they are in accordance with government policies and directives. The significant accounting policies include the following:

Revenue recognition

Revenues are recognized in the accounting period in which both the title is transferred to the purchaser and the full payment is received by the Crown.

Expense recognition and recording

Fee expenses are recorded in the fiscal year in which a real property has been disposed.

Disbursements are recorded as invoiced by the Real Property Services Revolving Fund, and include items such as legal fees, appraisals, and surveys.

Work in process

Work in process includes deposits received and disbursements incurred for services performed or goods delivered relating to the transactions not yet closed.

3. Uncertainty due to Year 2000 Issue

The Year 2000 Issue arises because many computerized systems use two digits rather than four to identify a year. Date-sensitive systems may recognize the year 2000 as 1900 or some other date, resulting in errors when information using year 2000 dates is processed. In addition, similar problems may arise in some systems which use certain dates in 1999 to represent something other than a date. The effects of the Year 2000 Issue may be experienced before, on, or after January 1, 2000, and if not addressed, the impact on operations and financial reporting may range from minor errors to significant systems failure which could affect the Revolving Fund ability to conduct normal business operations. However, it is not possible to be certain that all aspects of the Year 2000 Issue affecting the Revolving Fund, including those related to the efforts of customers, suppliers, or other third parties, will be fully resolved.

Real Property Services Revolving Fund

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Real Property Services Revolving Fund as required by and in accordance with the policy of Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. These financial statements were prepared by the management of the Fund in accordance with the significant accounting policies set out in Note 2 of the statements, on a basis consistent with that of the preceding year.

Responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Fund. Some of the information included in these financial statements is based on management's best estimates and judgement with due consideration given to materiality. To fulfill its accounting and reporting responsibilities, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information contained in the ministerial statements and elsewhere in the *Public Accounts of Canada* is consistent with that in these financial statements, unless indicated otherwise.

The Finance sector, within Government Operational Service, develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of accounting and financial management. The Fund maintains systems of financial management and internal control which give due consideration to costs, benefits and risks. They are designed to provide reasonable assurance that transactions are properly authorized by Parliament, are executed in accordance with prescribed regulations, and are properly recorded so as to maintain accountability of Government funds and safeguard the assets under the Fund's administration. Financial management and internal control systems are augmented by the maintenance of internal audit programs. Management also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

Management has presented the financial statements to the external auditors, who audited them and have provided an independent opinion which has been appended to these financial statements.

The accounting systems and financial statements of the Fund have evolved over the years to meet changing conditions.

Real Property Services Revolving Fund—

AUDITORS' REPORT

TO THE DIRECTOR GENERAL, AUDIT AND REVIEW PUBLIC WORKS AND GOVERNMENT SERVICES CANADA

We have audited the balance sheet of the Real Property Services Revolving Fund as at March 31, 1998 and the statements of operations and accumulated deficit and changes in financial position for the year then ended. These financial statements are the responsibility of the management of the Real Property Services Revolving Fund. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Real Property Services Revolving Fund as at March 31, 1998 and the results of its operations and the changes in its financial position for the year then ended in accordance with the accounting principles for Revolving Funds of the Government of Canada as described in Note 2.

Real Property Services Revolving Fund— Continued

NOTES TO FINANCIAL STATEMENTS

1. Authority and purpose

The Real Property Services Revolving Fund (RPSRF), formerly the Public Works Revolving Fund, was established by the Adjustment of Accounts Act (Bill C-22 dated July 22, 1980), which was repealed in 1985 and replaced by section 5 of the Revolving Funds Act. It allows the Minister of Public Works and Government Services Canada (PWGSC) to make expenditures for undertakings by the department, on behalf of other Government departments and agencies, other governments, and private sector tenants of federally owned or leased property. Effective April 1, 1996, the Architectural, Engineering and Realty Services Revolving Fund began operation under the name of Real Property Services Revolving Fund. The Fund will look after the activities of architectural and engineering, property management, holdings and divestiture, and support services.

The Fund has a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for the operating expenses, the necessary working capital, and capital expenditures, the total of which is not to exceed \$450,000,000 at any time.

In accordance with the former section 33 of the Adjustment of Accounts Act, and through the 1983-84 Supplementary Estimates (B), the authority of the Fund was amended to include charges on behalf of other Public Works Canada's departmental programs and to increase the financial authority from \$55,000,000 to \$150,000,000. In the 1984-85 Supplementary Estimates (C) the authority was increased from \$150,000,000 to \$300,000,000. Through the 1987-88 Supplementary Estimates (E), the authority was further increased from \$300,000,000 to \$450,000,000.

The Services Program operated as a Revolving Fund on a direct cost recovery basis from April 1, 1985 to March 31, 1988, supplemented by a payment vote to cover non-recoverable operating expenses from clients, as well as a vote to cover capital acquisitions of the Program. Since April 1, 1988, under revised terms and conditions approved by Treasury Board (TB) Minute 805839 dated June 25, 1987, the objective of the Real Property Services Revolving Fund (formerly Public Works) is to operate as a financially self-supporting entity charging market-based service fees in accordance with the TB approved rate structure for the services provided to clients.

In addition, the Revolving Fund receives funding by way of a separate vote, to cover operating expenses in support of activities serving broader Government objectives which are not recovered by revenues. The amount received in 1997-98 and 1996-97 was \$2,589,000.

2. Significant accounting policies

The RPSRF is responsible for all expenditures of the Real Property Services Program (with the exception of the vote for activities in support of broader Government objectives). RPSRF is credited with the recoveries from all clients for the services rendered. The revenues generated include fees based on market practices, plus recoveries of salaries and other disbursements, where appropriate.

The financial statements have been prepared in accordance with generally accepted accounting principles to the extent that they are in accordance with Government policies and directives. The significant accounting policies include the following:

Revenues and expenses

Revenues and expenses are recorded on the accrual basis of accounting.

Consumable stores inventory

This account includes only the consumable material that is bought and held in stores on behalf of operational managers responsible for property management services and other services. The inventory is comprised of stock items which are categorized accordingly under hardware, electrical, lumber, and plumbing supplies. Inventories of consumable material are valued at cost on a first-in, first-out basis.

Work in process

Work in process includes the value of actual labour hours at standard rates multiplied by a billing factor, fees and disbursements incurred for services performed or goods delivered on client projects or on behalf of PWGS's Real Property Services Program - Vote, less any amounts already billed.

Real Property Services Revolving Fund — Continued

NOTES TO FINANCIAL STATEMENTS—Continued

Capital assets

Certain capital assets previously under the custodianship of the Department of Public Works were assumed by the Fund as of April 1, 1988 and recorded at cost along with the associated accumulated amortization. As a result, these assets are reflected in the accounting records at net book value. Capital assets purchased by the Fund since April 1, 1988 are recorded at cost.

Floating marine and related shore-based assets costing less than \$15,000 are expensed in the year of acquisition.

Capital assets (other than those relating to floating marine and related shore-based facilities) costing less than \$1,000 are expensed in the year of acquisition.

Expenditures which extend the economic life of an asset or increase its capacity are capitalized, except as noted above.

Proceeds from disposal of capital assets are retained by the Fund, with any loss or gain on disposal disclosed separately in the financial statements.

Amortization of capital assets

Capital assets are amortized on a straight-line basis, to their salvage value over their estimated useful economic life, from the month the asset becomes operational on the following basis:

Floating marine and related shore-based facilities	Estimated useful economic life
Dredges and fixed shore- based facilities	35 years
Scows, tugs and large survey launches	30 years
All other dredging assets	15 years
Other capital assets:	
Vehicles and construction equipment	3 years
Tools, machinery, building and office equipment, including EDP equip- ment, furniture and	
fixtures	5 years

Pension plan

Employees of the Department whose salaries and other benefits are paid by the Fund are covered by the Public Service Superannuation Act and the Supplementary Retirement Benefits Act. The Government's portion of the pension cost is included in the employee benefits assessed against the Fund. The liability for the payment of the pensions is against the Public Service Superannuation and Supplementary Retirement Benefit Accounts.

Accrued benefits

This accrued liability represents the amount of unused annual leave based on average salary rates in effect as at the end of the year.

Architectural and Engineering Services Liability Risk Fund

The Architectural and Engineering Services (A&ES) Liability Risk Fund is a budget established by A&ES in recognition of the self-assuring nature of Government operations, which can be compared to liability insurance carried by private sector consultants. The purpose of the Liability Risk Fund is to cover potential expenditures which are not part of the day-to-day operating expenditures of A&ES.

Allowance for employee termination benefits

Termination benefits accrue to employees over their years of service with the Government of Canada, as provided for in collective agreements, and the estimated costs of these benefits are recorded in the accounts as they are earned by the employees.

Allowance for compensation

In view of the public service restructuring, the Government has taken specific measures to reduce employment in the public service. These measures include early retirement incentives and cash-based departure incentives. The estimated costs of these incentives are based on individual entitlement as at the accounting date for affected employees.

Insurance

The Revolving Fund has a policy of not insuring its capital assets consistent with the Government policy on self insurance. Any costs arising from these risks are recorded in the accounts in the year they can be reasonably estimated.

Real Property Services Revolving Fund — Continued

NOTES TO FINANCIAL STATEMENTS—Continued

3. Assumed assets and liabilities

To assist the Fund in operating as a financially self-supporting entity, certain capital assets originally funded from departmental appropriations and liabilities for employee unused annual leave and termination benefits were assumed by the Real Property Services Revolving Fund (formerly Public Works). As of April 1, 1988, an amount of \$16,547,815, representing net liabilities assumed by the Fund, was charged to the Fund's accumulated net charge against the Fund's authority. Current and capital assets were assumed at their estimated net realizable value and estimated net book value, respectively, and the long-term liabilities were assumed at their adjusted actuarial values.

In 1994-95 the functions of the Corporate and Administrative Services (C&AS) activity were transferred out of the Revolving Fund to the Supply and Services Program. The recorded costs and associated accumulated amortization for all assets, accumulated unused annual leave, and employee termination benefits related to the C&AS activity were removed from the Revolving Fund.

The effect of the above is as follows:

	(in thousands of dollars)
Assets: Capital assets (net of amortization) Special initiatives Consumable stores inventory	36,808 8,865 2,746
-	48,419
Liabilities: Accumulated unused annual leave Employee termination benefits.	13,588 39,377
	52,965
Net liabilities assumed	4,546

Real Property Services Revolving Fund — Concluded

NOTES TO FINANCIAL STATEMENTS—Concluded

5. Current portion of long-term debt

The current portion of long-term debt is broken down as follows:

	1998	1997
	(in thousands	of dollars)
Allowance for employee termination		
benefits	4,000	4,000
Allowance for compensation	12,407	27,181
	16,407	31,181

6. Provision for compensation

The provision for compensation results from a Government policy requirement to record an estimated cost of termination benefits relating to early retirement and early departure incentives. The provision represents the estimated costs, excluding severance pay and unused vacation pay which are recorded separately.

7. Workforce adjustment

Workforce adjustment costs of \$25,913,639 incurred during 1997-98 were charged to the following liability accounts:

	1998	1997
	(in thousands	of dollars)
Allowance for compensation	15,114	17,256
benefits	9,150	5,522
Accrued benefits	1,650	1,268
	25,914	24,046

8. Miscellaneous expenses

The 1996-97 miscellaneous expenses represent disposals of assets outside the normal operating activities. The 1997-98 miscellaneous expenses represent the write-off of uncollectible amounts and disposal of capital assets.

9. Related party transaction

Through common ownership, the Real Property Services Revolving Fund is related to all Government of Canada created departments, agencies and Crown corporations. The Revolving Fund enters into transactions with these entities in the normal course of business.

10. Subsequent events

- a) On May 28, 1998, in order to reduce their costs, Public Works and Government Services Canada (PWGSC) established cost-saving, innovative partnerships with the private sector, and provinces for the delivery of property management services on most of its Crown-owned buildings and other facilities. The Alternative Forms of Delivery (AFD) process results in the transfer of approximately 465 employees to Brookfield Lepage Johnson Controls (BLJC). There is a possibility of the transfer of an additional 7 employees to British Columbia Buildings Corporation (BCBC) and 4 more to Saskatchewan Property Management Corporation (SPMC). The duration of the contracts with BLJC will be three years, with various options for renewals of up to four additional years. The duration of the contracts with BCBC and SPMC will be five years with an extension period not exceeding two years.
- b) On February 15, 1996, Treasury Board advised PWGSC to request write-offs of all its revolving funds accumulated debt resulting from Early Departure Incentive (EDI)/ Early Retirement Incentive (ERI) and Workforce Adjustment Directive (WFAD) costs (including interest where applicable) at the end of the programs only. As such, the RPSRF deficit includes an estimated cost of \$62,000,000. Consequently, the RPS Revolving Fund will seek authority to write-off this amount through 1998-99 Supplementary Estimates for ERI/EDI/WFAD.

11. Uncertainty due to the Year 2000 Issue

The Year 2000 issue arises because many computerized systems use two digits rather than four to identify a year. Date-sensitive systems may recognize the year 2000 as 1900 or some other date, resulting in errors when information using year 2000 dates is processed. In addition, similar problems may arise in some systems which use certain dates in 1999 to represent something other than a date. The effects of the year 2000 issue may be experienced before, on, or after January 1, 2000, and if not addressed, the impact on operations and financial reporting may range from minor errors to significant systems failure which could affect Real Property Services (RPS) ability to conduct normal business operations. However, it is not possible to be certain that all aspects of the Year 2000 issue affecting RPS, including those related to the efforts of customers, suppliers, or other third parties, will be fully resolved.

Public Service Commission-Staff Development and Training Revolving Fund

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Staff Development and Training Revolving Fund as required by and in accordance with the policy of the Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Fund.

These financial statements were prepared in accordance with the stated accounting policies, on a basis consistent with that of the preceding year. Some of these policies are further explained in the notes which form part of these statements. Some of the information included in these financial statements is based on management's best estimates and judgement and with due consideration given to materiality. To fulfil this reporting responsibility, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts of Canada is consistent with the information presented in these financial statements, unless otherwise indicated.

The Finance and Administration Directorate and the Fund's financial management officers, who report functionally to the senior full-time financial officer, develop and disseminate financial management and accounting policies, and issue specific directives which maintain standards of accounting and financial management. Systems of financial management and internal control are maintained for the Fund at appropriate cost. Transactions are executed in accordance with prescribed regulations, within parliamentary

authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Fund's assets. Financial management and internal control systems are augmented by the activities of internal audit and by on-going monitoring activities by the Fund's financial management officers, financial services officers and by the Finance and Administration Directorate. The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

Management has presented the financial statements to the external auditors, who audited them and have provided an independent opinion which has been appended to these financial statements.

Public Service Commission— Staff Development and Training Revolving Fund—Continued

AUDITORS' REPORT

TO THE DIRECTOR GENERAL, FINANCE AND ADMINISTRATION CORPORATE MANAGEMENT PUBLIC SERVICE COMMISSION

We have audited the balance sheet of the Staff Development and Training Revolving Fund as at March 31, 1998 and the statements of operations, accumulated surplus and changes in financial position for the year then ended. These financial statements are the responsibility of the management of the Staff Development and Training Revolving Fund. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit includes assessing the accounting principles used and significant estimates made by

management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Staff Development and Training Revolving Fund as at March 31, 1998 and the results of its operations and the changes in its financial position for the year then ended in accordance with accounting principles for Revolving Funds of the Government of Canada as described in Note 2.

Public Service Commission— Staff Development and Training Revolving Fund—Continued

NOTES TO FINANCIAL STATEMENTS

1. Authority and purpose

The Staff Development and Training Revolving Fund was established by Vote L120, Appropriation Act No. 3, 1971, for the purpose of providing training and development to the Public Service.

The Fund has a continuing non-lapsing authority under the Adjustment of Accounts Act, S.C. 1980, c.17, to make payments out of the Consolidated Revenue Fund for working capital and temporary financing of accumulated operating deficits, the total of which is not to exceed \$4,500,000 at any time. The Adjustment of Accounts Act has been repealed and replaced by section 7 of the Revolving Funds Act.

2. Significant accounting policies

The financial statements have been prepared in accordance with the generally accepted accounting principles to the extent that they are in accordance with the Receiver General Public Accounts Instructions Manual. The significant accounting policies include the following:

(a) Pension plan

Employees of the Department whose salaries and other benefits are paid by the Revolving Fund are covered by the *Public Service Superannuation Act* and the *Supplementary Retirement Benefits Act*. The Government of Canada's portion of the pension cost is included in the fringe benefit charge assessed against the Fund. The actual payment of the pension is made from the Public Service Superannuation and Supplementary Retirement Benefits Accounts.

(b) Employee termination benefits

Termination benefits accrue to employees over their years of service with the Government of Canada as provided for under collective agreements. The cost of these benefits is recorded in the accounts as the benefits accrue to the employees.

(c) Capital assets and amortization

The capital assets are amortized on the declining balance method from the year of acquisition at the following rates:

Office and classroom furniture
Office and classroom equipment
Electronic data processing (EDP)
equipment

10 percent
15 percent
25 percent

(d) Prepaid expenses

The operations of the Revolving Fund are charged with expenses corresponding with the provision of services. Prepaid expenses include the inventory of course material and supplies as at March 31, 1998.

(e) Allowance for compensation

The Government has taken specific measures to reduce employment in the Public Service up to and including 1997-98. These measures include early retirement incentives and cash-based departure incentives. The estimated costs of these incentives are based on individual entitlement at the accounting date. The program ended March 31, 1998.

3. Prior period adjustment

Correction in 1996-97 Financial Statements

The 1996-97 Financial Statements did not include the Treasury Board Vote 5 transfer of \$1,058,000 to cover a portion of the employee termination benefits costs, as a result the accounts receivable from the Government of Canada were understated by \$1,058,000 and the Salary and Employee Benefits expenses were overstated by the same amount, and which resulted in an overstatement of the net loss for the fiscal year 1996-97.

The 1996-97 Financial Statements have been restated to include the Treasury Board Vote 5 transfer of \$1,058,000. The effect of the correction results in an increase in the accounts receivable from the Government of Canada and the accumulated surplus of \$1,058,000 and a decrease in the net loss of the same amount.

Public Service Commission— Staff Development and Training Revolving Fund—Concluded

NOTES TO FINANCIAL STATEMENTS—Concluded

4. Subsidized operations

In 1997-98, appropriation funds in the amount of \$1,775,837 (\$2,998,000 in 1996-97) were recorded in the Staff Development and Training Revolving Fund to fund activities necessary to carry out the roles and responsibilities assigned to the Commission, which cannot be recovered through user fees.

5. Capital assets and accumulated amortization

Capital assets	Balance at beginning of year	Acquisi- tions	Disposals	Balance at end of year
•		(in thousan	ds of dollars)
Furniture Equipment EDP equipment	1,003 475 2,061	3 49	94 24 1,281	909 454 829
	3,539	52	1,399	2,192
Accumulated amortization	Balance at beginning of year	Amortiza-	Decrease	Balance at end of year
		(in thousar	ds of dollars)
Furniture Equipment	565 350 1,656	(in thousar 62 15 83	74 (3)	553 368 543
	350	62 15	74 (3)	553 368

Following the move of the operations of the Revolving Fund to the Asticou Centre in 1993, PWGSC has granted ownership of furniture to the Revolving Fund. An amount of \$265,608 reflecting the transfer of ownership is shown on the balance sheet as contributed capital.

6. Provision for compensation

The provision for compensation results from a government policy requirement to record an estimated cost of termination benefits relating to early retirement and early departure incentives. As the program ended March 31, 1998, there is no provision represented for 1998-99. Provision for severance pay and unused vacation pay are recorded separately.

7. Employee termination benefits payable

Employee termination benefits payable have been adjusted to reflect a provision for future years. During the current year, an amount totalling \$384,029 was paid out as follows:

164
58
162
384
202
67
284
(169)
384

8. Other revenues

During fiscal year 1997-98, Treasury Board approved the write-off of the expenses incurred by the Revolving Fund relating to early departure incentives in the amount of \$1,715,000 for 1996-97 and \$163,000 for 1997-98.

9. Uncertainty due to the Year 2000 issue

The Year 2000 issue arises because many computerized systems use two digits rather than four to identify a year. Date-sensitive systems may recognize the year 2000 as 1900 or some other date, resulting in errors when information using year 2000 dates is processed. In addition, similar problems may arise in some systems, which use certain dates in 1999 to represent something other than a date. The effects of the Year 2000 issue may be experienced before, or after January 1, 2000, and if not addressed, the impact on operations and financial reporting may range from minor errors to significant systems failure, which could affect the Revolving Fund's ability to conduct normal business operations. It is not possible to be certain that all aspects of the Year 2000 issue affecting the Revolving Fund, including those related to the efforts of customers, suppliers, or other third parties, will be fully resolved.

10. Comparative figures

Some previous year's comparative figures have been reclassified to reflect the current year's presentation.

Translation Bureau Revolving Fund

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Translation Bureau Revolving Fund as required by and in accordance with the policy of Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. These financial statements were prepared by the management of the Fund in accordance with the significant accounting policies set out in Note 2 of the statements, on a basis consistent with that of the preceding

Responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Fund. Some of the information included in these financial statements is based on management's best estimates and judgment with due consideration given to materiality. To fulfill its accounting and reporting responsibilities, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts of Canada is consistent with that in these financial statements, unless indicated otherwise.

The Finance Sector, within Government Operational Service, develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of accounting and financial management. The Fund maintains systems of financial management and internal control which give due consideration to costs. benefits and risks. They are designed to provide reasonable assurance that transactions are properly authorized by Parliament, are executed in accordance with prescribed regulations, and are properly recorded so as to maintain accountability of Government funds and safeguard the assets under the Fund's administration. Financial management and

internal control systems are augmented by the maintenance of internal audit programs. Management also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

Management has presented the financial statements to the external auditors, who audited them and have provided an independent opinion which has been appended to these financial statements.

AUDITORS' REPORT

DIRECTOR GENERAL, AUDIT AND REVIEW BRANCH PUBLIC WORKS AND GOVERNMENT SERVICES

We have audited the balance sheet of Translation Bureau Revolving Fund as at March 31, 1998 and the statements of operations, accumulated deficit and changes in financial position for the year then ended. These financial statements are the responsibility of the management of Translation Bureau Revolving Fund. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of Translation Bureau Revolving Fund as at March 31, 1998 and the results of its operations and the changes in its financial position for the year then ended in accordance with the accounting principles for Revolving Funds of the Government of Canada as described in Note 2.

PUBLIC ACCOUNTS OF CANADA, 1997-98

Translation Bureau Revolving Fund— Continued

NOTES TO FINANCIAL STATEMENTS

1. Authority and purposes

The Translation Bureau was established in 1934, when the Translation Bureau Act came into effect. The Bureau is currently part of Public Works and Government Services Canada and provides a wide range of translation, interpretation, terminology and related services in many languages.

In April 1993, Treasury Board approved the establishment of the Bureau as a Special Operating Agency effective April 1, 1995. This decision was confirmed in the 1994-95 Supplementary Estimates D.

The Revolving Fund accounts for the following services: translation, interpretation and terminology to clients. Pursuant to Section 29.1(2) of the Financial Administration Act, the Fund has a continuing non-lapsing authority to make expenditures out of the Consolidated Revenue Fund and to spend for the purposes of the Fund any revenues received for those purposes. The aggregate of expenditures made for the purposes of the Fund shall not at any time exceed by more than \$75 million the revenues received in respect of the purposes of the Fund. The Revolving Fund is exempted from Income Taxes.

Treasury Board (TB) decision #822560 dated February 22, 1995, and TB decision #824299 dated July 10, 1996 gave the Translation Bureau the authority to delete operating losses for the first five years of operating under the Revolving Fund. The Bureau is expected to break-even in the fiscal year 2000-2001. The amounts deleted totalled \$4,158,483 for 1997-98 (\$10,950,054 for 1996-97). In addition, TB decision #824299 approved the transfer of the remaining activities under the parliamentary appropriation to the Translation Bureau Revolving Fund.

2. Significant accounting policies

The financial statements include only the accounts under the responsibility of the Revolving Fund. They have been prepared in accordance with accounting principles for Revolving Funds of the Government of Canada. The significant accounting policies include the following:

Revenues and expenses

Revenues and expenses are recorded on the accrual basis of accounting.

Capital assets and amortization

Certain capital assets previously under the custodianship of the Department of Secretary of State were assumed by the Fund and recorded at cost along with the associated accumulated amortization. As a result, these assets are reflected in the accounting records at net book value. Capital assets purchased by the Fund are recorded at cost.

Amortization is calculated using the straight-line method over the estimated useful lives of the assets as follows:

Office equipment 3 years
Furniture and fixtures 3 years

The current year acquisitions are amortized at half the current rate.

Pension plan

Employees whose salaries and other benefits are paid by the Fund are covered by the Public Service Superannuation Act and the Supplementary Retirement Benefits Act. The Government's portion of the pension cost is included in the employee benefits assessed against the Fund. The liability for the payment of pensions is against the Public Service Superannuation and Supplementary Retirement Benefit Accounts.

Accrued benefits

This accrued liability represents the amount of unused annual leave based on average salary rates in effect as at the end of the year.

Allowance for employee termination benefits

Termination benefits accrue to employees over their years of service with the Government of Canada, as provided for in collective agreements, and the estimated cost of these benefits are recorded in the accounts as they are earned by the employees.

Deferred employee benefit expenses

Deferred employee benefit expenses refer to the estimated termination benefits payments that will be made in the future for those employees moving from an appropriation to a Revolving Fund regime effective April 1, 1995 and April 1, 1996. These deferred expenses are drawn down as benefits are paid to the related employees and become recoverable form the Treasury Board.

Translation Bureau Revolving Fund—Continued

NOTES TO FINANCIAL STATEMENTS-Continued

Insurance

The Revolving Fund has a policy of not insuring its capital assets in accordance with the Government policy on self insurance. Any costs arising from these risks are recorded in the accounts in the year they can be reasonably estimated.

Interest on drawdown

Interest is charged to the Revolving Fund on the balance of the accumulated net charge against the Fund's authority minus the accounts receivables. This interest is accrued on a monthly basis at a rate set by the Department of Finance.

3. Assets and liabilities assumed

Certain capital assets and liabilities for employee unused annual leave and employee termination benefits, originally funded from departmental appropriations, are accounted for in the Translation Bureau Revolving Fund. Net assets of \$1,343,000 as of April 1, 1996 and \$2,066,000 as of April 1, 1995 were assumed by the Fund and was charged to the ANCAFA. Capital assets were recorded at their estimated book value at the date the assets were assumed. Liabilities were recorded at their estimated value at the same date. The balances assumed to date are as follows:

	1998	1997
Assets:	(in thousands of dollars)	
Capital assets at cost	8,205 (2,295) 18,448	8,205 (2,295) 18,448

5. Provision for compensation

The provision for compensation results from a government policy requirement to record an estimated cost of termination benefits relating to early retirement and early departure incentives (Workforce Adjustment). As at April 1, 1997 the residual accrual for the allowance for compensation recorded in 1995-96 was \$319,000. During the year related payments totalling \$461,600 were made resulting in a current year charge of \$142,600.

6. Contractual commitments

The Translation Bureau Revolving Fund leases its premises under operating leases. Future lease payments are as follows:

	(in thousands of dollars)
1998-99	4,735
1999-2000	3,269
2000-01	2,688
2001-02	35
2002-03	6

PUBLIC ACCOUNTS OF CANADA, 1997-98

Translation Bureau Revolving Fund— Concluded

NOTES TO FINANCIAL STATEMENTS—Concluded

7. Related party transactions

Through common ownership, the Translation Bureau Revolving Fund is related to all Government of Canada created departments, agencies and Crown corporations. The Translation Bureau Revolving Fund enters into transactions with these entities in the normal course of business.

8. Uncertainty due to Year 2000 Issue

The Year 2000 issue arises because many computerized systems use two digits rather than four to identify a year. Date-sensitive systems may recognize the year 2000 as 1900 or some other date, resulting in errors when information using year 2000 dates is processed. In addition, similar problems may arise in some systems, which use certain dates in 1999 to represent something other than a date. The effects of the Year 2000 issue may be experienced before, or after January 1, 2000, and if not addressed, the impact on operations and financial reporting may range from minor errors to significant systems failure, which could affect the Revolving Fund's ability to conduct normal business operations. It is not possible to be certain that all aspects of the Year 2000 issue affecting the Revolving Fund, including those related to the efforts of customers, suppliers, or other third parties, will be fully resolved.

Atomic Energy Control Board

MANAGEMENT REPORT

The management of the Atomic Energy Control Board (AECB) is responsible for the preparation of all information included in its annual report. The financial statement has been prepared in accordance with the reporting requirements and standards established by the Receiver General for Canada for departmental corporations. The financial statement includes estimates that reflect management's best judgements. Financial information included elsewhere in the annual report is consistent with the financial statement.

Management is also responsible for developing and maintaining a system of internal control designed to provide reasonable assurance that all transactions are accurately recorded and that they comply with the relevant authorities, that the financial statement reports the AECB's results of operations and that the assets are safeguarded.

The Auditor General of Canada conducts an independent audit and expresses an opinion on the financial statement.

A.J. BISHOP, M.D.

AUDITOR'S REPORT

TO THE ATOMIC ENERGY CONTROL BOARD AND THE MINISTER OF NATURAL RESOURCES CANADA

I have audited the statement of operations of the Atomic Energy Control Board for the year ended March 31, 1998. This financial statement is the responsibility of the Board's management. My responsibility is to express an opinion on this financial statement based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, this financial statement presents fairly, in all material respects, the results of operations of the Board for the year ended March 31, 1998 in accordance with the accounting policies set out in Note 2 to the financial statement.

John Wiersema, CA

NOTES TO THE STATEMENT OF OPERATIONS

1. Authority, objective and operations

The Atomic Energy Control Board (AECB) was established in 1946, by the Atomic Energy Control Act. It is a departmental corporation named in Schedule II to the Financial Administration Act and currently reports to Parliament through the Minister of Natural Resources Canada.

The objective of the AECB is to ensure that nuclear energy in Canada is only used with due regard to health, safety, security and the environment, and to support Canada's participation in international measures to prevent the proliferation of nuclear weapons. The AECB achieves this objective by controlling the development, application and use of nuclear energy in Canada, and by participating on behalf of Canada in international measures of control.

The AECB administers the *Nuclear Liability Act*, including designating nuclear installations and prescribing basic insurance to be carried by the operators of such nuclear installations, and the administration of supplementary insurance coverage premiums for these installations. The sum of the basic insurance and supplementary insurance totals \$75 million for each designated installation (Note 10). The number of installations requiring insurance coverage is 14.

The AECB's expenditure is funded by a budgetary lapsing authority. Revenues, including licence fees, is deposited to the Consolidated Revenue Fund and is not available for use by the AECB. Employee benefits are authorized by a statutory authority.

On April 1, 1990, the AECB Cost Recovery Fees Regulations came into effect. The general intent of these regulations is the recovery of all operating and administration costs of the AECB's regulatory activities relating to the commercial use of nuclear energy from the users of such nuclear energy. Educational institutions, publicly funded non-profit health care institutions and federal government departments are exempt from these regulations. The AECB costs associated with exempt organizations and costs related to its international safeguards and import/export activities are to remain as a cost to the Government.

Atomic Energy Control Board—Continued

NOTES TO THE STATEMENT OF OPERATIONS—

Fees for each licence type have been established based on the AECB's cost of carrying out its regulatory activities. These include the technical assessment of licence applications, compliance inspections to ensure that licensees are operating in accordance with the conditions of their licence, and the development of licence standards. Revised fees were implemented on August 21, 1996 and continue to be based on 1992-93 regulatory activities.

On March 20, 1997, the federal *Nuclear Safety and Control Act* received Royal Assent. It will replace the *Atomic Energy Control Act*, but will not come into effect until proclamation by order of the Governor in Council, which must await the development and approval of regulations that will be applied under the new statute. It is anticipated that this will be completed by early 1999. On proclamation of the new Act, the AECB will become the Canadian Nuclear Safety Commission (CNSC).

The Nuclear Safety and Control Act mandates the CNSC to establish and enforce national standards in the areas of health, safety and environment. It establishes a basis for implementing Canadian policy and fulfilling Canada's obligations with respect to the non-proliferation of nuclear weapons. Enactment will also provide CNSC compliance inspectors with enforcement powers along with penalties for infractions in line with current legislative practices. The CNSC will be a court of record with powers to hear witness, take evidence and control its proceedings. It will be empowered to require financial guarantees, to order remedial action in hazardous situations and to require responsible parties to bear the costs of decontamination and other remedial measures. As well, the Nuclear Safety and Control Act provides for the recovery of costs of regulation from persons licensed under the Act.

2. Significant accounting policies

The Receiver General for Canada specifies the reporting requirements and standards for departmental corporations. The AECB's most significant policies are as follows:

(a) Expenditure recognition

Expenditures are recorded on an accrual basis in the year they are charged to the Board's appropriation, with the exception of employee termination benefits and vacation pay which are recorded on a cash basis.

Estimates of amounts for services provided without charge by Government departments are included in expenditure and are measured at the provider's cost.

(b) Revenue recognition

Licence fees are recorded as revenue on a straight-line basis over the life of the licence (normally one or two years), except for licence fees regarding an application for a construction approval of a nuclear reactor in which case it is recognized over the period of the work performed by the AECB.

Revenue for foreign training and design assessment for foreign sales is recognized over the period of the work performed by the AECB.

Refunds of previous years' expenditure is recorded as revenue when received and are not deducted from expenditures.

(c) Capital purchases

Acquisitions of capital assets are charged to operating expenditures in the year of purchase.

(d) Contributions to superannuation plan

AECB employees participate in the superannuation plan administered by the Government of Canada and contribute equally with the AECB to the cost of the plan. Contributions by the AECB are charged to expenditures when disbursed.

Net cost of operations	13,301,372	15,560,754

^{*} Funds not available for use in the year.

4. Accounts receivable

As of March 31 the amounts for accounts receivable are as follows:

	1998	1997
	S	\$
Licence fees	1,214,364	371,124
Foreign training Design assessment for foreign	304,941	230,771
sales		588,921
Total accounts receivable	1,519,305	1,190,816

5. Licence fees-Deferred revenues

As of March 31, 1998, there are unearned licence fees received in the amount of \$17,667,771 (1997—\$20,364,094).

6. Liabilities

As of March 31, the amounts of liabilities are as follows:

	1998	1997
	\$	\$
Accounts payable and accrued liabilities	4,155,016	4,723,021
Salaries payable	1,586,571	1,245,935
Contractors' holdbacks	154,608	332,424
Total accounts and salaries		
payable	5,896,195	6,301,380
Vacation pay	2,152,180	2,017,877
Employee termination benefits	2,340,512	2,236,413
Total other liabilities	4,492,692	4,254,290
Total liabilities	10,388,887	10,555,670

Liabilities for vacation pay and employee termination benefits are not reflected in the statement of operations.

7. Licences provided free of charge

The value of licences provided free of charge to educational institutions, publicly funded non-profit health care institutions and federal Government departments for the year ended March 31, 1998, amounted to \$2,429,126 (1997—\$2,315,150).

8. Contingent liabilities

At March 31, 1998, the AECB was defendant in a lawsuit amounting to \$250,000. The lawsuit seeks damages for breach of statutory duties related to radioactively contaminated soil. The plaintiffs have not taken any action in this litigation for the past several years. Therefore, no provision has been made in the accounts for this contingent liability. Any settlement resulting from the resolution of this case will be paid from the Consolidated Revenue Fund.

9. Related party transactions

The Corporation enters into transactions with other Government departments, agencies and Crown corporations in the normal course of business. The AECB is related to Atomic Energy of Canada Limited (AECL) by virtue of common ownership by the Government of Canada.

Atomic Energy Control Board-Concluded

NOTES TO THE STATEMENT OF OPERATIONS—

AECB administers a special program for research and development in support of the safeguards program of the International Atomic Energy Agency. Atomic Energy of Canada Limited is the major contractor for this work by virtue of a contract that expires on March 31, 1999, which calls for annual payments of up to \$2.3 million a year. For 1998, AECB paid \$616,252 (1997—\$1,094,584) to AECL under this program.

On behalf of AECL, the AECB continues to develop, deliver and administer regulatory services for Chinese and Korean regulatory staff over a period of five years ending March 31, 2001. In accordance with the terms of the contract, the cost of the service is recovered from AECL. For 1998, the AECB

recognized revenue of \$1,070,537 from this project (1997—\$665,368).

10. Nuclear liability reinsurance account

Under the *Nuclear Liability Act*, all premiums paid by the operators of nuclear installations for supplementary insurance coverage are credited to a Nuclear Liability Reinsurance Account in the Consolidated Revenue Fund. Any claims against the supplementary insurance coverage are payable out of the Consolidated Revenue Fund and charged to the Account. There have been no claims against or payments out of the Account since its creation. The balance of the Account as at March 31, 1998, is \$547,321 (1997—\$545,821).

The supplementary insurance coverage provided by the Government of Canada under the *Nuclear Liability Act*, as of March 31, 1998, is \$590,000,000 (1997—\$590,000,000). Insurance coverage, by the Government of Canada, also includes a class of risks excluded as a liability of the principal insurers.

Canada Employment Insurance Commission

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Canada Employment Insurance Commission (CEIC) in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of Human Resources Development Canada (HRDC). In order to assure maximum objectivity and freedom from bias, the financial data contained in these financial statements has been examined by the Senior Management of HRDC.

These financial statements were prepared in accordance with the accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in the financial statements is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, HRDC maintains a set of accounts which provides a centralized record of the CEIC financial transactions. Financial information contained in the departmental statements and elsewhere in the Public Accounts of Canada is consistent with that in these financial statements, unless indicated otherwise.

Financial services develops and disseminates financial management and accounting policies, and issues specific directives which maintain standards of accounting and financial management. HRDC maintains systems of financial management and internal control at appropriate cost. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard HRDC assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs. HRDC also seeks to assure the objectivity and integrity of data in these financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

Canada Employment Insurance Commission—Continued

NOTES TO THE STATEMENT OF OPERATIONS

1. Authority and objectives

The Canada Employment and Immigration Commission was established under section 7 of the Employment and Immigration Reorganization Act, 1977 and, continued as a body corporate under the name Canada Employment Insurance Commission as per the Human Resources Development Act enacted in 1996, is a departmental corporation named in Schedule II to the Financial Administration Act. All the Commission's operating, contributions and grants expenditures are funded by budgetary lapsing authorities whereas employee benefits and annuities agents supplementary retirement benefits are authorized by statutory authorities. The Commission is divided into two program areas and their objectives are as follows:

Corporate Management and Services Program—To provide executive direction, policy development and management support services to the Department.

Human Resource Investment and Insurance Program—To develop and support the productive utilization of labour market resources in Canada, without undue burden on individuals, groups and regions, and to promote the well-being of Canadians, in cooperation with other Government departments, the provinces, territories, the private sector and community partners. The Program promotes the effective and efficient functioning of the Canadian labour market, while ensuring the protection of public funds.

2. Significant accounting policies

The statement of operations has been prepared in accordance with the reporting requirements and standards established by the Receiver General for Canada for departmental corporations. The most significant accounting policies are as follows:

(a) Expenditure recognition

Expenditures are recorded for all goods and services received and/or performed up to March 31, in accordance with the Government's Payables at Year End accounting policy, with the exception of termination benefits and vacation pay.

(b) Revenue recognition

Revenues are recorded on a cash basis, in accordance with the Government's accounting policies.

(c) Capital purchases

Acquisitions of capital assets are charged to operating expenditures in the year of purchase.

(d) Amounts estimated

Estimates of amounts for services provided without charge from other Government departments are included in expenditures.

(e) Refunds of previous year's expenditure

Refunds of previous year's expenditure are recorded as revenues when received and are not deducted from expenditure.

3. Parliamentary appropriations

5. Specified purpose accounts

The Canada Employment Insurance Commission also has the responsibility to administer and control the following specified purpose accounts:

(a) Employment Insurance Account

The *Employment Insurance Act* provides for a compulsory contributory Employment Insurance Program applicable to all employees, with few exceptions.

The Act authorizes an account in the Accounts of Canada to be known as the Employment Insurance Account.

The Act provides for the following to be credited to the Account: (a) premiums, penalties and interest; (b) refunds of overpayments of benefits and, since November 18, 1990, of special assistance payments. and benefit repayments; (c) amounts for services rendered to other Government departments or agencies. or to the public; (d) amounts provided for any other purpose related to employment insurance and authorized by an appropriation administered by the Canada Employment Insurance Commission; and (e) interest on the balance of the Account at such rates as the Minister of Finance may authorize. The Act also provides that the following be charged to the Account: (a) benefits and, since November 18, 1990, special assistance payments paid under the Act: (b) costs of administering the Act; and (c) interest on advances made by the Minister of Finance.

(b) Government Annuities Account

This account was established by the Government Annuities Act, and modified by the Government Annuities Improvement Act, which discontinued sales of annuities. The account is valued on an actuarial basis each year, with the deficit or surplus charged or credited to the Consolidated Revenue Fund.

The purpose of the Government Annuities Act was to assist Canadians to provide for their later years, by the purchase of Government annuities. The Government Annuities Improvement Act increased the rate of return and flexibility of Government annuity contracts.

Receipts and other credits consist of premiums received, funds reclaimed from the Consolidated Revenue Fund for previously untraceable annuitants, earned interest and items transferred from previous years' revenue to cover the actuarial deficit. Payments and other charges represent matured annuities, the commuted value of death benefits, premium refunds and withdrawals, and actuarial surpluses and unclaimed items transferred to non-tax revenue. The amounts of unclaimed annuities, related to untraceable annuitants, are transferred to non-tax revenue.

(c) Annuities Agents' Pension Account

This pension plan provides pension benefits to former eligible Government employees who were engaged in selling Government annuities to the public. During the year no interest was credited to the account and charged to interest on public debt. Contributions from the Annuities Branch, as former employer, amounted to \$2,585 and payments from the Account amounted to \$0.

(e) Civil service insurance fund

This fund was established by the Civil Service Insurance Act, to provide life insurance coverage for civil servants who bought policies before 1955-56. The purchase of policies was discontinued in 1954-55, pursuant to section 62(2) of the Public Service Superannuation Act.

The Civil service insurance fund has been transferred to the Department of Human Resources Development of Canada during the 1997-98 financial exercise. The financial transactions were reported in the previous years by the Office of the Superintendent of Financial Institutions.

During the year, receipts and other credits consisted of premiums of \$7,339 and, an amount of \$308,844 (charged to expenditures) representing an adjustment to bring the balance in the fund into agreement with the actuarial valuation as at March 31, 1997. Payments and other charges consisted of death benefits, \$618,569; cash surrender value, \$13,115; annuities, \$24,052; and premium refunds, \$24.

Canadian Centre for Management Development

MANAGEMENT REPORT

We have prepared the accompanying financial statement of the Canadian Centre for Management Development in accordance with the reporting requirements and standards of the Receiver General for Canada. The responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Corporation.

This financial statement was prepared in accordance with the significant accounting policies set out in Note 2 of the statement on a basis consistent with that of the preceding year. Some previous year figures have been reclassified to conform to the current year's presentation. The information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill this accounting and reporting responsibility, the Corporation maintains a set of accounts which provides a centralized record of the Corporation's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts of Canada is consistent with this financial statement, unless indicated otherwise.

The Corporation's directorate of financial services develops and disseminates financial management and accounting policies, and issues specific directives which maintain standards of accounting and financial management. The Corporation maintains systems of financial management and internal control which gives due consideration to costs, benefits and risks. They are designed to provide reasonable assurance that transactions are properly authorized by Parliament and are executed in accordance with prescribed regulations, and are properly recorded so as to maintain accountability of Government funds and safeguard the Corporation's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs. The Corporation also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

NOTES TO THE FINANCIAL STATEMENT

1. Authority and purpose

The Canadian Centre for Management Development was established in 1991 by the Canadian Centre for Management Development Act and is a departmental Corporation named in Schedule II of the Financial Administration Act. The Canadian Centre for Management Development is dedicated to excellence in teaching and research into public sector management, enhancing public sector management capabilities, and promoting a strong corporate culture in the federal public service. The Centre focuses on the orientation, training and development of senior managers in the federal sector. It also has a capability to undertake management research and to develop teaching cases to enhance and broaden the range of management courses offered by the federal Government.

2. Significant accounting policies

The statement of operations has been prepared in accordance with the reporting requirements and standards established by the Receiver General for Canada for departmental Corporations. The most significant accounting policies are as follows:

(a) Expenditure recognition

All expenditures are recorded on the accrued basis, with the exception of termination benefits and vacation pay which are recorded on the cash basis.

(b) Revenue recognition

Revenue is recorded on the cash receipts basis.

(c) Capital purchases

Acquisition of capital assets are charged to operating expenditures in the year of purchase.

Canadian Centre for Occupational Health and Safety

MANAGEMENT REPORT

We have prepared the accompanying financial statement of the Canadian Centre for Occupational Health and Safety in accordance with the reporting requirements and standards of the Receiver General for Canada. The financial statement was prepared in accordance with the significant accounting policies set out in Note 2 of the statement on a basis consistent with that of the preceding year.

Responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Centre. In order to assure maximum objectivity and freedom from bias, the financial data contained in this financial statement has been examined by the Audit Committee of the Centre.

The information included in the financial statement is based on management's best estimates and judgements with due consideration to materiality. To fulfil these accounting and reporting responsibilities, the Centre maintains a set of accounts which provides a centralized record of the Centre's financial transactions. Financial information contained in the ministerial statements and elsewhere in the *Public Accounts of Canada* is consistent with this financial statement, unless indicated otherwise.

The Centre's directorate of financial services develops and disseminates financial management and accounting policies, and issues specific directives which maintain standards of accounting and financial management. The Centre maintains systems of financial management and internal control which gives due consideration to costs, benefits and risks. They are designed to provide reasonable assurance that transactions are properly authorized by Parliament and are executed in accordance with prescribed regulations, and are properly recorded so as to maintain accountability of Government funds and safeguard the Centre's assets. The Centre also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

Management presents this financial statement to the Auditor General of Canada who audits and provides an independent opinion which has been appended to this financial statement.

AUDITOR'S REPORT

TO THE COUNCIL OF THE CANADIAN CENTRE FOR OCCUPATIONAL HEALTH AND SAFETY AND

THE MINISTER OF LABOUR

I have audited the statement of operations of the Canadian Centre for Occupational Health and Safety for the year ended March 31, 1998. This financial statement is the responsibility of the Centre's management. My responsibility is to express an opinion on this financial statement based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, this financial statement presents fairly, in all material respects, the results of operations of the Centre for the year ended March 31, 1998 in accordance with the accounting policies set out in Note 2 to the financial statement.

NOTES TO THE STATEMENT OF OPERATIONS

1. Authority and purpose

The Centre was established in 1978 under the Canadian Centre for Occupational Health and Safety Act and is a departmental corporation named in Schedule II to the Financial Administration Act. The objectives of the Centre are to promote the right of Canadians to a healthy and safe working environment and to enhance the physical and mental health of workers. The Centre's operating expenditures are funded in part by its operating revenue and by a budgetary lapsing authority.

2. Significant accounting policies

The statement of operations has been prepared in accordance with the reporting requirements and standards established by the Receiver General for Canada for departmental corporations. The most significant accounting policies are as follows:

(a) Expenditure recognition

All expenditures are recorded on an accrual basis with the exception of termination benefits and vacation pay which are recorded on the cash basis.

(b) Revenue recognition

Revenue is recorded on the cash receipts basis.

(c) Capital purchases

Acquisitions of capital assets are charged to operating expenditures in the year of purchase.

(d) Refunds of previous years' expenditures

Refunds of previous years' expenditures are recorded as revenues when received and are not deducted from expenditures.

(e) Foreign currency translation

Revenue and expenses contracted in foreign currency are translated into Canadian dollars at the exchange rate in effect on the transaction date.

(f) Services provided without charge

Estimates of amounts for services provided without charge from government departments are included in expenditures.

The costs represented by the accounts payable and accrued salaries and benefits are reflected in the statement of operations.

The costs associated with other liabilities are not included in the statement of operations. These costs are recognized only when paid (see Note 2(a)).

The vacation pay represents the amount of vacation pay credits outstanding at the end of the year.

The employee termination benefits are calculated for all employees on the basis of two weeks' pay for the first complete year of continuous employment and one week pay for each additional complete year of continuous employment.

The prepayment on products represents cash received in advance of product delivery. The majority of cash received is for CCOHS' subscription products. These products are shipped in subsequent periods. These prepayments are recorded as revenue credited to the vote in the statement of operations.

8. Related party transactions

The revenue credited to the vote includes \$247,804 (1997—\$309,268) from transactions with various Canadian government departments.

9 Donations

The Centre, by virtue of subsection 6(3) of its Act, may acquire mney or other property by gift or otherwise and may expend or dispose of those donations subject to their terms, if any. The Centre received donations of \$500 in the year, bringing donations on hand at the end of March 1998 to \$81,021. These funds are recorded in a special account in Consolidated Revenue Fund.

MANAGEMENT RESPONSABILITY FOR FINANCIAL REPORTING

The management of the Canadian Food Inspection Agency (the "Agency") is responsible for the preparation of all information included in its financial statement and Annual Report. These reports are legislated requirements as per Section 23 of the Canadian Food Inspection Agency Act. The accompanying financial statement has been prepared in accordance with the reporting requirements and standards established by the Receiver General for Canada for departmental corporations. This Financial statement was prepared in accordance with the significant accounting policies set out in Note 2.

Management is responsible for the integrity and objectivity of the information in this financial statement. Some of the information in the financial statement is based on management's best estimates and judgement and gives due consideration to materiality. To fulfil its accounting and reporting responsibilities, management maintains a set of accounts which provides a centralized record of the Agency's financial transactions. Financial information and operating data contained in the ministry statements and elsewhere in the Public Accounts of Canada is consistent with this financial statement.

Management maintains a system of financial management and internal control designed to provide reasonable assurance that the financial information is reliable and that assets are safeguarded, that transactions are executed in accordance with prescribed regulations, within Parliamentary authorities, and are properly recorded to maintain accountability of Government funds. Management also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communications programs aimed at ensuring that regulations, policies, standards and managerial authorities are understood throughout the Agency.

The Agency intends, as stipulated under Section 31 of the Canadian Food Inspection Agency Act, to maintain its accounting records according to generally accepted accounting principles. However, proclamation of Section 31 has been deferred. It is management's intention to seek Governor-in-Council approval to have Section 31 proclaimed effective April 1, 1999, which will coincide with the implementation of a new accrual based financial and materiel management system.

The Auditor General of Canada conducts an independent audit and expresses an opinion on the accompanying financial statement.

AUDITOR'S REPORT

TO THE CANADIAN FOOD INSPECTION AGENCY AND THE MINISTER OF AGRICULTURE AND AGRI-FOOD CANADA

I have audited the statement of operations of the Canadian Food Inspection Agency for the year ended March 31, 1998. This financial statement is the responsibility of the Agency's management. My responsibility is to express an opinion on this financial statement based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, this financial statement presents fairly, in all material respects, the results of operations of the Agency for the year ended March 31, 1998 in accordance with the accounting policies set out in Note 2 to the financial statement.

I wish to draw to your attention that Section 31 of the Canadian Food Inspection Agency Act, which requires the Agency to prepare financial statements in accordance with generally accepted accounting principles, has not yet been proclaimed. As disclosed in Note 2 to the financial statement, management is working towards the adoption of generally accepted accounting principles for the year ending March 31, 2000.

L. Denis Desautels, FCA Auditor General of Canada

Ottawa, Canada August 12, 1998

NOTES TO THE STATEMENT OF OPERATIONS

1. Authority and Purpose

The Canadian Food Inspection Agency (the "Agency") was established, effective April 1, 1997, under the Canadian Food Inspection Agency Act. The Act consolidates all federally mandated food and fish inspection services and federal animal and plant health activities into a single agency.

The Agency is a departmental corporation named in Schedule II to the *Financial Administration Act* and reports to Parliament through the Minister of Agriculture an Agri-Food.

The mandate of the Agency, as outlined in its Corporate Business Plan, is to enhance the effectiveness and efficiency of federal inspection and related services for food and animal and plant health. The objectives of the Agency are to contribute to a safe food supply and accurate product information; to contribute to the continuing health of animals and plants; and to facilitate trade in food, animals, plants and related products.

The Agency is responsible for the administration and enforcement of the following acts: Agriculture and Agri-Food Administrative Monetary Penalties Act, Canada Agricultural Products Act, Canadian Food Inspection Agency Act, Feeds Act, Fertilizers Act, Fish Inspection Act, Health of Animals Act, Meat Inspection Act, Plant Breeders' Rights Act, Plant Protection Act, and Seeds Act.

In addition, the Agency is responsible for enforcement of the *Consumer Packaging and Labelling Act* and the *Food and Drugs Act* as they relate to food and the administration of the provisions of the *Food and Drugs Act* as they relate to food, except those provisions that relate to public health, safety or nutrition.

The Minister of Health remains responsible for establishing policies and standards relating to the safety and nutritional quality of food sold in Canada. The Minister of Health is also responsible for assessing the effectiveness of the Agency's activities related to food safety.

Operating expenditures are funded by the Government of Canada through a budgetary lapsing authority. Revenues received through the conduct of its operations are deposited to the Consolidated Revenue Fund and are available for use by the Agency. Compensation Fund payments and employee benefits are authorized by separate statutory authorities.

2. Significant accounting policies

The statement of operations has been prepared in accordance with the reporting requirements and standards established for departmental corporations by the Receiver General for Canada.

Section 31 of the Canadian Food Inspection Agency Act, which requires the preparation of financial statements in accordance with generally accepted accounting principles (GAAP), has not yet been proclaimed. Management is working toward the preparation of GAAP financial statements for the year ending March 31, 2000.

The most significant accounting policies are as follows:

(a) Expenditure recognition

Expenditures are recorded on an accrual basis, with the exception of employee termination benefits and accumulated vacation pay which are recorded on a cash basis when paid.

(b) Revenue recognition

Non-tax revenues are recorded on a cash basis.

(c) Capital expenditures

Acquisitions of capital assets are charged to operating expenditures in the year of purchase.

(d) Services provided without charge by other Government departments

Estimates of amounts for services provided without charge by other Government departments are included in expenditures.

(e) Contributions to Superannuation (Pension) Plan

The Agency's employees participate in the Superannuation Plan administered by the Government of Canada. The employees and the Agency contribute equally to the cost of the plan. Contributions by the Agency are charged to expenditures in the period incurred and represent the total obligation of the Agency to the plan.

NOTES TO THE STATEMENT OF OPERATIONS—

3. Parliamentary appropriations

The Agency was created effective April 1, 1997, and the authority for the Agency's 1997-98 operating resources was included in the appropriations of Agriculture and Agri-Food Canada (AAFC). Section 32.1 of the Canadian Food Inspection Agency Act deems these resources to be appropriated for the Agency's purposes.

	1998
	(in thousands of dollars)
Vote	
Vote 1— AAFC (Operating expenditures)	295,170
Vote 1a— AAFC (Operating expenditures)—	5,750

Amount lapsed	
Total appropriations used	330,014
Add services provided without charge by	
other Government departments:	
Accommodation	1,811
Employee benefits	13,637
Other	298
	15,746
Less non-tax revenue	43,146
Net cost of operations	302,614

⁽¹⁾ The shortfall in revenue has been adjusted downwards by \$4,800 thousand representing forecast revenue for fish inspection services which was not subject to respending restrictions.

4. Accounts receivable

As at March 31, 1998, the Agency has current accounts receivable form outside parties relating to is normal service activities.

	1998
	(in thousands of dollars)
Outside Parties:	
Inspection fees	6,367
Grading	9
Miscellaneous fees and services	6
	6,382
Less: allowance for doubtful accounts	380
	6,002

Revenues associated with these accounts receivable are not reflected in the statement of operations.

5. Liabilities

As March 31, 1998, the Agency has liabilities of the following amounts:

	1998
	(in thousands of dollars)
Accounts payable and accrued liabilities	29,164
Salaries payable	5,454
Contractors' holdbacks	35
	34,653
Vacation pay	10,730
Employee termination benefits	22,558
Total liabilities	67,941

The costs associated with accounts payable and accrued liabilities, salaries payable and contractors' holdbacks are reflected in the statement of operations.

The costs associated with the liabilities for vacation pay and employee termination benefits are not reflected in the statement of operations. These costs are recognized when paid (Note 2(a)). These liabilities represent an obligation of the Agency that are normally funded through the Treasury Board.

NOTES TO THE STATEMENT OF OPERATIONS—Concluded

6. Capital expenditures

Capital assets including land, buildings, laboratories and equipment, were transferred from Agriculture and Agri-Food Canada, Health Canada, and Fisheries and Oceans Canada at the time of the Agency's creation.

During the year, the Agency incurred capital expenditures of \$9,764 thousand which have been charged to the following operating expenditures.

	1998
	(in thousands of dollars)
Professional and special services	200
Utilities, materials and supplies	193
Travel and relocation	368
Furniture and equipment	2.850
Accommodation	6,138
Information	15
	9,764

7. Contingencies

The Agency is a defendant in certain cases of pending and threatened litigation which arose in the normal course of operations. At March 31, 1998, the total amount of claims is estimated at \$168.2 million. Settlement, if any, that may be made with respect to these actions, is expected to be accounted for as an operating expense of the applicable years.

8. Specified purpose account

The Agency conducts joint projects with outside organizations related to Food Inspection and Animal and Plant Health. Funds received form the outside organizations are administrated by the Agency through a specified purpose account. The transactions of the specified purpose account are not reflected in the statement of operations.

9. Compensation payments

	1998
	(in thousands of dollars)
Balance, beginning of year	751
Add: receipts	1,531
Less: expenditures incurred	(1,549)
Balance, end of year	733

The Health of Animals Act and the Plant Protection Act allow for the Minister, via the Agency, to compensate owners of animals, plants and things destroyed pursuant to the Acts. Funding for compensation payments is provided by a statutory contribution. Actual expenditures for compensation payments for the year ended March 31, 1998 were as follows:

10. Advisory board

	1998
	(in thousands of dollars)
Health of animals	2,843
	2,843

Pursuant to Section 10 of the Canadian Food Inspection Act the Minister of Agriculture and Agri-Food has appointed an advisory board to advise the Minister on any matters within the responsability of the Agency. Expenditures relating to the board's activities amounted to \$14 thousand and are included in the statement of operations.

11. Related party transactions

Through common ownership, the Agency is related to all Government of Canada departments, agencies and Crown corporations. The Agency enters into transactions with these entities in the normal course of business.

12. Uncertainty due to Year 2000 Issue

The Year 2000 Issue arises because many computerized systems use two digits rather than four to identify a year. Date-sensitive systems may recognize the year 2000 as 1900 or some other date, resulting in errors when information using year 2000 dates is processed. The effects of the Year 2000 Issue may be experienced before, on, or after January 1, 2000, and, if not addressed, the impact on operations and financial reporting may range from minor errors to significant systems failure which could affect an entity's ability to conduct normal business operations. It is not possible to be certain that all aspects of the Year 2000 Issue affecting the Agency, including those related to the efforts of other government departments and agencies, customers, suppliers, or other third parties, will be fully resolved.

Canadian Polar Commission

MANAGEMENT REPORT

We have prepared the accompanying financial statement of the Canadian Polar Commission in accordance with the reporting requirements and standards of the Receiver General for Canada. This financial statement was prepared in accordance with the significant accounting policies set out in Note 2 of the statement on a basis consistent with that of the preceding year.

Responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Commission.

The information included in the financial statement is based on management's best estimates and judgements with due consideration given to materiality. To fulfill this accounting and reporting responsibility, the Commission maintains a set of accounts which provides a centralized record of the Commission's financial transactions. Financial information contained in the ministerial statements and elsewhere in the *Public Accounts of Canada* is consistent with this financial statement, unless indicated otherwise.

The Commission develops and disseminates financial management and accounting policies, and issues specific directives which maintain standards of accounting and financial management. The Commission maintains systems of financial management and internal control which give due consideration to costs, benefits and risks. They are designed to provide reasonable assurance that transactions are properly authorized by Parliament and are executed in accordance with prescribed regulations, and are properly recorded so as to maintain accountability of Government funds and safeguard the Commission's assets. The Commission also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

Management presents this financial statement to the Auditor General of Canada, who audits and provides an independent opinion which has been appended to this financial statement.

AUDITOR'S REPORT

TO THE BOARD OF DIRECTORS OF THE CANADIAN POLAR COMMISSION
AND THE

MINISTER OF INDIAN AFFAIRS AND NORTHERN DEVELOPMENT

I have audited the statement of operations of the Canadian Polar Commission for the year ended March 31, 1998. This financial statement is the responsibility of the Commission's management. My responsibility is to express an opinion on this financial statement based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, this financial statement presents fairly, in all material respects, the results of the operations of the Commission for the year ended March 31, 1998 in accordance with the accounting policies set out in Note 2 to the financial statement.

NOTES TO THE FINANCIAL STATEMENT

1. Authority and purpose

The Canadian Polar Commission was established on February 1, 1991 by the Canadian Polar Commission Act and is a departmental corporation named in Schedule II of the Financial Administration Act. The Commission commenced its operations on September 9, 1991. The Commission was established to promote and encourage the development and dissemination of knowledge of the polar regions; to monitor the state of polar knowledge in Canada and elsewhere; to enhance Canada's international polar profile; and to provide information about research relating to polar regions to Canadians and to Canadian organizations, institutions and associations. The Commission's operating expenditure is funded by a budgetary lapsing authority.

2. Significant accounting policies

The statement of operations has been prepared in accordance with the reporting requirements and standards established by the Receiver General for Canada for departmental corporations. The most significant accounting policies are as follows:

(a) Expenditure recognition

All expenditure is recorded on the accrual basis, with the exception of termination benefits and vacation pay which are recorded on the cash basis.

Canadian Transportation Accident Investigation and Safety Board

MANAGEMENT REPORT

We have prepared the accompanying financial statement of the Canadian Transportation Accident Investigation and Safety Board (CTAISB) in accordance with the reporting requirements and standards of the Receiver General for Canada. This financial statement was prepared in accordance with the significant accounting policies set out in Note 2 of the statement on a basis consistent with that of the preceding year.

Responsibility for the integrity and objectivity of data in this financial statement rests with the management of the CTAISB. The information included in the financial statement is based on management's best estimates and judgments with due consideration to materiality. To fulfill its accounting and reporting responsibilities, the CTAISB maintains a set of accounts which provides a centralized record of its financial transactions. Financial information contained in the departmental statements and elsewhere in the Public Accounts of Canada is consistent with this financial statement, unless indicated otherwise.

The CTAISB's Corporate Services Branch develops and disseminates financial management and accounting policies. and issues specific directives which maintain standards of accounting and financial management. The CTAISB maintains systems of financial management and internal control which give due consideration to costs, benefits and risks. They are designed to provide reasonable assurance that transactions are properly authorized by Parliament and are executed in accordance with prescribed regulations, and are properly recorded so as to maintain accountability of Government funds and safeguard the CTAISB's assets. The CTAISB also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

Management presents this financial statement to the Auditor General of Canada who audits and provides an independent opinion which has been appended to this financial statement.

AUDITOR'S REPORT

TO THE CHAIRMAN OF THE CANADIAN TRANSPORTATION ACCIDENT INVESTIGATION AND SAFETY BOARD AND TO THE

PRESIDENT OF THE QUEEN'S PRIVY COUNCIL FOR CANADA

I have audited the statement of operations of the Canadian Transportation Accident Investigation and Safety Board for the year ended March 31, 1998. This financial statement is the responsibility of the Board's management. My responsibility is to express an opinion on this financial statement based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, this financial statement presents fairly, in all material respects, the results of operations of the Board for the year ended March 31, 1998 in accordance with the accounting policies set out in Note 2 to the financial statement.

NOTES TO THE STATEMENT OF OPERATIONS

1. Authority and purpose

The Canadian Transportation Accident Investigation and Safety Board (CTAISB) was established in 1990 under the Canadian Transportation Accident Investigation and Safety Board Act and is a departmental corporation named in Schedule II to the Financial Administration Act. The objective of the Board is to advance transportation safety. The primary purpose of the Board's investigations is accident prevention. It seeks to identify safety deficiencies in transportation occurrences and to make recommendations designed to eliminate or reduce any such safety deficiencies. In addition to investigations and public inquiries into specific occurrences, the Board may conduct studies into more general matters pertaining to transportation safety. The CTAISB has the exclusive authority to make findings as to causes and contributing factors when it investigates a transportation occurrence. The Board's operating expenditures are funded by a budgetary lapsing authority; employee benefits are authorized by statutory authorities.

2. Significant accounting policies

The statement of operations has been prepared in accordance with the reporting requirements and standards established by the Receiver General for Canada for departmental corporations. The most significant accounting policies are as follows:

(a) Expenditure recognition

All expenditures are recorded on an accrual basis, except normal termination benefits, vacation pay and compensatory leave which are recorded on a cash basis. Termination benefits related to the Government downsizing incentive programs are recorded in the accounts of CTAISB. This estimated amount is recorded in the year of the signing of the termination agreement with the employee.

(b) Revenue recognition

Revenue is recorded on a cash basis.

(c) Refunds of previous years' expenditures

Refunds of previous years' expenditures are recorded as revenue when received and are not deducted from expenditures.

Canadian Transportation Accident Investigation and Safety Board—Continued

NOTES TO THE STATEMENT OF OPERATIONS—

(d) Capital purchases

Acquisitions of capital assets are charged to operating expenditures in the year of purchase.

(e) Services provided without charge by other Government departments

Estimates of amounts for services provided without charge by other Government departments are included in expenditures.

3. Parliamentary appropriation

	2,814	3,167

5. Specified purpose account

The Flight Recorder Software Systems Account was established in 1997 to record cash contributions and expenditures related to a cost sharing agreement with foreign government safety organizations. Those organizations have acquired a software system developed by the CTAISB for use in aircraft accident investigations and are now contributing financially to its on-going enhancements. The cash contributions received as of March 31, 1998 from foreign governments total \$312,000 and the total expenditures recorded as of March 31, 1998 against the account is \$123,000. The closing balance of the specified purpose account as of March 31, 1998 is \$189,000. These receipts and expenditures are not included in the statement of operations of the CTAISB.

6. Exceptional expenditures

In conjunction with its continuing downsizing activities the CTAISB has incurred expenditures totalling \$423,000 (1997—\$734,000). This amount includes \$155,000 (1997—\$180,000) for the payment of regular severance pay and accrued vacation pay, as well as an amount of \$268,000 (1997—\$554,000) related to the government downsizing incentives such as the Early Departure Incentive, the Early Retirement Incentive and the Executive Employment Transition Policy programs.

The following amounts are included in the figures reported on the statement of Operations under Employee Termination Benefits:

	1998	1997

Medical Research Council

MANAGEMENT REPORT

We have prepared the accompanying financial statement of the Medical Research Council in accordance with the reporting requirements and standards of the Receiver General for Canada. This financial statement was prepared in accordance with the significant accounting policies set out in Note 2 of the statement, on a basis consistent with that of the preceding year. Some previous year figures have been reclassified to conform to the current year's presentation.

Responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Council. The information included in the financial statement is based on management's best estimates and judgements with due consideration to materiality. To fulfill these accounting and reporting responsibilities, the Council maintains a set of accounts which provides a centralized record of the Council's financial transactions. Financial information contained in the ministerial statements and elsewhere in the *Public Accounts of Canada* is consistent with this financial statement, unless indicated otherwise.

The Council's Corporate Services Directorate develops and disseminates financial management and accounting policies, and issues specific directives which maintain standards of accounting and financial management. The Council maintains systems of financial management and internal control which give due consideration to costs, benefits and risks. They are designed to provide reasonable assurance that transactions are properly authorized by Parliament and are executed in accordance with prescribed regulations, and are properly recorded so as to maintain accountability of the Government funds and safeguard the Council's assets. The Council also seeks to assure the objectivity and integrity of data in this financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate division of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

Management presents this financial statement to the Auditor General of Canada, who audits it and provides an independent opinion which has been appended to this financial statement.

The accounting system and financial statement of the Council have evolved over the years to meet the changes in the structure of the grants and scholarships programs and to give improved reporting and control of expenditures relating to those programs.

AUDITOR'S REPORT

TO THE MEDICAL RESEARCH COUNCIL AND

THE MINISTER OF HEALTH

I have audited the statement of operations of the Medical Research Council for the year ended March 31, 1998. This financial statement is the responsibility of the Council's management. My responsibility is to express an opinion on this financial statement based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, this financial statement presents fairly, in all material respects, the results of operations of the Council for the year ended March 31, 1998 in accordance with the accounting policies set out in the Note 2 to the financial statement.

Richard Flageole, FCA Assistant Auditor General for the Auditor General of Canada

NOTES TO THE STATEMENT OF OPERATIONS

1. Authority and purpose

The Medical Research Council was established in 1969 by the Medical Research Council Act and is a departmental corporation named in Schedule II to the Financial Administration Act. The objective of the Council is to help attain the quality and scale of research in the health sciences essential to the maintenance and improvement of health services. The Council's operating and grants expenditures are funded by a budgetary lapsing authority. Employee benefits are authorized by a statutory authority.

2. Significant accounting policies

The statement of operations has been prepared in accordance with the reporting requirements and standards established by the Receiver General for Canada for departmental corporations. The most significant accounting policies are as follows:

(a) Expenditure recognition

Grants and scholarships are charged to expenditures when disbursed. All operating expenditures are recorded on the accrual basis, with the exception of termination benefits and vacation pay which are recorded on the cash basis.

(b) Revenue recognition

Revenue is recorded on the cash basis.

(c) Capital purchases

Acquisitions of capital assets are charged to operating expenditure in the year of purchase.

(d) Services provided without charge from Government departments

Estimates of amounts for services provided without charge from Government departments are included in expenditure.

(e) Refunds of previous years' expenditures

Refunds of previous years' expenditures are recorded as revenues when received and are not deducted from expenditures.

(f) Contributions to the Public Service Superannuation Plan

Employees participate in the Public Service Superannuation Plan administered by the Government of Canada. The employees and the Council contribute equally to the cost of the Plan. Contributions by the Council are charged to expenditure on a current basis.

Medical Research Council—Continued

NOTES TO THE STATEMENT OF OPERATIONS—

3. Comparative figures

Some previous year's figures have been reclassified to reflect the current year's presentation. This was done to provide more details on the programs.

(a) In the Statement of Operations the reclassified figures are as follows:

	Revised Classifi- cation 1997	Former Classifi- cation 1997
	(in thousands	of dollars)
Grants	150,296	146,195
Other Activities	3,283	5,002
Human Genome Program	494 1	3,506

(b) In the Schedule of Grants and Scholarships the reclassified figures are:

sified figures are:		
	Revised Classifi- cation 1997	Former Classifi- cation 1997
	(in thousand	s of dollars)

by government departments	611 (974)	679 (405)
Net cost of operations	236,962	242,677

5. Travel

Expenditure for travel charged to operations is related to the peer review process and was incurred by the members of 30 grant committees, 10 award committees and the staff of the Council to meet, assess and rate grant and award applications. In addition, travel expenditure incurred by the Council, its executive and standing committees and other non-staff advisory personnel is also charged to operations.

Expenditure for travel charged to administration is for the general support of the Council's administrative activities and includes meetings of ad hoc advisory groups established to study specific issues for the Council. Details are as follows:

	1998	1997
	(in thousands	of dollars)
Operations:		
Grant committees	769	732
Standing committees	120	73
Award committees	107	88
Regional retreats	91

Staff	185	113
	1,441	1,293
Administration:		
Advisory groups	83	196
Staff	99	74
	182	270

All members of the Council and the committees listed above serve without remuneration. Only their travel expenses are reimbursed by the Council.

6. Trust funds

As provided for in Section 4(3) of the Medical Research Council Act, the Council administers a number of trust funds separately from the activities funded through parliamentary appropriations. The purpose and accounting for these funds is described below. The balance of these funds is represented by deposit with the Receiver General for Canada.

(a) In 1974, the Council received \$75,000 from an anonymous donor to establish a fund. The interest received is used for the payment of grants for research in the fields of dyskinesia and torticollis. Other donations received in prior years not earmarked for specific projects have also been credited to this fund.

Medical Research Council—Concluded

NOTES TO THE STATEMENT OF OPERATIONS—

(b) A fund was established to record donations and contributions received from organizations and individuals for biomedical research. When the Council receives such monies, they are placed in trust and disbursed in accordance with agreements between the contributor and the Council.

The transactions relating to these two funds are as follows:

	Dyskinesia and Torticollis		Donations for Biomedical Research	
_	1998	1997	1998	1997
_	(in thousands of dollars)

The National Battlefields Commission

MANAGEMENT REPORT

We have prepared the accompanying financial statement of the National Battlefields Commission in accordance with the reporting requirements and standards of the Receiver General for Canada. This financial statement was prepared according to the accounting policies set out in Note 2 on a basis consistent with that of the preceding period. Some previous year's figures have been reclassified to conform to the current year's presentation.

Management is responsible for the integrity and objectivity of the financial information in this report. The role of the commissioners is to ensure that management fulfills its duty regarding financial information and internal control. Some of the information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, management maintains a system of internal control to assure that the financial information is reliable and the assets are safeguarded. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds. Financial information contained in the ministerial statements and elsewhere in the Public Accounts of Canada is consistent with that in this financial statement, unless indicated otherwise. The Corporation also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection. training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The Auditor General of Canada performed an audit on the financial statement for the year ended March 31, 1998 according to generally accepted auditing standards, his role being to express an informed opinion to see if the financial statement presents fairly the results of operations of the National Battlefields Commission for this period.

The opinion of the Auditor General is attached.

ANDRÉ JUNEAU
Chairman
MICHEL LEULLIER
Secretary

AUDITOR'S REPORT

TO THE MINISTER OF CANADIAN HERITAGE

I have audited the statement of operations of the National Battlefields Commission for the year ended March 31, 1998. This financial statement is the responsibility of the Commission's management. My responsibility is to express an opinion on this financial statement based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, this financial statement presents fairly, in all material respects, the results of operations of the Commission for the year ended March 31, 1998 in accordance with the accounting policies set out in Note 2 to the statement of operations.

NOTES TO THE STATEMENT OF OPERATIONS

1. Authority and objectives

The Commission was established in 1908 under an Act respecting the National Battlefields at Quebec for the purpose of acquiring, preserving and developing the great historic battlefields at Quebec.

The Commission is a departmental corporation named in Schedule II to the *Financial Administration Act*.

2. Significant accounting policies

The statement of operations has been prepared in accordance with the reporting requirements and standards established by the Receiver General for Canada for departmental corporations. The most significant accounting policies are as follows:

- (a) Expenditures are recorded on an accrual basis, except for employee termination benefits and annual leaves which are recorded on a cash basis.
- (b) Acquisitions of capital assets, supplies and small tools are charged to operating expenditures in the year of purchase.
- (c) Expenditures include estimated amounts for services provided without charge by a Government department.
- (d) Revenues are recorded on a cash basis.
- (e) Contributions to the Superannuation plan administered by the Government of Canada, with respect to current and admissible past services, are charged to expenditures when paid. All employees of the Commission participate in this plan. The employees and the Commission contribute equally to the cost of the plan. The contributions represent the total pension obligation of the Commission under the plan.

7. Parking revenues

Friends of the Plains of Abraham Inc., of which two members of the Board of Directors are also members of the Commission, manages parking lots on behalf of the Commission. For the year ended March 31, 1998, the Commission received \$269,777 (\$274,606 in 1997). Other parking revenues of \$94,836 come from parking lots managed by the Commission. This revenue was used for the purpose of the Commission's program, in accordance with section 29.1(1) of the Financial Administration Act.

The National Battlefields Commission—

NOTES TO THE STATEMENT OF OPERATIONS—

8. National Battlefields Trust Fund

When the National Battlefields Commission was created, an account was established for the receipt of moneys from individuals, municipal corporations, provincial governments and others, for the purpose of acquiring and preserving the great historic battlefields of Quebec City. Since September 1984, the Trust fund is governed by the subsection 9.1 of the Act respecting the National Battlefields at Quebec, which authorizes such amounts to be spent for the purpose for which such money was given to the Commission.

9. Contractual obligations

The Commission is committed, pursuant to a lease agreement, to provide horticultural, operational and security services in exchange for space used for its Interpretation Centre at the Musée du Québec. The initial basic rent value, subject to annual revision, is \$87,522. The lease is for 15 years, beginning on April 1, 1991.

As at March 31, 1998, the amount of commitments for the Commission's normal operations is \$130,600.

National Research Council of Canada

MANAGEMENT REPORT

We have prepared the accompanying financial statement of the National Research Council of Canada in accordance with the reporting requirements and standards of the Receiver General for Canada. This financial statement was prepared in accordance with the significant accounting policies set out in Note 2 of the statement on a basis consistent with that of the preceding year. Some previous year figures have been reclassified to conform to the current year's presentation.

Responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Corporation.

The information included in the financial statement is based on management's best estimates and judgements with due consideration given to materiality. To fulfil these accounting and reporting responsibilities, the Corporation maintains a set of accounts which provides a centralized record of the Corporation's financial transactions. Financial information contained in the ministerial statements and elsewhere in the *Public Accounts of Canada* is consistent with this financial statement, unless indicated otherwise.

The Corporation's Finance Directorate develops and disseminates financial management and accounting policies, and issues specific directives which maintain standards of accounting and financial management. The Corporation maintains systems of financial management and internal control which gives due consideration to costs, benefits and risks. They are designed to provide reasonable assurance that transactions are properly authorized by Parliament and are executed in accordance with prescribed regulations, and are properly recorded so as to maintain accountability of Government funds and safeguard the Corporation's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs. The Corporation also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

Until the end of fiscal year 1997-98, the National Research Council, under the finance and Information Management Services Branch, operated a variety of proven corporate accounting and reporting systems. A Finance Data Warehouse integrated operational data from NRC's four main financial systems and used commercially available reporting software tools from Cognos. This provided the Corporation with timely, easily accessible and comprehensive operational and business intelligence type information.

In July 1997, NRC undertook a major new initiative impacting the whole of the National Research Council. The initiative addresses NRC's administrative systems and management information needs leading up to the year 2000 and beyond. The full suite of software products from SAP: Finance, Material Management, Human Resources and Project Management modules, are now being implemented at NRC. Eventually, all legacy systems in these areas will be replaced by this one enterprise wide software package. This initiative addresses the Corporation's year 2000 concerns; it allows for the full integration of our administrative systems; it allows for NRC's move to full accrual accounting and; it will significantly streamline our operations and introduce new technological efficiencies. Implementation of these modules will commenced in April, 1998.

NOTES TO THE STATEMENT OF OPERATIONS

1. Authority and purpose

The National Research Council of Canada was established under the National Research Council Act 1966-67 and is a departmental corporation named in Schedule II to the Financial Administration Act. The objectives of the Council are to create, acquire and promote the application of scientific and engineering knowledge to meet Canadian needs for economic, regional and social development and to promote and provide for the use of scientific and technical information by the people and Government of Canada to meet Canadian needs for economic, regional and social development. The Council's operating, capital and grant expenditures are funded through budgetary lapsing appropriations and statutory vote derived from operating revenues. Employee benefits are authorized by a statutory authority.

2. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

All expenditures are recorded on the accrual basis, in accordance with the Government's PAYE accounting policy, with the exception of termination benefits and vacation pay which are recorded on a cash basis.

National Research Council of Canada— Continued

NOTES TO THE STATEMENT OF OPERATIONS—

(b) Revenue recognition

Revenues are recorded on a cash receipts basis in accordance with the Government's accounting policies.

(c) Capital purchases

Acquisitions of capital assets are charged to operation expenditures in the year of purchase.

- (d) Estimates of amounts for services provided without charge from Government departments are included in expenditures.
- (e) Refund of previous years' expenditures

Refund of previous years' expenditures are recorded as revenues when received and are not deducted from expenditures.

6. Contingent liabilities

In connection with its operations, the Council is a defendant in certain cases of litigation. It is estimated that pending and threatened litigation amount to \$15,225,000.

7. Contractual obligations

The Corporation has commenced capital expenditure programs aggregating \$18,362,000 in 1998-99; \$675,000 in 1999-2000 for the modernization and extension to its laboratories and modernization of its equipment. To March 31, 1998 the Corporation has spent \$21,476,000 on the programs.

In 1998-99 the Corporation entered into an agreement for outsourcing the maintenance of SAP/SIGMA system equipment and software. The committed amount of the outsourcing is \$8,043,000 to cover a period of 6 years.

The Corporation is also committed to the following Transfer Payment Agreement:

- 1. James Maxwell Telescope— is a collaboration agreement with the United Kingdom and the Netherlands to maintain and operate a telescope in Mauna Kea, Hawaii, USA. The Corporation is committed to \$1,151,000 in 1998-99; \$1,020,000 in 1999-2000; \$1,020,000 in 2000-01. To March 31, 1998 the corporation has spent \$46,506,000.
- 2. Gemini Twin Telescope Project— is a collaborative agreement with the United States and the United Kingdom to build and operate twin 8 metre telescopes, one in Mauna Kea, Hawaii, USA and the other in Cerro Pacho, Chile. The Corporation is committed to \$2,772,000 in 1998-99; \$3,191,000 in 1999-2000; \$3,395,000 in 2000-01; \$3,225,000 in 2001-02 and \$3,200,000 in 2002-03. To March 3, 1998 the Corporation has spend \$23,266,000.
- Canada-France-Hawaii Telescope Corporation— NRC jointly owns and operates a 3.6 meter diameter optical telescope, in Mauna Kea, Hawaii, USA. The Corporation is committed to \$3,253,000 in 1998-99 and \$3,253,000 in 1999-2000. To March 31, 1998 the Corporation has spent \$52,244,000.
- Tri-University Meson Facility— is Canada's nation meson facility, managed as a joint venture by a consortium of Canadian Universities, in Vancouver, B.C. The Corporation is committed to \$35,000,000 in 1998-99 and \$34,318,000 in 1999-2000. To March 31, 1998 the Corporation has spent \$97,272,000.

National Round Table on the Environment and the Economy

MANAGEMENT REPORT

We have prepared the accompanying financial statement of the National Round Table on the Environment and the Economy in accordance with the reporting requirements and standards of the Receiver General for Canada. This financial statement was prepared in accordance with the significant accounting policies set out in Note 2 of the statement on a basis consistent with that of the preceding year.

The responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Round Table. In order to assure maximum objectivity and freedom from bias, the financial data contained in this financial statement has been examined by the Executive Committee of the Round Table.

The information included in the financial statement is based on management's best estimates and judgements with due consideration to materiality. To fulfil this accounting and reporting responsibility, the Round Table maintains a set of accounts which provides a centralized record of the Round Table's financial transactions. Financial information contained in the ministerial statements and elsewhere in the *Public Accounts of Canada* is consistent with this financial statement, unless indicated otherwise.

The Round Table's directorate of financial services develops and disseminates financial management and accounting policies, and issues specific directives which maintain standards of accounting and financial management. The Round Table maintains systems of financial management and internal control which give due consideration to costs, benefits and risks. They are designed to provide reasonable assurance that transactions are properly authorized by Parliament and are executed in accordance with prescribed regulations, and are properly recorded so as to maintain accountability of Government funds and safeguard the Round Table's assets. The Round Table also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection. training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

Management presents this financial statement to the Auditor General of Canada who audits and provides an independent opinion which has been appended to this financial statement.

AUDITOR'S REPORT

TO THE NATIONAL ROUND TABLE ON THE ENVIRONMENT AND THE ECONOMY AND THE PRIME MINISTER

I have audited the statement of operations of the National Round Table on the Environment and the Economy for the year ended March 31, 1998. This financial statement is the responsibility of the Round Table's management. My responsibility is to express an opinion on this financial statement based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, this financial statement presents fairly, in all material respects, the results of operations of the Round Table for the year ended March 31, 1998 in accordance with the accounting policies set out in Note 2 to the financial statement

Richard Flageole, FCA Assistant Auditor General for the Auditor General of Canada

NOTES TO THE STATEMENT OF OPERATIONS

1. Authority and purpose

The National Round Table on the Environment and the Economy (Round Table) was established in 1994 under the National Round Table on the Environment and the Economy Act and is a departmental corporation under Schedule II of the Financial Administration Act. The Round Table fulfills its objective of promoting sustainable development, and the integration of environment and economy in decisionmaking in all sectors, by conducting studies, organizing multistakeholder "dialogues" on specific issues and economic sectors, providing advice, carrying out educational and communication activities, and by acting as a catalyst for change. Its operating expenditures are funded mainly by a lapsing authority, and to a lesser extent, from cost recovery and cost sharing for specific activities. Employee benefits are authorized by statutory authorities.

2. Significant accounting policies

The statement of operations has been prepared in accordance with the reporting requirements and standards established by the Receiver General for Canada for departmental corporations. The most significant accounting policies are as follows:

(a) Expenditure recognition

All expenditures are recorded on the accrual basis with the exception of vacation pay which is recorded on cash basis.

(b) Revenue recognition

Revenue is recorded on the cash basis.

(c) Capital purchases

Acquisitions of capital assets are charged to operating expenditures in the year of purchase.

(d) Services provided without charge by Government

Estimates of amounts for services provided without charge from Government departments are included in expenditures.

(e) Refunds of previous years' expenditures

Refunds of previous years' expenditures are recorded as revenues when received, and are not deducted from expenditures.

National Round Table on the Environment and the Economy—Continued

NOTES TO THE STATEMENT OF OPERATIONS—Continued

(f) Public Service Superannuation Plan

Employees participate in the Public Service Superannuation Plan administered by the Government of Canada. The employees and the Round Table contribute equally to the cost of the Plan. The Round Table's contributions are recorded as expenditure in the year they are made and they represent the total pension obligation of the Round Table under the plan.

3. Parliamentary appropriations

7 11 1	1998	1997
	\$	\$
Privy Council—Vote 30	3,118,000 167,370	3,106,000 189,650
Lapsed	3,285,370 27,674	3,295,650 251,756
	3,257,696	3,043,894

Net cost of operations	3,605,395	3,309,620

4. Specified purpose account

When the Round Table was created, a specified purpose account was established pursuant to section 21 of the Financial Administration Act, to record grants and donations received from third parties, and expenses incurred to do various studies related to the principles of sustainable development in Canada and internationally. This account is also used to reflect financial transactions of the Canadian chapter of the LEAD (Leadership for Environment and Development) International training program. These receipts and expenses are not included in the statement of operations of the Round Table. The unspent balance in this account is carried forward for future use.

	1998	1997
	\$	\$
Balance at beginning of year	43,957 666,755	70,594 353,677
Expenses	710,712 464,513	424,271 380,314
Balance at end of year	246,199	43,957

5. Inventory of publications intended for sale

Effective May 28, 1996, the Round Table began a costrecovery program for its publications. Canadian distribution is done through a distributor who is entitled to a 50 percent commission fee on the sale price of each publication sold. Inventory of publications intended for sale is valued at net realizable value.

	1998	1997
	\$	\$
Inventory at beginning of year	140,243	82,348
Add: New publications produced	124,491	68,672
Less: Sales	13,368	10,777
Inventory at end of year	251,366	140,243

6. Capital assets and accumulated amortization

The accounting policies of the Government of Canada do not require the capitalization of capital assets. However, internal controls are maintained to safeguard assets and they are amortized over their useful lives of five years using the straight-line method.

Capital assets at cost	March 31, 1997	Acquisitions	Disposal	March 31, 1998
	\$	\$	\$	\$
Informatics equipment. Office furniture and	208,638	24,397	3,049	229,986

National Round Table on the Environment and the Economy—Concluded

NOTES TO THE STATEMENT OF OPERATIONS—

7. Liabilities

As of March 31, liabilities are as follows:

713 01 11111111 0 1 7		
	1998	1997
	\$	\$
(a) Accounts payable and accrued charges		
Accounts payable	407,459	444,726
Accrued salaries	37,907	41,142
	445,366	485,868
and the state of		
(b) Other liabilities Accrued vacation pay	44,889	22,074
	1.1	

The cost represented by the accounts payable and accrued charges are reflected as expenditures in the statement of operations or as expenses of the specified purpose account wherever they are applicable.

The costs associated with accrued vacation pay are not included in the statement of operations. These costs are recognized only when paid (see note 2a).

8. Uncertainty Due to the Year 2000 Issue

The Year 2000 Issue arises because many computerized systems use two digits rather than four to identify a year. Date-sensitive systems may recognize the year 2000 as 1900 or some other date, resulting in errors when information using year 2000 dates is processed. In addition, similar problems may arise in some systems which use certain dates in 1999 to represent something other than a date. The effects of Year 2000 Issue may be experienced before, on, or after January 1, 2000 and, if not addressed, the impact on operations and financial reporting may range from minor errors to significant systems failure which could affect an entity's ability to conduct normal business operations. It is not possible to be certain that all aspects of the Year 2000 Issue affecting the Round Table, including those related to the efforts of suppliers, federal Government, or other third parties, will be fully resolved.

Natural Sciences and Engineering Research Council

MANAGEMENT REPORT

We have prepared the accompanying financial statement of the Natural Sciences and Engineering Research Council in accordance with the reporting requirements and standards of the Receiver General for Canada. This financial statement was prepared in accordance with the significant accounting policies set out in Note 2 of the statement on a basis consistent with that of the preceding year. Some previous year figures have been reclassified to conform to current year's presentation.

Responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Council. The information included in the financial statement is based on management's best estimates and judgements with due consideration to materiality. To fulfill these accounting and reporting responsibilities, the Council maintains a set of accounts which provides a centralized record of the Council's financial transactions. Financial information contained in the ministerial statements and elsewhere in the *Public Accounts of Canada* is consistent with this financial statement, unless indicated otherwise.

The Council's Common Administrative Services Directorate develops and disseminates financial management and accounting policies, and issues specific directives which maintain standards of accounting and financial management. The Council maintains systems of financial management and internal control which gives due consideration to costs. benefits and risks. They are designed to provide reasonable assurance that transactions are properly authorized by Parliament and are executed in accordance with prescribed regulations, and are properly recorded so as to maintain accountability of Government funds and safeguard the Council's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs. The Council also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

Management presents this financial statement to the Auditor General of Canada who audits it and provides an independent opinion which has been appended to this financial statement.

The accounting system and financial statement of the Council have evolved over the years to meet the changes in the structure of the grants and scholarships programs and to give improved reporting and control of expenditures relating to those programs.

AUDITOR'S REPORT

TO THE NATURAL SCIENCES AND ENGINEERING RESEARCH COUNCIL AND

THE MINISTER OF INDUSTRY

I have audited the statement of operations of the Natural Sciences and Engineering Research Council for the year ended March 31, 1998. This financial statement is the responsibility of the Council's management. My responsibility is to express an opinion on this financial statement based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, this financial statement presents fairly, in all material respects, the results of operations of the Council for the year ended March 31, 1998 in accordance with the accounting policies set out in Note 2 to the financial statement.

Natural Sciences and Engineering Research Council—Continued

NOTES TO THE STATEMENT OF OPERATIONS

1. Authority and objective

The Natural Sciences and Engineering Research Council (NSERC) was established in 1978 by the Natural Sciences and Engineering Research Council Act, and is a departmental corporation named in Schedule II to the Financial Administration Act. Its objective is to promote and support both research and the provision of highly qualified personnel in the natural sciences and engineering. The Council's grants and scholarships, operating and administrative expenditures are funded by budgetary lapsing authorities. Employee benefits are authorized by statutory authorities.

2. Significant accounting policies

The statement of operations has been prepared in accordance with the reporting requirements and standards established by the Receiver General for Canada for departmental corporations. The most significant accounting policies are as follows:

(a) Expenditure recognition

Grants and scholarships are charged to expenditures when the entitlement of the recipient has been established, the commitment has been authorized and approved for payment before the end of the fiscal year. All operating and administrative expenditures are recorded on the accrual basis, with the exception of vacation pay, compensatory leave and termination benefits which are recorded on a cash basis.

(b) Capital purchases

Acquisitions of capital assets are charged to operating and adminstrative expenditures in the year of purchase.

(c) Services provided without charge by other Government departments and agencies

Estimates of amounts for services provided without charge by other Government departments and agencies are included in the operating and administrative expenditures.

(d) Refunds of previous years' expenditures

Refunds of previous years' expenditures are recorded as revenue when received and are not deducted from expenditures. These funds are remitted to the Receiver General for Canada.

(e) Contributions to the Public Service Superannuation Plan

Employees participate in the Public Service Superannuation Plan administered by the Government of Canada. The employees and the Council contribute equally to the cost of the Plan. Council's contributions are charged to expenditures on a current basis.

The Council is not required under present legislation to make contributions with respect to actuarial deficiencies of the Public Service Superannuation Account.

3. Changes in financial statement presentation

The presentation of operating expenditures has been revised in order to better reflect their nature. Expenditures are now shown under operating and administrative groupings but the total operating expenditures are not affected.

4. Parliamentary appropriations

The net cost of operations is provided by Parliamentary appropriations. These appropriations are recorded when used and any amounts not used lapse. Appropriations are as follows:

	1998	1997
	(in thousand	ls of dollars)
Industry		
Grants and scholarships		
Main Estimates		
Vote 90 (Vote 100 in 1997)	417,164	432,737

NOTES TO THE STATEMENT OF OPERATIONS—Concluded

 Grants, scholarships and other expenditures administered and disbursed for government departments and agencies and organizations outside the government

Grants, scholarships and other expenditures administered and disbursed by the Council on behalf of government departments and agencies and organizations outside the government, which are not included in the statement of operations, are detailed in schedule I. Most of these disbursements are made by the Council from funds entrusted to it by government departments and agencies during the year.

The Council held grant and scholarship funds in trust for two organizations (NATO and Atomic Energy of Canada Limited (AECL)).

Social Sciences and Humanities Research Council

MANAGEMENT REPORT

We have prepared the accompanying financial statement of the Social Sciences and Humanities Research Council in accordance with the reporting requirements and standards of the Receiver General for Canada. This financial statement was prepared in accordance with the significant accounting policies set out in Note 2 of the statement on a basis consistent with that of the preceding year. Some previous year figures have been reclassified to conform to current year's presentation.

Responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Council. In order to assure maximum objectivity and freedom from bias, the financial data contained in this financial statement has been examined by the Audit Committee of the Council.

The information included in the financial statement is based on management's best estimates and judgements with due consideration given to materiality. To fulfill these accounting and reporting responsibilities, the Council maintains a set of accounts which provides a centralized record of the Council's financial transactions. Financial information contained in the ministerial statements and elsewhere in the *Public Accounts of Canada* is consistent with this financial statement, unless indicated otherwise.

The Council's Common Administrative Services Directorate develops and disseminates financial management and accounting policies, and issues specific directives which maintain standards of accounting and financial management. The Council maintains systems of financial management and internal control which give due consideration to costs, benefits and risks. They are designed to provide reasonable assurance that transactions are properly authorized by Parliament and are executed in accordance with prescribed regulations, and are properly recorded so as to maintain accountability of Government funds and safeguard the Council's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs. The Council also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

Management presents this financial statement to the Auditor General of Canada who audits it and provides an independent opinion which has been appended to this financial statement.

The accounting system and financial statement of the Council have evolved over the years to meet changing conditions and to give improved reporting and control of expenditures.

Social Sciences and Humanities Research Council—Continued

NOTES TO THE STATEMENT OF OPERATIONS

1. Authority and objective

The Social Sciences and Humanities Research Council (SSHRC) was established in 1977 by the Social Sciences and Humanities Research Council Act and is a departmental corporation named in Schedule II to the Financial Administration Act. The objective of the Council is to promote and assist research and scholarship in the social sciences and humanities.

The grants and fellowships, operating and administrative expenditures are funded by budgetary lapsing authorities. Employee benefits are authorized by statutory authorities.

2. Significant accounting policies

The statement of operations has been prepared in accordance with the reporting requirements and standards established by the Receiver General for Canada for departmental corporations. The most significant accounting policies are as follows:

(a) Expenditure recognition

Grants and fellowships are charged to expenditures when the entitlement of the recipient has been established, the commitment has been authorized and approved for payment before the end of the fiscal year. Operating and administrative expenditures are recorded on an accrual basis, except for vacation pay, compensatory leave and termination benefits which are recorded on a cash basis.

(b) Capital purchases

Acquisitions of capital assets are recorded as operating and administrative expenditures in the year of purchase.

(c) Services provided without charge by other Government departments and Agencies

Estimates of amounts for services provided without charge by other Government departments and Agencies are included in operating and administrative expenditures.

(d) Refunds of previous years' expenditures

Refunds of previous years' expenditures are recorded as revenue when received and are not deducted from expenditures. These funds are remitted to the Receiver General for Canada. (e) Contributions to the Public Service Superannuation Plan

Employees participate in the Public Service Superannuation Plan administered by the Government of Canada. The employees and the Council contribute equally to the cost of the Plan. Council's contributions are charged to expenditures on a current basis.

The Council is not required under present legislation to make contributions with respect to actuarial deficiencies of the Public Service Superannuation Account.

3. Changes in financial statement presentation

The presentation of operating expenditures has been revised in order to better reflect their nature. Expenditures are now shown under operating and administrative groupings but the total operating expenditures are not affected.

Amounts received from joint initiatives are now deducted from the grants and fellowships expenditures in order to present only the Council's net cost of operations. The 1997 grants and fellowships expenditures have thus been reduced by \$279,000.

Finally, the classification of grants and fellowships has been revised in order to group programs according to their nature and to reflect the organizational structure.

Social Sciences and Humanities Research Council—Concluded

NOTES TO THE STATEMENT OF OPERATIONS—

4. Parliamentary appropriations

The net cost of operations is provided by Parliamentary appropriations. These appropriations are recorded when used and any amount not used lapses. Appropriations are as follows:

tions are as follows.	1998	1997
	(in thousands	of dollars)
Industry		
Grants and fellowships		
Main Estimates Vote 100 (Vote 110 in 1997)	87,152	83,426
Add:		353
Supplementary Estimates (B) Less: grants and fellowships expenditures	(87,152)	(83,779)
Grants and fellowships lapse		
Main Estimates Vote 95 (Vote 105 in 1997)	6,512	7,143
Add: Supplementary Estimates (A)		358
Supplementary Estimates (B)	357	46
Less: Operating and adminstrative expenditures.	(6,810)	(7,295)
Operating and administrative lapse	59	252
Statutory contributions to employee benefit plans	758	702
Total use of appropriations	94,720	91,776
Add: services provided without charge by other Government departments	1,513	1,541
Less: non-tax revenue	(242)	(556)
let cost of operations	95,991	92,761

5. Trust Funds

(a) Queen's Fellowship Fund

The Queen's Fellowship Fund consists of \$250,000 which has been deposited in an interest bearing trust account. The interest earned is used for fellowships to graduate students in certain fields of Canadian studies. The operations of the Fund, which are not included in the statement of operations, were as follows:

	1998	1997
	(in thousands	of dollars)
Balance, beginning of year	257 8 (15)	266 9 (18)
Balance, end of year, represented by deposits in the Consolidated Revenue Fund, in the name of the Council	250	257

(b) Special Trust Fund

This Trust Fund was established for the receipt and disbursement of private donations for the purpose of special projects in the field of social sciences and humanities research activities. The operations of this special trust fund, which are not included in the statement of operations, were as follows:

	1998	1997
	(in thousands	of dollars)
Balance, beginning of year	24	9
Add: donations received and interest earned	226 (20)	35 (20)
Balance, end of year, represented by deposits in the Consolidated Revenue Fund in the name of the Council	230	24

6. Commitments

Payment of grants and fellowships extending in future years are subject to the provision of funds by Parliament. Future years awards adjudicated prior to March 31, 1998 are payable as follows:

• •	(in thousands of dollars)
1999	69,042 48,949
Subsequent years	29,551
	147,542

7. Uncertainty due to the Year 2000 Issue

The Year 2000 Issue arises because many computerized systems use two digits rather than four to identify a year. Date-sensitive systems may recognize the year 2000 as 1900 or some other date, resulting in errors when information using year 2000 dates is processed. In addition, similar problems may arise in some systems which use certain dates in 1999 to represent something other than a date. The effects of the Year 2000 Issue may be experienced before, on, or after January 1, 2000 and, if not addressed, the impact on operations and financial reporting may range from minor errors to significant systems failure which could affect an entity's ability to conduct normal business operations. It is not possible to be certain that all aspects of the Year 2000 Issue affecting the entity, including those related to the efforts of customers, suppliers, or other third parties, will be fully resolved.

⁽¹⁾ Formerly Customs Tariff (section 101).

Debts, obligations and claims written off or forgiven

The categories of approval/authority for the write-off, forgiveness or remission of debts, obligations and claims are as follows:

- (i) Ministerial approval represents authority given to Ministers under the Financial Administration Act (FAA) or other Acts of Parliament as described in (i) (a), (b) and (c)—
 - (a) Section 25(1) of the FAA gives Ministers, pursuant to Treasury Board Debt Write-off Regulations, general authority to approve the write-off, from memorandum departmental accounts receivable, of any debt, obligation or claim other than overpayment of salaries, wages, or employment related allowances and accountable advances.
 - (b) Section 155.1(4) of the FAA gives Ministers, through Treasury Board regulations, authority to waive interest on overdue amounts owing to Her Majesty and to waive administrative charges for dishonoured instruments (i.e. NSF cheques) imposed under Section 155.1 of the FAA.
 - (c) Other Acts of Parliament (eg. Bankruptcy and Insolvency Act) give Ministers general authority to approve the write-off or forgiveness of specific debts, obligations or claims.

- (ii) Treasury Board approval— Section 25(1) of the FAA allows a Minister, with specific Treasury Board approval, to write-off, from memorandum departmental accounts receivable, any debt, obligation or claim that pertains to overpayment of salaries, wages or employment-related allowances and accountable advances.
- (iii) Governor in Council and Parliamentary authority-
 - (a) Section 23(2.1) of the FAA states that the Governor in Council may, on the recommendation of the Treasury Board, remit any other debt, including any interest paid or payable thereon, where the Governor in Council considers that the collection of the other debt is unreasonable or unjust or that it is in the public interest to remit the other debt.
 - (b) Section 24.1 of the FAA requires that where a debt or obligation included in the Statement of Assets and Liabilities of Canada or due by a Crown corporation is to be forgiven, and which would result in a charge to an appropriation, the amount to be forgiven must be authorized pursuant to an Act of Parliament, including an Appropriation Act.
 - (c) Section 25(2) of the FAA requires that where a debt, obligation or claim included in the Statement of Assets and Liabilities of Canada is to be written off, the write-off must be authorized by Parliament as a budgetary item in an Appropriation Act or some other Act.

Statement of accounts receivable for tax revenues

In accordance with its accounting policies, the Government generally reports tax revenues in the year in which they are received. Amounts representing billed and uncollected, or unbilled and accrued financial claims arising from amounts owed for self-assessed taxes are not recorded as accounts receivable in the accounts of Canada, nor are they reported as assets on the Statement of Assets and Liabilities. These amounts are controlled through memorandum accounts maintained by Government bodies.

In the following table, the column External accounts receivable represents tax revenues receivable from outside the Government. Tax revenues do not include amounts for assessed taxes, which are being formally disputed by taxpayers. The column Allowance for doubtful accounts relates to the total tax revenues receivable scheduled for write-off or forgiveness; plus an allowance for doubtful

accounts based on the best estimate of amounts which may not be collected. The column Internal accounts receivable represents tax revenues receivable from Government bodies. Since these amounts do not represent cash to be received they are not included in the total net accounts receivable. A Government body is an organization which is part of the Government of Canada as a reporting entity.

Accounts receivable written-off or forgiven are included in Section 3 of this volume (Statement of debts, obligations and claims written-off or forgiven).

Accounts receivable for non-tax revenues and revenues netted against expenditures are recorded in the accounts of Canada and reported as an asset in the Statement of Assets and Liabilities. Details of the balances for these accounts receivable are included in Section 7 of Volume I.

STATEMENT OF ACCOUNTS RECEIVABLE FOR TAX REVENUES AS AT MARCH 31 (in thousands of dollars)

		1998					
Categories of accounts receivable for tax revenues	External accounts	Allowance for doubtful accounts	Net accounts receivable	Internal accounts receivable	Net accounts receivable

PROFESSIONAL AND SPECIAL SERVICES

The following statement presents the total amount spent in the current fiscal year for each main classification of services by department and agency under each ministry. Amounts reported include both internal and external expenditures. Whereas external expenditures result from transactions between the Government and outside parties, internal expenditures result from transactions involving organizations that are part of the Government of Canada as a reporting entity.

Certain information not published in the *Public Accounts* of *Canada* is available on request only. To obtain a copy of this information, please refer to the Unpublished Information Request Form included at the beginning of this volume or contact Public Works and Government Services Canada at (819) 956-8551 if the form has been removed from the volume. This information includes for each Government program:

- the total amount spent in the current fiscal year;

- the total amount spent for each main classification of services; and,
- a detailed listing for each main classification of services
 of the aggregate of all payments (i.e. cash payments and
 accrual charges) to one individual or one organization
 that totals \$100,000 or over. Details include the name
 and location of the payee together with the total amount
 paid.

PUBLIC ACCOUNTS OF CANADA

Construction or Acquisition of Land, Buildings and Works

	Page
instruction or acquisition of land, buildings and works	62

CONSTRUCTION OR ACQUISITION OF LAND, BUILDINGS AND WORKS

The following statement presents the total amount spent in the current fiscal year by department and agency under each ministry. Amounts reported include both internal and external expenditures. Whereas external expenditures result from transactions between the Government and outside parties, internal expenditures result from transactions involving organizations that are part of the Government of Canada as a reporting entity.

Certain information not published in the *Public Accounts* of *Canada* is available on request only. To obtain a copy of this information, please refer to the Unpublished Information Request Form included at the beginning of this volume or

contact Public Works and Government Services Canada at (819) 956-8551 if the form has been removed from the volume. This information includes for each Government program:

- the total amount spent in the current fiscal year; and,
- details for contracts of \$250,000 or over (\$25,000 or over for cost plus contracts). Such details include the name and location of the contractor, a brief description and location of the project, the amount contracted, the current year's expenditures (i.e. cash payments and accrual charges) and the total expenditures to date.

Transfer Payments

	Page
Transfer payments	8.2

TRANSFER PAYMENTS

The following statement presents the total amount spent as transfer payments in the current fiscal year by department and agency under each ministry. A transfer payment is a grant, contribution or other payment made by the Government for which no goods or services are received. Amounts reported include both internal and external expenditures. Whereas external expenditures result from transactions between the Government and

outside parties, internal expenditures result from transactions involving organizations that are part of the Government of Canada as a reporting entity.

Certain information not published in the *Public Accounts* of *Canada* is available on request only. To obtain a copy of this information, please refer to the Unpublished Information Request Form included at the beginning of this volume or

contact Public Works and Government Services Canada at (819) 956-8551 if the form has been removed from the volume. This information includes for each Government program:

- the total amount spent in the current fiscal year;
- the total amount paid to a recipient or class of recipients; and,
- a detailed listing for each class of recipients of the aggregate of all payments (i.e. cash payments and accrual charges) to a recipient that totals \$100,000 or over. Details include the name and location of the recipient together with the total amount paid.

PUBLIC ACCOUNTS OF CANADA, 1997-98

PUBLIC DEBT CHARGES

Public debt charges include:

- the interest on unmatured debt and on pension and other accounts;
- the amortization of premiums, discounts and commissions on unmatured debt; and,
- the servicing costs and costs of issuing new borrowings.

The following statement presents details of current year's public debt charges.

EX GRATIA PAYMENTS

This statement provides, by ministry and program, details for all ex gratia payments of \$100 or over. Payments of less than \$100 are reported as one amount at the end of each program, together with the total number of such payments.

For the purposes of this statement, an ex gratia payment is a discretionary payment, made as an act of benevolence in the public interest, free of any legal obligation, whether or not any value or service has been received.

FEDERAL-PROVINCIAL SHARED-COST PROGRAMS

This statement presents, by province and territory, and for each federal-provincial shared-cost program, the current year and previous year expenditures and the expenditures from inception of the program. Programs are reported year after year until completion, and this even if there is no expenditure in a given year.

An (f) adjacent to the total expenditures from inception indicates the programs completed in the current year. In this statement, amounts in roman type represent current year expenditures, amounts in **bold face** type represent previous year expenditures and amounts in *italic* type represent expenditures from inception.

Amounts in roman type are 1997-98 expenditures.

Amounts in **bold face** type are 1996-97 expenditures.

Amounts in *italic* type are expenditures from inception (including 1997-98 expenditures).

Amounts shown in the following footnotes are in thousands of dollars.

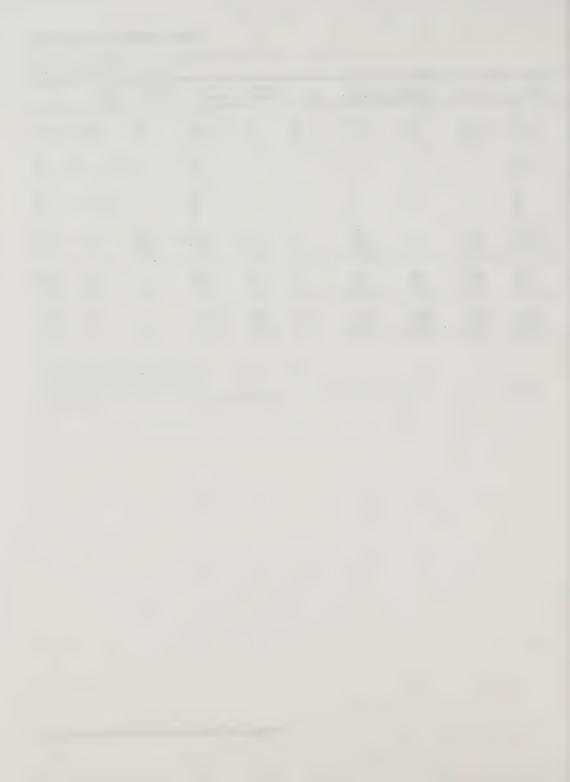

(1) Amends previous year's Public Accounts of Canada.

(2) An amount of \$16,641 (\$15,968 in 1996-97) was issued to the Council of Ministers of Education (Canada). These funds are then redistributed to all provinces.

(3) This program was previously reported under Human Resources Development.

(6) Program completed.

PRIVY COUNCIL					
Department					
Indian Specific Claims Commission	206,750	202,498	179,199	2,929,184	3,517,631
This Commission was established by Order in Council (PC 1991-1329 dated July 15, 1991) pursuant to Part 1 of the Inquiries Act. The Commission conducts impartial inquiries when a First Nation disputes rejection of their specific claim by the Minister of Indian Affairs and Northern Development, or when a First Nation disagrees with the compensation criteria used by the government in negotiating the settlement of their claim.					
Royal Commission on Aboriginal				53,407	53,407
Peoples				33,101	00,
This Commission was established by Order in Council (PC 1991-1597 dated August 26, 1991) pursuant to Part I of the Inquiries Act. The Commission's mandate was to investigate all aspects of contemporary life for Aboriginal people in Canada and the evolution of the relationship between Aboriginal peoples (Indian, Inuit and Métis), the Government of Canada and Canadian society as a whole. The final report was submitted on November 22, 1996.					
Commission of Inquiry on the			04.621	2 222 665	2.327.34
Blood System in Canada			94,681	2,232,665	2,321,34

This Commission was established by Order in Council (PC 1993-1879 dated October 4, 1993) pursuant to Part 1 of the Inquiries Act. The Commission's mandate was to review and report on the mandate, organization, management, operations, financing and regulation of all activities of the blood system in Canada, including the events surrounding the contamination of the blood system in Canada in the early 1980s. The final report was submitted on November 26, 1997.

Commission of Inquiry into the Deployment						
of Canadian Forces to Somalia	24,500	21,510	113,390	4,492,024	4,651,4 24	
This Commission was established by Order in Council (PC 1995-442 dated March 20, 1995) pursuant to Part I of the Inquiries Act. The Commission's mandate was to inquire into and report on the chain of command system, leadership within the chain of command, discipline, operations, actions and decisions of the Canadian Forces and the actions and decisions of the Department on National Defence in respect of the Canadian Forces deployment to Somalia and, to inquire into various matters related to the pre-deployment, in-theatre and post-deployment phases of the Somalia action. The final report was submitted on July 2, 1997.						
Commission to Review Allowances of						
Members of Parliament	20,000	18,540	5,891	304,493	348,924	
This Commission was established by Order in Council (PC 1997-1101 dated July 31, 1997) pursuant to section 68 of the Parliament of Canada Act. The Commission's mandate was to inquire into the adequacy of the annual variations of sessional allowances to members of the Senate and the House of Commons and other allowances payable to them and to report thereon to the Governor in Council, in both official languages, with such recommendations as they consider appropriate, within six months of the date of their appointment. The report was tabled on February 4, 1998.						
Commissions of Inquiry - Related						
Legal Costs				17,926	17,926	
Legal costs for Intervenor participation associated with the Commission of Inquiry on the Blood system in Canada and other related costs associated with the Commission of Inquiry into the Deployment of Ca- nadian Forces to Somalia.

Education costs

This statement provides details of education costs incurred in the current year. For the purpose of this statement, an education cost represents the cost of any long-term education activity. A long-term education activity is any training or development activity given to a Government employee and

conducted at an educational institution outside of the Public Service that amounted or will amount to a total of 65 working days or more over a maximum period of three (3) years, or that involved or will involve total expenditures in excess of \$25,000 (including salary).

Travel expenses of ministers and parliamentary secretaries

This statement provides details of the travel expenses of ministers and parliamentary secretaries incurred in the current year while on official departmental business. For the purpose of this statement, travel expenses include transportation, accommodation, meals and other expenses. The following items are excluded from this statement:

- travel expenses of ministers' staff, or of other persons travelling with ministers and parliamentary secretaries;
- hospitality costs extended on behalf of the Government where it is considered to be essential, as a matter of courtesy, or to facilitate the conduct of Government business;
- travel expenses of Members of the House of Commons serving on various parliamentary committees;

- any moving, transportation and travel expenses paid for by the House of Commons on behalf of its Members. These expenses are reported in a separate statement in Section 13 of this volume entitled "House of Commons -Statement of sessional and expense allowances, and of travel expenses paid in 1997-98":
- any Department of National Defence charges for the use of Government aircraft; and
- any travel expenses of Members of the House of Commons for Canadian representation at international conferences and meetings. These expenses are reported in a separate statement in Section 13 of this volume entitled "Foreign Affairs and International Trade - Travel expenses for Canadian representation at international conferences and meetings".

⁽²⁾ These payments and expenses are charged to a statutory spending authority called "Payments of compensation respecting Government employees (Government Employees Compensation Act) and merchant seamen (Merchant Seamen Compensation Act)" (refer to the Ministry Summary in Section 11 of Volume II (Part I)).

(2) Includes the net payments of compensation respecting:

(a) Government employees (Government Employees Compensation Act); (b) merchant seamen (Merchant Seamen Compensation Act); and

(c) employees of mines now operated by Cape Breton Development Corporation who contracted silicosis prior to acquisition of mines by the Corporation.

(Represents the federal Government's net share of administration expenses of provincial workers' compensation boards.

The claims of Federal employees eligible for compensation are dealt with and paid by the provincial workers' compensation boards from funds advanced by the federal Government. federal Government.

Claims of employees resident in the Northwest Territories are processed by the Workers' Compensation Board of Alberta.
